The Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture currently operates three animal quarantine facilities. We also authorize the use of quarantine facilities that are privately owned and operated for certain animal importations. APHIS oversight and monitoring is still required at privately owned quarantines.

The public meetings will begin at 8 a.m. local time and are scheduled to end at 5 p.m. The meetings will be open to the public and registration will begin at 7:30 a.m. the day of each meeting. These public meetings will provide an opportunity for members of the public (including other Federal and State regulatory agencies) to provide input for developing and implementing possible alternatives to existing APHIS requirements and oversight for live animal quarantines as required under our regulations.

Tentative topics to be discussed at the upcoming meetings include:
