PART 211—[AMENDED]

Accordingly, Part 211 of Title 17 of the Code of Federal Regulations is amended by adding Staff Accounting Bulletin No. 115 to the table found in Subpart B.

Staff Accounting Bulletin No. 115

This staff accounting bulletin rescinds portions of the interpretive guidance

included in the Staff Accounting Bulletin Series in order to make the relevant interpretive guidance consistent with current authoritative accounting and auditing guidance and Securities and Exchange Commission (“Commission”) rules and regulations. Specifically, the staff is updating the Series in order to bring existing guidance into conformity with a recent consensus of the Financial Accounting Standards Board Emerging Issues Task Force, Accounting Standards Update No. 2014–17—Business Combinations (Topic 805): Pushdown Accounting (a consensus of the FASB Emerging Issues Task Force) (ASU No. 2014–17).

The following describes the changes made to the Staff Accounting Bulletin Series that are presented at the end of this release:

1. Topic 5: Miscellaneous Accounting

a. Topic 5.J is removed. This topic provided guidance on the application of the “push down” basis of accounting in the separate financial statements of entities acquired in purchase transactions. Under this guidance, when a purchase transaction results in an entity becoming substantially wholly owned,¹ a new basis of accounting should be established in the acquired entity’s financial statements to reflect the acquirer’s basis in the purchased assets and liabilities. Further, this guidance indicates circumstances when an acquired entity’s financial statements should reflect the acquirer’s debt, related interest expense, and allocable debt issuance costs, when the acquirer borrows funds to acquire substantially all of the common stock of the acquired entity. ASU No. 2014–17 establishes new guidance on the recognition of a new accounting basis. That guidance provides an option to apply “push down” accounting in the separate financial statements of an acquired entity upon the occurrence of an event in which an acquirer obtains control of the acquired entity. In addition, any acquisition-related debt incurred by the acquirer would be recognized in the acquired entity’s separate financial statements only if the acquired entity is required to recognize a liability for the debt in accordance with other applicable U.S. generally accepted accounting principles.

Accordingly, the staff hereby amends the Staff Accounting Bulletin Series as follows:

¹ As defined in Rule 1–02(aa) of Regulation S–X.

Note: The text of SAB 115 will not appear in the Code of Federal Regulations.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to correct final rules pertaining to the State of Montana’s State Implementation Plan (SIP). On February 13, 2012, EPA took final action to partially approve and partially disapprove SIP revisions and new rules as submitted by the State of Montana on June 25, 2010 and May 28, 2003. EPA is taking final action, under section 110 of the Clean Air Act (CAA).

DATES: This final rule is effective December 22, 2014.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R08–OAR–2011–0100. All documents in the docket are listed in the www.regulations.gov index. I. Background

In our rule published on February 13, 2012 (77 FR 7531), EPA took final action to partially approve and partially disapprove SIP revisions and new rules as submitted by the State of Montana on June 25, 2010 and May 28, 2003. On page 7534, third column, under the regulatory text in 40 CFR 52.1370(c)(72)(i) Incorporation by reference, paragraph (A), EPA inadvertently incorporated by reference all of Administrative Rules of Montana (ARM), 17.8.740, *Definitions*. We are taking final action to amend the regulatory text in 40 CFR 52.1370(c)(72)(i)(A) to specify that EPA only approved the phrase “, except when a permit is not required under ARM 17.8.745” in ARM 17.8.740(8)(a) and the phrase “, except as provided in ARM 17.8.745” in ARM 17.8.740(8)(c). Therefore, the regulatory text in 40 CFR 52.1370(c)(72)(i)(A) reads as set forth in the regulatory text of this final rule.

This correction is consistent with: (1) The preamble of our February 13, 2012 final rule (77 FR 7531, 7534); and (2) the

July 8, 2011 final rule (76 FR 40237) and associated regulatory text found in 40 CFR 52.1370(c)(70)(i)(B)(2) where we disapproved the phrase in ARM 17.8.740(2) “includes a reasonable period of time for startup and shakedown and” and the definitions in ARM 17.8.740(10) and (14), “Negligible risk to the public health, safety, and welfare and to the environment” and “Routine Maintenance, repair, or replacement,” respectively. We also confirm that our approval of the phrase “unless the increase meets the criteria in ARM 17.8.745 for a *de minimis* change not requiring a permit, or” in 17.8.764(1)(b) of our July 8, 2011 final rule (76 FR 40237) is accurate, while the same phrase in the preamble of the July 8, 2011 and February 13, 2012 final rules is incorrect.

In this action, EPA is also taking final action to correct the associated IBR material for our February 13, 2012 (77 FR 7531) rule by striking out the aforementioned phrases (ARM 17.8.740(2), ARM 17.8.743(1)(c)) and two definitions (ARM 17.8.740(10), ARM 17.8.740(14)) that were inadvertently included in the IBR SIP material from the State’s May 28, 2003 submittal.

For more detailed information regarding these February 13, 2012 and July 8, 2011 actions, see 77 FR 7531 and 76 FR 40237.

II. Response to Comments

We did not receive any comments on our August 5, 2014 proposal (79 FR 45393) to correct final rules pertaining to the State of Montana’s SIP.

III. Final Action

EPA is taking final action to amend the text in 40 CFR 52.1370(c)(72)(i)(A) to read as follows: “Administrative Rules of Montana, 17.8.740, *Definitions*, ARM 17.8.740(8)(a), the phrase ‘, except when a permit is not required under ARM 17.8.745’ and ARM 17.8.740(8)(c), the phrase ‘, except as provided in ARM 17.8.745’; 17.8.743, *Montana Air Quality Permits—When Required*, (except the phrase in 17.8.743(1)(b), ‘asphalt concrete plants, mineral crushers, and’, and 17.8.743(1)(c)); and 17.8.764, *Administrative Amendment to Permit*; effective 12/27/2002.”

IV. Statutory and Executive Orders Review

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable federal regulations (42 U.S.C. 7410(k), 40 CFR 52.02(a)). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices,
