BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM-2014-0077;
MMAA104000]

Environmental Assessment for Virginia Offshore Wind Technology Advancement Project on the Atlantic Outer Continental Shelf Offshore Virginia

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of Availability of an Environmental Assessment.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) has prepared an Environmental Assessment (EA) to consider the reasonably foreseeable environmental consequences associated with the approval of wind energy-related research activities offshore Virginia as proposed by the Virginia Department of Mines, Mineral, and Energy (DMME). The purpose of this notice is to inform the public of the availability of the EA and to solicit public comment on the EA for a 30-day public comment period.

DATES: BOEM will conduct a public information meeting to explain the proposed activities analyzed in the EA and provide additional opportunity for public comment on the EA. The meeting will be held on Wednesday, December 17, 2014, from 5:00 to 8:00 p.m., at the Virginia Aquarium and Marine Science Center, 717 General Booth Boulevard, Virginia Beach, Virginia 23451.

FOR FURTHER INFORMATION CONTACT: Michelle Morin, BOEM Office of Renewable Energy Programs, 381 Elden Street, HM 1328, Herndon, Virginia 20170-4817, (703) 787-1340 or michelle.morin@boem.gov.

SUPPLEMENTARY INFORMATION: On December 6, 2013, BOEM issued a

Determination of No Competitive Interest (78 FR 73882) for a research lease requested by the Virginia Department of Mines, Minerals and Energy (DMME). DMME subsequently submitted a research activities plan (RAP) that describes the proposed construction, operation, maintenance, and eventual decommissioning of Virginia Offshore Wind Technology Advancement Project (VOWTAP). The RAP included the results of site characterization studies, such as geophysical, geotechnical, archaeological, and biological surveys. DMME's proposed project would consist of two 6-MW wind turbine generators (WTGs), a 34.5-kilovolt (kV) alternating current (AC) submarine cable interconnecting the WTGs (inter-array cable), a 34.5 kV AC submarine transmission cable (export cable), and a 34.5 kV underground cable (onshore interconnection cable) that would connect the proposed project with existing infrastructure located in the City of Virginia Beach. The U.S. Department of Energy (DOE) is proposing to provide funding in support of VOWTAP and is participating as a cooperating agency in the National Environmental Policy Act (NEPA) process.

On March 14, 2014, BOEM published a Notice of Intent (NOI) to prepare an EA in the **Federal Register** (79 FR 14534). Comments received in response to the NOI can be viewed at: <http://www.regulations.gov> by searching for Docket ID BOEM-2014-0009. A public scoping meeting was held April 3, 2014 in Virginia Beach, Virginia. BOEM used the input from the scoping process to solicit information regarding important environmental issues and alternatives that should be considered in the EA. Additionally, BOEM used the scoping process to identify and eliminate from detailed study issues which are not significant or issues that have been analyzed in prior environmental reviews.

BOEM is seeking public input on the EA, including comments on the completeness and adequacy of the environmental analysis. BOEM will consider public comments on the EA in determining whether to issue a Finding of No Significant Impact (FONSI), or conduct additional analysis under the NEPA.

The EA and information on the public information meeting can be found online at <http://www.boem.gov/Research-Nomination-Outside-and-to-the-West-of-the-WEADOE/>.

COMMENTS: Federal, State, and local government agencies, tribal governments, and other interested

parties are requested to submit their written comments on the EA in one of the following ways:

1. Electronically: <http://www.regulations.gov>. In the entry entitled "Enter Keyword or ID," enter BOEM-2014-0077, then click "search." Follow the instructions to submit public comments and view supporting and related materials available for this document.

2. In written form, delivered by hand or by mail, enclosed in an envelope labeled "Approval of the Virginia Offshore Wind Technology Advancement Project on the Atlantic Outer Continental Shelf (OCS) Offshore Virginia" to: Program Manager, Office of Renewable Energy, Bureau of Ocean Energy Management, 381 Elden Street, HM 1328, Herndon, Virginia 20170-4817.

Comments must be received or postmarked no later than January 2, 2015. All written comments received or postmarked during the comment period will be made available to the public.

Authority: This Notice of Availability is published pursuant to 43 CFR 46.305.

Dated: November 24, 2014.

Walter D. Cruickshank,

Acting Director, Bureau of Ocean Energy Management.

