SUPPLEMENTARY INFORMATION: On October 9, 2014, we published a proposed rule in the **Federal Register** (79 FR 61164) entitled, “Conditions of Participation for Home Health Agencies” that would revise the health and safety requirements that home health agencies (HHAs) must meet in order to participate in the Medicare and Medicaid programs. Specifically, the proposed requirements would focus on the care delivered to patients by home health agencies, reflect an interdisciplinary view of patient care, allow HHAs greater flexibility in meeting quality care standards, and eliminate unnecessary procedural requirements. In addition, we proposed a set of fundamental requirements for HHA services that would encompass patient rights, comprehensive patient assessment, and patient care planning and coordination by an interdisciplinary team. Overarching these requirements would be a quality assessment and performance improvement program that would build on the philosophy that a provider’s own quality management system is key to improved patient care performance. The objective would be to achieve a balanced regulatory approach by ensuring that a HHA furnished health care that met essential health and quality standards, while ensuring that it monitored and improved its own performance. These changes are an integral part of our overall effort to achieve broad-based, measurable improvements in the quality of care furnished through the Medicare and Medicaid programs, while at the same

time eliminating unnecessary procedural burdens on providers.

We have received inquiries from state-based and national industry organizations regarding the 60 day turn-around time to submit comments regarding this proposed rule. The organizations stated that they needed additional time to respond to the rule due to the complex nature of the proposed revisions. Because of the scope of the proposed rule, and since we have specifically requested the public’s comments on various aspect of the rule in an attempt to benefit from the vast experiences of the HHA provider and patient communities, we believe that it is important to allow ample time for all sections of the public to comment on this proposed rule. Therefore, we have decided to extend the comment period for an additional 30 days. This document announces the extension of the public comment period to January 7, 2015.

Dated: November 24, 2014.

Marilyn Tavenner,

Administrator, Centers for Medicare & Medicaid Services.

II. Regulatory History and Information

The Coast Guard published an NPRM entitled “Great Lakes Pilotage Rates—2015 Annual Review and Adjustment,” on September 4, 2014, (79 FR 52602) proposing rate adjustments for pilotage services on the Great Lakes, last amended in March 2014. The proposed adjustments would establish new base rates made in accordance with a full ratemaking procedure. Additionally, the Coast Guard proposed to exercise the discretion provided by Step 7 of the Appendix A methodology to result in an upward adjustment to match the rate increase of the Canadian Great Lakes Pilotage Authority. The NPRM also proposed temporary surcharges to accelerate recoupment of necessary and reasonable training costs for the pilot associations. All comments on this NPRM were originally due by November 3, 2014.

III. Background and Purpose

On November 14, 2014, we received the final reports of the revenue audits conducted by CohnReznick, LLP for the three pilotage districts. Performance of these audits was unanimously recommended by the Great Lakes Pilotage Advisory Committee to the Coast Guard at the most recent committee meeting on July 23–24, 2014, in Washington, DC. The data found by the revenue audits are important to analyzing the proposed rule as the findings may alter the final rate. We believe that the data provided in the revenue audits are “other supportable circumstances” that may alter the rate through the discretion provided by Step 7 of the ratemaking methodology. As these revenue audits were received after the comment period closed, we wish to give commenter’s the opportunity to review these revenue audits, which can be found in the docket, and make comments on the revenue audits.

V. Authority

This notice is issued under authority of 5 U.S.C. 552(a).

Dated: November 25, 2014.

Scott J. Smith,

Captain, U.S. Coast Guard, Acting Director of Marine Transportation Systems, U.S. Coast Guard.
