SYSTEM OF RECORDS NO.: HSNM.MF/HTD.01

SYSTEM NAME:

Multifamily Housing (MFH) Application Submission and Processing (ASAP) System—P280.

SYSTEM LOCATION:

U.S. Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410; Hewlett-Packard Enterprise Services, Building 6000, 2020 Union Carbide Drive, South Charleston, WV 25303. Backup, recovery, and archived digital media is stored in secure facilities located with Iron Mountain, 1545 Hansford St. Charleston, WV 25311. HUD also operates Field and Regional Offices¹ where Privacy Act records for MFH ASAP are maintained and/or accessed. Multifamily Accelerated Processing (MAP) and Healthcare approved Lenders nationwide will also have access to the system but will have limited access to only their individual submission packages.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM: MORTGAGEES (HUD APPROVED MAP AND HEALTHCARE LENDERS).

CATEGORIES OF RECORDS IN THE SYSTEM:

Project Files/records in the system for every Multifamily and Healthcare project will contain the following information: Mortgagees name and Mortgageors, Employee identification Number/Tax Identification Number/Social Security Number, Project name, Project Sponsor's Name, Project Number, Account Number, and Unit Address. The project level data mentioned above is derived from the various HUD required forms. **Note:** Certain records contained in this system, which pertain to individuals, contain principally proprietary information concerning sole proprietorships. Some of the records in the system which pertain to individuals may reflect personal information; however, only the records reflecting personal information are subject to the Privacy Act.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Sec. 113 of the Budget and Accounting Act of 1950 31 U.S.C. 66a. (Pub. L. 81-784). National Housing Act

¹ <http://portal.hud.gov/hudportal/HUD?src=/local/offices>.

as amended (12 U.S.C. 1702 et seq.). HUD is authorized to collect the Social Security Number (SSN) by Section 165(a) of the Housing and Community Development Act of 1987, Public Law 100-242 and by 42 U.S.C. 3543.

PURPOSE(S):

The MFH ASAP system is an automated underwriting system that supports processing, tracking and underwriting activities for MFH and its Office of Healthcare Program (OHP) applications. The system will be designed to support underwriting of applications submitted to HUD by approved lenders for FHA insurance related to Multifamily Housing or Healthcare projects. It will help to increase the sharing of information throughout MFH and OHP making the process more efficient, accurate, and transparent, thereby improving the partner relationships with both internal and external parties. Currently, the applications process relies heavily on manual processing and only meets the needs of the pipeline data tracking at a minimum for MFH. The system is expected to provide an end-to-end solution from concept phase to final closing for MFH, and will align with the OHP process improvement for both the Office of Residential Care Facilities (ORCF) (Section 232 program) and the Office of Hospital Facilities (OHF) (Section 242 program) that provide access to quality healthcare and residential facilities.

This MFH ASAP project initiative will provide an improved way of managing the pipeline data and electronic processing of the lender applications benefiting both MFH and OHP. This fully integrated solution allows electronic submission of applications using a web portal, enhancement to reporting capabilities, and document management solutions. Upon full implementation, this new system will replace in its entirety the MFH Development Application Processing system (DAP) and its supporting system of records notification.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, other routine uses are as follows:

- (b) To the Internal Revenue Service—for reporting payments for mortgage interest, for reporting of discharge indebtedness and real estate taxes.

(c) To HUD Business Partners (Public Housing Authorities and Community Development Corporations serving as Performance-Based Contract Administrators (PBCAs))—to manage their portfolio.

(d) To contractors, grantees, experts, consultants, and the agents of thereof, and others performing and/or working on a contract, service, grant, cooperative agreement with HUD, when necessary to accomplish an agency function related to its system of records, limited to only those data elements considered relevant to accomplishing an agency function. Individuals providing information under this routine use are subject to the same Privacy Act requirements and limitations on disclosure as are applicable to HUD officers and employees.

(e) To contractors, experts, consultants with whom HUD has a contract, service agreement or other assignment of the Department, when necessary to utilize relevant data for purposes of testing new technology and systems designed to enhance program operations and performance with the understanding that data disclosure restrictions apply under the Freedom of Information Act and Privacy Act.

