

leaders) will be interviewed. In addition, depending on the tool or toolkit selected, up to two prescribing clinicians, two nurses, or two residents or family members might be interviewed after the 6-month intervention period is completed. No more than six individuals per nursing home will be

interviewed for a total of 60 interviewees. Interviews may take place together.

The information described above will be used to evaluate the Guide and, if found to be effective, develop a wide-spread dissemination plan for the Guide.

Estimated Annual Respondent Burden

Exhibit 1 shows the estimated annualized burden hours for the respondents' time to participate in this information collection.

EXHIBIT 1—ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Hours per response	Total burden hours
Passive TA Collection Protocol	20	3	20/60	20
General Review of the Guide	20	1	2	40
Pre-intervention interview protocol	20	1	1	20
Proactive TA discussion protocol	20	6	30/60	60
Post-intervention interview protocols	60	1	1	60
Total	140	na	na	200

EXHIBIT 2—ESTIMATED ANNUALIZED COST BURDEN

Form name	Number of respondents	Total burden hours	Average hourly wage rate *	Total cost burden
Passive TA Collection Protocol	20	20	\$30.34	\$607
General review of the Guide	20	40	30.34	1,214
Pre-intervention interview protocol	20	20	30.34	607
Proactive TA discussion protocol	20	60	30.34	1,820
Post-intervention interview protocols	60	60	30.34	1,820
Total	140	200	na	6,068

* National Compensation Survey: Occupational wages in the United States May 2013, "U.S. Department of Labor, Bureau of Labor Statistics." We used an average across the following types of staff: Nursing home registered nurses (\$29.81) 29–1141, nursing home licensed practical/vocational nurses (\$21.14) 29–2061, and nursing home administrator (\$40.07) 11–9111. Our average was created by adding each of these three and dividing by three for the average. Request for Comments

In accordance with the Paperwork Reduction Act, comments on AHRQ's information collection are requested with regard to any of the following: (a) Whether the proposed collection of information is necessary for the proper performance of AHRQ health care research and health care information dissemination functions, including whether the information will have practical utility; (b) the accuracy of AHRQ's estimate of burden (including hours and costs) of the proposed collection(s) of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information upon the respondents, including the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the Agency's subsequent request for OMB approval of the proposed information collection. All

comments will become a matter of public record.

Dated: August 20, 2014.

Richard Kronick,
AHRQ Director.

BILLING CODE 4160–90–M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[Docket No. CDC–2012–0013]

Notice of Availability of the Final Environmental Impact Statement

AGENCY: Centers for Disease Control and Prevention, HHS.

ACTION: Notice of Availability and Request for Comment.

SUMMARY: The Centers for Disease Control and Prevention (CDC), within the Department of Health and Human Services (HHS), announces the

availability of the Final Environmental Impact Statement (FEIS) for the Roybal Campus 2025 Master Plan. The FEIS analyzes the potential impacts associated with the implementation of the 2015–2025 Master Plan (Master Plan) for HHS/CDC's Edward R. Roybal Campus (Roybal Campus) located at 1600 Clifton Road NE., in Atlanta, Georgia. This announcement follows the requirements of the National Environmental Policy Act of 1969 (NEPA) as implemented by the Council on Environmental Quality (CEQ) Regulations (40 CFR Part 1500–1508); and, the Department of Health and Human Services (HHS) General Administration Manual Part 30 Environmental Procedures, dated February 25, 2000.

DATES: The FEIS will be available for public review and comment through Monday, October 6, 2014 which coincides with the publication of the NOA by the EPA in the **Federal Register**. Following the 30 day comment period, HHS/CDC will issue a Record of Decision which identifies the Selected

Alternative and provides rationale for the decision. Written comments must be received on or before Monday, October 6, 2014.

ADDRESSES: The FEIS is available on the *Federal eRulemaking Portal*: <http://www.regulations.gov>, identified by Docket No. CDC-012-0013. Hard copies of the FEIS are also available for review at locations listed in the Availability of the FEIS under **SUPPLEMENTARY INFORMATION**.

You may submit written comments identified by Docket No. CDC-2012-0013, by the following methods:

- *Federal eRulemaking Portal*: <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail*: George F. Chandler, Senior Advisor, Centers for Disease Control and Prevention, 1600 Clifton Road NE., Mailstop A-22, Atlanta, Georgia 30333.

Instructions: All submissions received must include the agency name and Docket Number. All relevant comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. For access to the docket, to read background documents or previous comments received, go to <http://www.regulations.gov>.

