Successor-in-Interest Determination

In accordance with section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), we are conducting this CCR based upon the information contained in SGBC/SKF's and other interested parties' submissions. In making a successor-in-interest determination, the Department examines several factors, including, but not limited to, changes in the following: (1) Management; (2) production facilities; (3) supplier relationships; and (4) customer base.⁵ While no single factor or combination of factors will necessarily provide a dispositive indication of a successor-in-interest relationship, generally, the Department will consider the new company to be the successor to the previous company if the new company's resulting operation is not materially dissimilar to that of its predecessor.⁶ Thus, if the record evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, the Department will generally accord the new company the same AD treatment as its predecessor.⁷

SGBC was revoked from the order in 1997 and became part of the SKF Group in 2012. In conducting a successor-in-interest analysis, while we generally consider information from immediately before and after the formation of a new entity, the Department considers all information on the record relevant to the determination.⁸ In the instant case, we compared SGBC/SKF to the entity

that was revoked from the order, and we considered the changes to that entity since revocation.

Preliminary Results

We preliminarily find SGBC/SKF to be the successor-in-interest to SGBC because the information on the record indicates that SGBC/SKF continues to operate as essentially the same entity that was revoked from the order. Although there were changes in SGBC's production process and board membership after revocation, these changes were made over a number of years and do not appear to be linked to changes in ownership structure. Rather, they are changes generally in the normal course of business that would occur over such a long period (*i.e.*, approximately two decades). Thus, after considering the facts on the record as a whole, we do not find that SGBC/SKF's operations (based on an examination of its management, production facilities, supplier relationships, and customer base), changed so significantly such that we would find that it is a different entity from SGBC. For the Department's detailed analysis, see the Preliminary Decision Memorandum.⁹

For a full description of the methodology underlying our conclusions, see Preliminary Results Decision Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations to Ronald K. Electronically filed case briefs/written comments and hearing requests must be received successfully

in their entirety by the Department’s electronic records system, IA ACCESS, by 5:00 p.m. Eastern Standard Time, within 30 days after the date of publication of this notice.⁴ Hearing requests should contain: (1) The party’s name, address and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those issues raised in the respective case briefs. If a request for a hearing is made, parties will be notified of the time and date of the hearing which will be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington DC 20230. The Department intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries covered by this review.⁵ The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. The Department intends to instruct CBP to liquidate entries of subject merchandise from the PRC-wide entity, including entries of subject merchandise from Zhengzhou Shangdao, at 128.59 percent (the PRC-wide rate). Additionally, pursuant to the Department’s practice in NME cases, if we continue to determine that Hunan Valin had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (*i.e.*, at that exporter’s rate) will be liquidated at the PRC-wide rate. For a full discussion of this practice, see *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of review, as provided by section 751(a)(2)(C) of the Act: (1) For Hunan Valin, which had no shipments, the cash deposit rate will

remain unchanged from the rate assigned to this company in the most recently completed review of the company; (2) for previously investigated or reviewed PRC and non-PRC exporters which are not under review in this segment of the proceeding but which have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, including Zhengzhou Shangdao, the cash deposit rate will be the PRC-wide rate of 128.59 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

Dated: November 7, 2014.

Acting Assistant Secretary for Enforcement and Compliance.