(g) To appropriate agencies, entities, and persons to the extent such disclosures are compatible with the purpose for which the records in this system are collected, as set forth by Appendix I—HUD's Library of Routine Uses published in the **Federal Register** on July 17, 2012 at 77 FR 41996.

For electronic records, all data is stored at a secured data center on the production MFH ASAP database servers. Backup, recovery and archived digital media is stored in secure facilities located with Iron Mountain. All printed/hard copies that currently exist for projects will need to be created and stored in each HUD office in locked file cabinets when not in use. The printed/hard copies will later be shipped to Tulsa, OK, upon completing the final endorsement phase. **Note:** Upon full implementation of new MFH ASAP, paper copies will no longer exist and require storage. The existing paper copies will have to be uploaded into the new system format for electronic storage.

RETRIEVABILITY:

Electronic and Manual records can only be retrieved via the project number or the project status. **Note:** Upon full implementation of MFH ASAP, hard copy records will no longer exist and/or require retrieval methods. The existing paper copies will have to be uploaded into the new system format for electronic retrieval.

SAFEGUARDS:

Strict access controls are governed for electronic records by the use of a user ID and password that require authentication before access is granted to MFH ASAP. All printed/hard copies that currently exist for projects will need to be created and stored in each HUD office in locked file cabinets when not in use, which access is limited to those personnel who service the records. **Note:** Upon full implementation of MFH ASAP, hard copies will no longer exist for the new system. Paper records that existed under the prior manual process will have been uploaded into the new system format for electronic safeguarding. Records that existing under the prior manual process will have to be shipped to the designated storage and archive facility who will safeguard the records in accordance with Departmental safeguarding procedures and policies.

MFH ASAP retention and disposal procedures are in accordance with approved General Service Administration schedules of retention and disposal included in HUD's Handbook 2228.2, appendix 14, items 21-26. Electronic and hard copy records will be retained between 10 and 40

years depending on financial terms. Afterwards, electronic records are purged or deleted from the system when eligible to be destroyed using one of the methods described by the NIST SP 800–88 “Guideline for media Sanitization” (September 2006). Paper based records when eligible to be destroyed will be destroyed by shredding or burn. **Note:** Upon full implementation of new MFH ASAP system, paper copy records will no longer be produced. The paper copies that existed under the prior manual system process will have been uploaded into the new system format, and official documentation will have been archived to the designated facility and destroyed when eligible to be destroyed.

Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on April 14, 2014, based on a complaint filed by FMC Corporation (“FMC”) on March 5, 2014. 79 FR 20907–08. The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“section 337”), in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain sulfentrazone active ingredient and formulated sulfentrazone compositions made by a process that infringes certain claims of U.S. Patent No. 7,169,952 (“the ‘952 patent”). The Commission’s notice of investigation named as respondents Beijing Nutrichem Science and Technology Stock Co., Ltd., of Beijing, China (“Beijing Nutrichem”); Summit Agro USA, LLC, of Cary, North Carolina; Summit Agro North America, Holding Corporation of New York, New York (together, “Summit”); and Jiangxi Heyi Chemicals Co. Ltd. of Jiujiang City, China (“Heyi”). *Id.* at 20908. The ALJ later granted FMC’s motion to amend the complaint and notice of investigation to replace Beijing Nutrichem with Nutrichem Co., Ltd. (“Nutrichem”). Order No. 9 (May 29, 2014), *not reviewed* June 23, 2014. The Office of Unfair Import Investigations is also a party to the investigation.

FMC filed a motion for a temporary exclusion order and a temporary cease and desist order against Summit, Heyi, and Nutrichem (“Respondents”) along with its Complaint. On August 12, 2014, the ALJ issued an ID denying FMC’s motion. The ALJ found that FMC had not shown that any of the temporary relief factors weighed in favor of granting temporary relief. The ALJ found that FMC had not shown that it was likely to succeed on the merits because FMC had not shown that it would likely succeed on the issues of invalidity, infringement, the technical prong of the domestic industry requirement, or the economic prong of the domestic industry requirement. The ALJ also found that FMC had not shown