Final comments on the FEIS must be postmarked by Monday, October 6, 2014.

FOR FURTHER INFORMATION CONTACT:

George F. Chandler, Senior Advisor, Centers for Disease Control and Prevention, 1600 Clifton Road NE., Mailstop A-22, Atlanta, Georgia 30333. Telephone: (404)639-5153.

SUPPLEMENTARY INFORMATION: HHS/CDC has prepared a new long-range Master Plan to guide the future physical development of the Roybal Campus for the planning horizon of 2015 to 2025. The previous 2000-2009 Master Plan has been implemented, and as a result, a new plan is needed in order to ensure that the campus can support HHS/CDC's mission and program requirements through 2025. Mission change and growth resulting from emerging or reemerging infectious diseases, changes in technology and potential Program staff growth over time are expected to drive increases in laboratory and non-laboratory staff and demand for specialized space. The Master Plan provides an update of baseline existing conditions and examines the potential growth in agency mission, laboratory and laboratory support space, office space and personnel occupying the Roybal Campus, and identifies a preferred alternative for future development.

The FEIS analyzes the effects of the Proposed Action and the No Action Alternative. The Proposed Action Alternative consists of HHS/CDC's implementation of the Master Plan preferred alternative. Improvements proposed under the Master Plan preferred alternative include new laboratory construction, existing building renovation, parking expansion, and infrastructure upgrades. Under the Master Plan preferred alternative, a new laboratory building of approximately 350,000 to 450,000 gross square feet would be constructed on an existing surface parking lot located in the eastern portion of the Roybal Campus. A new approximately 1,600 space parking deck would be constructed in the southeastern portion of the campus. Construction of the new parking deck, along with the new laboratory and supporting infrastructure would eliminate an existing surface parking and result in a net increase of approximately 1,200 parking spaces at the Roybal Campus. The construction of the new parking deck would increase the existing campus parking cap from 3,300 to approximately 4,500 spaces. The employee population at the Roybal Campus is estimated to increase by approximately 1,485 new occupants under the Master Plan preferred alternative by 2025.

The No Action Alternative represents continued operation of the existing facilities at the Roybal Campus without any new construction or any major building additions over the ten-year planning period from 2015 to 2025. However, the employee population at the Roybal Campus is projected to increase by approximately 865 new occupants under the No Action Alternative due to potential background growth of existing Campus programs.

The DEIS for the Roybal Campus 2025 Master Plan was issued for public review in January of 2014. The DEIS was filed with the EPA the week of January 13, 2014 through January 17, 2014 and a Notice of Availability (NOA) for the DEIS was published in the **Federal Register** on January 24, 2014 by the EPA. The public review period for the DEIS extended to April 10, 2014. During the public comment period, a public meeting was held on March 20, 2014. HHS/CDC received 24 sets of comments addressing the DEIS, with a total of 111 individual comments. HHS/CDC reviewed and considered all comments that were received during the public review period. All comments and HHS/CDC's response to comments are contained in the FEIS. Portions of the FEIS were revised in response to comments which called for

clarifications or factual changes. Additional mitigation related to potential visual impacts were incorporated in response to public comments.

Availability of the FEIS: Copies of the FEIS were distributed to Federal, State, and local government agencies with jurisdiction by law or expertise, elected officials and all agencies, persons and organizations that submitted comments on the DEIS.

The FEIS is also available online on the *Federal eRulemaking Portal*: <http://www.regulations.gov>, identified by Docket No. CDC-2012-0013. Copies of the FEIS are available at the following locations: Decatur Library, 215 Sycamore Street, Decatur, GA 30030; Toco Hill-Avis G. Williams Library, 1282 McConnell Drive, Decatur, GA 30030; Atlanta-Public Library Ponce de Leon Branch, 980 Ponce de Leon Ave. NE., Atlanta, GA 30306; Atlanta-Public Library—Central Library, One Margaret Mitchell Square, Atlanta, GA 30303; Atlanta-Public Library—Kirkwood Branch, 11 Kirkwood Rd. NE., Atlanta, GA 30317; and, Emory University-Robert W. Woodruff Library, 540 Asbury Cir., Atlanta, GA 30322.

Dated: September 2, 2014.

Ron A. Otten,

Acting Deputy Associate Director for Science, Centers for Disease Control and Prevention.

Agency Information Collection Activities: Submission for OMB Review; Comment Request

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice.
