SUPPLEMENTARY INFORMATION:

Summaries for each FAR rule follow.
For the actual revisions and/or
amendments made by these rules, refer
to the specific item numbers and
subjects set forth in the documents
following these item summaries. FAC
2005–77 amends the FAR as specified
below:

**Item I—Federal Contracting Programs
for Minority-Owned and Other Small
Businesses (FAR Case 2009–016)**

This final rule amends the FAR to
remove certain coverage involving
procurements with small disadvantaged
business concerns and certain
institutions of higher education that is
based on authority which has expired
and been found to be unconstitutional
by the Court of Appeals for the Federal
Circuit. These changes harmonize the
FAR with current statutory authorities.
The impact of this rule on small
businesses should be minimal, given
that the coverage applied only to prime
contracting opportunities in specific
North American Industry Classification
System codes, and was applicable to
only three Government agencies, (DoD,
NASA and U.S. Coast Guard). The
obligation of Federal Agencies to meet
or exceed the statutory five percent
small disadvantaged business goals at
the prime and subcontracting levels are
not affected by this rule.

**Item II—Irrevocable Letters of Credit
(FAR Case 2011–023)**

This final rule amends the FAR to
remove all references to Office of

Federal Procurement Policy (OFPP)
Pamphlet No. 7, Use of Irrevocable
Letters of Credit (ILC). This change is
necessary to update the sources of data
required to verify the credit worthiness
of a financial entity issuing or
confirming an ILC.

This final rule has no significant
impact on the Government and
contractors including small business
entities and imposes no new
requirements. Contracting Officers are
currently required to verify the credit
worthiness of a financial entity issuing
or confirming an ILC and will benefit
from this updated information to
conduct an accurate analysis.

**Item III—Uniform Procurement
Identification (FAR Case 2012–023)**

This final rule amends the FAR to
implement a uniform Procurement
Instrument Identification (PIID)
numbering system, which will require
the use of Activity Address Codes
(AACs) as the unique identifier for
contracting offices and other offices, in
order to standardize procurement
transactions across the Federal
Government. Agencies shall comply
with the new PIID procedures in FAR
subpart 4.16 by October 1, 2017, for new
solicitations and contract awards.

Dated: September 30, 2014.