BILLING CODE 4310-MR-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-506 and 508 and 731-TA-1238-1243 (Final)]

Non-Oriented Electrical Steel From China, Germany, Japan, Korea, Sweden, and Taiwan

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to sections 705(b) and 735(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b)) and (19 U.S.C. 1673d(b)) ("the Act"), that an industry in the United States is materially injured by reason of imports of non-oriented electrical steel from China, Germany, Japan, Korea, Sweden, and Taiwan, provided for in subheadings 7225.19.00, 7226.19.10, and 7226.19.90 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be sold in the United

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

States at less than fair value (“LTFV”), and by reason of imports from China and Taiwan that have been found by Commerce to be subsidized by the governments of China and Taiwan.² The Commission also finds that imports subject to Commerce’s affirmative critical circumstances determinations are not likely to undermine seriously the remedial effect of those countervailing and antidumping duty orders to be issued on non-oriented electrical steel from China, Germany, Japan, and Sweden.

Background

The Commission instituted these investigations effective September 30, 2013, following receipt of a petition filed with the Commission and Commerce by AK Steel Corp., West Chester, Ohio. The final phase of these investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of non-oriented electrical steel from China and Taiwan were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and that imports of non-oriented electrical steel from China, Germany, Japan, Korea, Sweden, and Taiwan were sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)).³ Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on July 11, 2014 (79 FR 40143). The hearing was held in Washington, DC, on October 8, 2014, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission completed and filed its determinations in these investigations on November 25, 2014. The views of the Commission are contained in USITC Publication 4502 (November 2014), entitled *Non-Oriented Electrical Steel from China, Germany, Japan, Korea, Sweden, and Taiwan: Investigation Nos. 701-TA-506 and 508 and 731-TA-1238-1243 (Final)*.

² Chairman Meredith M. Broadbent dissented.

³ In its preliminary countervailing duty determination, Commerce found that imports of non-oriented electrical steel were not being and not likely to be subsidized by the government of Korea (79 FR 16295, March 25, 2014). Following a final negative countervailing duty determination by Commerce with respect to non-oriented electrical steel from Korea (79 FR 61605, October 14, 2014), the Commission terminated investigation No. 701-TA-507 (79 FR 64408, October 29, 2014).

By order of the Commission.

Issued: November 25, 2014.

Lisa R. Barton,

Secretary to the Commission.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Oil Pollution Act of 1990 and Section 128d of the Hawaii Environmental Response Law

On November 20, 2014, the Department of Justice lodged a proposed Consent Decree (“Consent Decree”) with the United States District Court for the District of Hawaii in an action entitled *United States of America and the State of Hawaii v. Denak Ship Management and Vogetrader Shipping Inc.*, Civil Action No. 14-00529.

In this action, the United States and the State of Hawaii filed a joint complaint against Denak Ship Management and Vogetrader Shipping Inc. (“Defendants”) pursuant to Sections 1002(a), (b)(1)(A) and (b)(2)(A), of the Oil Pollution Act of 1990, 33 U.S.C. 2701 *et seq.*, or Section 128D of the Hawaii Environmental Response law, Haw. Rev. Stat. § 128D, respectively, to recover for natural resource damages arising from the February 5, 2010, grounding of the M/V Vogetrader on coral reef habitat outside the entrance channel to Barbers Point Harbor, Oahu, Hawaii.

The Consent Decree requires the Defendants to pay eight hundred forty thousand dollars (\$840,000) in natural resource damages. Of this sum, six hundred ninety five thousand six hundred fifty seven dollars (\$695,657) shall be paid to the United States Department of Commerce, National Oceanic and Atmospheric Administration (“NOAA”) on behalf of the natural resource trustees and will be used for the design, implementation, and oversight of restoration projects. The remaining one hundred forty four thousand three hundred forty three dollars (\$144,343) shall be paid to NOAA for reimbursement of its natural resource damage assessment costs.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America and the State of Hawaii v. Denak Ship Management and Vogetrader Shipping Inc.*, D.J. Ref. No. 90-5-1-1-11013. All comments

must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

To submit comments:	Send them to:
By email ...	pubcomment-ees.enrd@usdoj.gov
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

During the public comment period, the Consent Decree may be examined and downloaded at this Justice Department Web site: http://www.usdoj.gov/enrd/Consent_Decrees.html. We will provide paper copies of the Consent Decree upon written request and payment of reproduction costs. Please mail your request and payment to: Consent Decree Library, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

Please enclose a check or money order for \$5.25 (25 cents per page reproduction cost) for the Consent Decree payable to the United States Treasury.

Henry Friedman,

Assistant Section Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

BILLING CODE 4410-15-P

DEPARTMENT OF JUSTICE

Antitrust Division

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Members of SGIP 2.0, Inc.

Notice is hereby given that, on October 27, 2014, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), Members of SGIP 2.0, Inc. (“MSGIP 2.0”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, PowerHub Systems, Blacksburg, VA; London Hydro, London, United Kingdom; Telecommunications Technology Association, Seongnam-City, Gyeonggi-do, Republic of Korea; Utility Integration Solutions Organization, Fort Washington, PA; and Advanced Energy
