

information must be filed using an approved PBGC form. Under § 4007.10 of the premium payment regulation, plan administrators are required to retain records about premiums and information submitted in premium filings.

Premium filings report (i) the flat-rate premium and related data (all plans), (ii) the variable-rate premium and related data (single-employer plans), and (iii) additional data such as identifying information and miscellaneous plan-related or filing-related data (all plans). PBGC needs this information to identify the plans for which premiums are paid, to verify whether the amounts paid are correct, to help PBGC determine the magnitude of its exposure in the event of plan termination, to help track the creation of new plans and transfer of participants and plan assets and liabilities among plans, and to keep PBGC's insured-plan inventory up to date. That information and the retained records are also needed for audit purposes.

PBGC intends to revise the 2015 filing procedures and instructions to:

- Require reporting of certain undertakings to cash out or annuitize benefits for a specified group of former employees;
 - Change certain premium declaration certification procedures, resulting in greater uniformity among the procedures applicable to different filing methods. and
 - Offer the option for a plan to provide a telephone number specifically for inclusion in PBGC's Search Plan List on PBGC's Web site, instead of the number provided for PBGC to contact the plan administrator.
- PBGC is also intending to update the premium rates and make conforming, clarifying, and editorial changes.

The collection of information under the regulation has been approved through April 30, 2017, by OMB under control number 1212-0009. PBGC intends to request that OMB approve the revised collection of information for three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that it will receive 25,700 premium filings per year from 25,700 plan administrators under this collection of information. PBGC further estimates that the average annual burden of this collection of information is 8,000 hours and \$53,200,000.

PBGC is soliciting public comments to—

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Issued in Washington, DC, this 17th day of September, 2014.

Judith Starr,

General Counsel, Pension Benefit Guaranty Corporation.

The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. 1. Title and purpose of information collection: Application for Reimbursement for Hospital Insurance Services in Canada; OMB 3220-0086.

Under section 7(d) of the Railroad Retirement Act (RRA), the RRB administers the Medicare program for persons covered by the railroad retirement system. Payments are provided under section 7(d)(4) of the RRA for medical services furnished in Canada to the same extent as for those furnished in the United States. However, payments for the services furnished in Canada are made from the Railroad Retirement Account rather than from the Federal Hospital Insurance Trust Fund, with the payments limited to the amount by which insurance benefits under Medicare exceed the amount payable under Canadian Provincial plans.

Form AA-104, Application for Canadian Hospital Benefits Under Medicare—Part A, is provided by the RRB to a claimant seeking reimbursement for covered hospital services received in Canada. The form obtains information needed to determine the eligibility of the applicant and the amount of any reimbursement due. One response is requested of each respondent. Completion is required to obtain a benefit.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (79 FR 37357 on July 1, 2014) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Under Railroad Retirement Board (RRB) regulation 20 CFR 327.5, “available for work” is defined as being willing and ready for work. A claimant is “ready” for work if he or she (1) is in a position to receive notice of work and is willing to accept and perform such work, and (2) is prepared to be present with the customary equipment at the location of such work within the time usually allotted.

Under RRB regulation 20 CFR 327.15, a claimant may be requested at any time

to show, as evidence of willingness to work, that reasonable efforts are being made to obtain work. In order to determine whether a claimant is; (a) available for work, and (b) willing to work, the RRB utilizes Forms UI-38, UI Claimant’s Report of Efforts to Find Work, and UI-38s, School Attendance and Availability Questionnaire, to obtain information from the claimant and Form ID-8k, Questionnaire—Reinstatement of Discharged or Suspended Employee, from the union representative. One response is completed by each respondent. Completion of Forms UI-38 and UI-38s is required to obtain or retain benefits. Completion of Form ID-8k is voluntary.
