SUPPLEMENTARY INFORMATION:

National Highway Traffic Safety Administration

Title: Data Modernization of the National Automotive Sampling System (NASS).

OMB Number: None.

Type of Request: Collection of motor vehicle crash data.

Abstract: The collection of crash data that support the establishment and enforcement of motor vehicle regulations that reduce the severity of injury and property damage caused by motor vehicle crashes is authorized under the National Traffic and Motor Vehicle Safety Act of 1966 (Pub. L. 89–563, Title 1, Sec. 106, 108, and 112). The National Highway Traffic Safety Administration has been investigating motor vehicle traffic crashes and collecting crash data through its National Automotive Sampling System (NASS) Crashworthiness Data System (NASS–CDS) and Special Crash Investigation (SCI) programs. The NASS was designed in the 1970's to collect data from the originally planned 75 data collection sites. Due to demographic changes, the crash population has changed in the country. At the same time, the data needs of the transportation community have increased and significantly changed over the last three decades. For example, the primary focus of the original NASS design was to enhance crashworthiness by providing detailed information about crush damage, restraint system performance and injury mechanisms. In recent years, however, the transportation community has been increasingly more interested in adding data elements related to what happens before a crash and related crash avoidance safety countermeasures. The scope of traffic safety studies has also been expanding. More data is needed from crashes which are not currently included in NASS–CDS, such as those involving large trucks, motorcycles, and pedestrians.

Recognizing the importance as well as the limitations of the current NASS system, NHTSA is undertaking a modernization effort to upgrade our data systems by improving the information technology infrastructure, updating the data we collect and reexamining the sample sites. The goal of this overall modernization effort is to develop a new crash data system that meets current and future data needs. Several data acquisitions systems will be designed to collect record-based information and investigation-based information. The redesigned investigation-based acquisition process will focus on detailed investigation of passenger vehicle crashes and will be referred to as the Crash Investigation Sampling System (CISS).

For the investigation-based acquisition process, once a crash has been selected for investigation, crash

technicians locate, visit, measure, and photograph the crash scene; locate, inspect, and photograph vehicles; conduct a telephone or personal interview with the involved individuals or surrogate; and obtain and record injury information received from various medical data sources. These data are used to describe and analyze circumstances, mechanisms, and consequences of high severity motor vehicle crashes in the United States. The collection of interview data aids in this effort.

Affected Public: Passenger Motor Vehicle Operators.

Estimated Annual Burden: 5,605 hours.

Number of respondents: 9,450.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725–17th Street NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Departments estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is most effective if OMB receives it within 30 days of publication.

SUPPLEMENTARY INFORMATION:

Electronic and Facsimile Availability

Additional information concerning OFAC is available from OFAC's Web site (www.treasury.gov/ofac). Certain general information pertaining to OFAC's sanctions programs also is available via facsimile through a 24-hour fax-on-demand service, tel.: 202/622–0077.

Background

On May 1, 2012, the President issued Executive Order 13608, "Prohibiting Certain Transactions With and Suspending Entry Into the United States of Foreign Sanctions Evaders With Respect to Iran and Syria" ("E.O. 13608"). Section 1 (a)(ii) of E.O. 13608 authorizes the Secretary of the Treasury, in consultation with the Secretary of State, to impose on a foreign person certain measures upon determining that the foreign person has, inter alia, "facilitated deceptive transactions for or on behalf of any person subject to United States sanctions concerning Iran or Syria." Section 1(a)(iii) of E.O. 13608 authorizes the Secretary of the Treasury, in consultation with the Secretary of State, to impose on a foreign person certain measures upon determining that the foreign person is, inter alia, acting or purporting to act for or on behalf of, directly or indirectly, any person determined to meet the criteria for the imposition of sanctions set forth in section 1(a) of E.O. 13608.

Section 7(d) of E.O. 13608 defines the term "deceptive transaction" to mean "any transaction where the identity of any person subject to United States sanctions concerning Iran or Syria is withheld or obscured from other participants in the transaction or any relevant regulatory authorities."

Section 1(b) of E.O. 13608 authorizes the Secretary of the Treasury to prohibit all transactions or dealings involving such persons sanctioned under E.O. 13608 in or related to any goods, services, or technology (i) in or intended for the United States, or (ii) provided by or to United States persons, wherever located. These prohibitions cover the

aforementioned transactions or dealings, but do not require the blocking of property or interests in property of the person sanctioned pursuant to E.O. 13608.

On June 3, 2013, the President issued Executive Order 13645 ("Authorizing the Implementation of Certain Sanctions Set Forth in the Iran Freedom and Counter-Proliferation Act of 2012 and Additional Sanctions With Respect to Iran") ("E.O. 13645"). Section 2 of E.O. 13645 blocks, with certain exceptions, all property and interests in property that are in the United States, that hereafter come within the United States, or that are or hereafter come within the possession or control of any United States person, including any foreign branch, of persons determined by the Secretary of the Treasury, in consultation with the Secretary of State, to satisfy any of the criteria set forth in subsection (a)(i) or (a)(ii) of section 2.

On December 12, 2013, the Director of OFAC, acting pursuant to delegated authority, determined that the individual identified below, meets the criteria set forth in subsections 1(a)(ii) and 1(a)(iii) of E.O. 13608,¹ imposed sanctions on that individual, and prohibited all transactions or dealings involving that individual, as described in Section 1(b) of E.O. 13608. In addition, on December 11, 2013, the Director of OFAC designated the individual identified below as a person whose property and interests in property are blocked pursuant to section 2 of E.O. 13645.²

Individual

- SOKOLENKO, Vitaly (a.k.a. SOKOLENKO, Vitalii; a.k.a. SOKOLENKO, Vitaliy); DOB 16 Jun 1968; Executive Order

¹ VITALY SOKOLENKO is the General Manager of FERLAND COMPANY LIMITED. On May 31, 2013, the Director of OFAC, acting pursuant to delegated authority, imposed sanctions on FERLAND COMPANY LIMITED pursuant to section 1(a)(ii) of E.O. 13608. On the same day, the Director of OFAC took action to implement additional sanctions imposed on FERLAND COMPANY LIMITED by the Secretary of State pursuant to the Iran Sanctions Act of 1996, as amended. Separately, on December 11, 2013, the Director of OFAC designated FERLAND COMPANY LIMITED pursuant to section 2 of E.O. 13645. A separate notice detailing OFAC's May 31, 2013 and December 12, 2013 actions with respect to FERLAND COMPANY LIMITED is being published in today's **Federal Register**.

² As noted above, on December 12, 2013, the Director of OFAC designated individual VITALY SOKOLENKO and entity FERLAND COMPANY LIMITED pursuant to section 2 of E.O. 13645. On the same day, the Director of OFAC designated three additional entities pursuant to section 2 of E.O. 13645 and identified three vessels as blocked property of one of the entities. A notice detailing OFAC's December 12, 2013 actions with respect to the three additional entities and three vessels is being published in today's **Federal Register**.
