

objectives are to: (1) Increase water supply reliability and system operational flexibility for agricultural, municipal and industrial (M&I), and environmental purposes in the Friant Division, other San Joaquin Valley areas, and other regions; and (2) enhance water temperature and flow conditions in the San Joaquin River downstream from Friant Dam for salmon and other fish. The secondary objectives are to: (1) Reduce flood damages downstream from Friant Dam; (2) maintain the value of hydropower attributes; (3) maintain and increase recreational opportunities in the primary study area; (4) improve San Joaquin River water quality downstream of Friant Dam; and (5) improve the quality of water supplies delivered to urban areas.

The primary study area encompasses the San Joaquin River upstream from Friant Dam (about 20 miles northeast of Fresno) to Kerckhoff Dam, including Millerton Lake and the area that would be inundated by the proposed reservoir; and areas that could be directly affected by construction-related activities, including the footprint of proposed temporary and permanent facilities upstream of Friant Dam. The Extended Study Area includes the San Joaquin River downstream from Friant Dam, including the Delta; lands served by San Joaquin River water rights; the Central Valley Project (CVP); and south-of-Delta water service areas of the CVP and State Water Project, Sacramento River watershed, the Delta, and the Central Valley Project and State Water Project service areas.

BILLING CODE 4310–MN–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–499–500 and 731–TA–1215–1217 and 1219–1223 (Final)]

Certain Oil Country Tubular Goods From India, Korea, the Philippines, Taiwan, Thailand, Turkey, Ukraine, and Vietnam

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to sections 705(b) and 735(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b)) and (19 U.S.C. 1673d(b)) (“the Act”), that an industry in the United States is materially injured by reason of imports of certain oil country tubular goods from India, Korea, Turkey, Ukraine, and Vietnam, provided for in subheadings 7304.29, 7305.20, and 7306.29 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”) and to be subsidized by the

governments of India and Turkey.² The Commission also determines, pursuant to section 735(b) of the Act, that an industry in the United States is threatened with material injury by reason of imports of certain oil country tubular goods from Taiwan that have been found by Commerce to be sold in the United States at LTFV.³

The Commission further determines that imports of these products from the Philippines and Thailand are negligible pursuant to section 771(24) of the Act (19 U.S.C. 1677(24)), and its investigations with regard to these countries are thereby terminated pursuant to section 735(b) of the Act.

Background

The Commission instituted these investigations effective July 2, 2013, following receipt of a petition filed with the Commission and Commerce by United States Steel Corporation, Pittsburgh, PA; Maverick Tube Corporation, Houston, TX; Boomerang Tube LLC, Chesterfield, MO; Energex, a division of JMC Steel Group, Chicago, IL; Northwest Pipe Company, Vancouver, WA; Tejas Tubular Products Inc., Houston, TX; TMK IPSCO, Houston, TX; Vallourec Star, L.P., Houston, TX; and Welded Tube USA, Inc., Lackawanna, NY. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce regarding the subsidization of imports of certain oil country tubular goods from India and Turkey within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sales at less than fair value of imports of certain oil country tubular goods from India, Korea, the Philippines, Taiwan, Thailand, Turkey, Ukraine, and Vietnam within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade

² All five participating Commissioners voted in the affirmative (Commissioner F. Scott Kieff did not participate in these investigations). The Commission also finds that imports subject to Commerce’s affirmative critical circumstances determinations are not likely to undermine seriously the remedial effect of the countervailing duty orders on certain oil country tubular goods from India or Turkey. The Commission further finds that imports subject to Commerce’s affirmative critical circumstances determinations are not likely to undermine seriously the remedial effect of the antidumping duty orders on certain oil country tubular goods from Turkey or Vietnam.

³ Chairman Meredith M. Broadbent dissenting with regard to imports from Taiwan, determining that subject imports from Taiwan are negligible.

¹ The record is defined in sec. 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

Commission, Washington, DC, and by publishing the notice in the **Federal Register** on April 7, 2014 (79 FR 19122). The hearing was held in Washington, DC, on July 15, 2014, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission completed and filed its determinations in these investigations on September 2, 2014. The views of the Commission are contained in USITC Publication 4489 (September 2014), entitled *Certain Oil Country Tubular Goods from India, Korea, Philippines, Taiwan, Thailand, Turkey, Ukraine, and Vietnam* (Investigation Nos. 701-TA-499-500 and 731-TA-1215-1217 and 1219-1223: (Final)).

By order of the Commission.

Issued: September 2, 2014.

Lisa R. Barton,

Secretary to the Commission.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response Compensation and Liability Act

On August 28, 2014, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of New Mexico in the lawsuit entitled *United States and State of New Mexico v. Chevron Mining Inc.*, Civil Action No. 14cv783 KBM-SCY.

The plaintiffs seek compensation for damage to natural resources in and about the former Molybdenum Mining Site. The Site includes a molybdenum mine and mill, tailings ponds, and a slurry pipeline—all located near Questa, New Mexico. The plaintiffs allege that defendant is liable for injury to natural resources resulting from releases of hazardous substances at that Site. Under the Consent Decree that embodies the settlement proposed here, defendant will transfer certain property that will mitigate some of injury suffered and will pay the federal and state natural resource trustees about \$4 million to be used to restore, replace, or acquire resources—all in compliance with the terms of the Consent Decree and other applicable law. Defendant also will pay specified past assessment costs incurred by the trustees. In return, defendant will receive from plaintiffs specified covenants not to sue for natural resource

damages resulting from releases from the Site, subject to reservations specified in the proposed Decree.

The publication of this notice opens a period for public comment on the proposed Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and State of New Mexico v. Chevron Mining Inc.*, D.J. Ref. No. 90-11-2-07579. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
