

If the hearing date is not acceptable, I would be glad to set another date that is mutually agreeable to the parties. The hearing will be governed by the procedures prescribed by federal regulations at 42 CFR part 430.

I am designating Mr. Benjamin R. Cohen as the presiding officer. If these arrangements present any problems, please contact the Mr. Cohen at (410) 786-3169. In order to facilitate any communication that may be necessary between the parties prior to the hearing, please notify the presiding officer to indicate acceptability of the hearing date that has been scheduled and provide names of the individuals who will represent the state at the hearing.

Sincerely,
Marilyn Tavenner
Section 1116 of the Social Security Act (42 U.S.C. 1316; 42 CFR 430.18)
(Catalog of Federal Domestic Assistance program No. 13.714, Medicaid Assistance Program.)

Dated: November 26, 2014.

Marilyn Tavenner,
Administrator, Centers for Medicare & Medicaid Services.

Sport Fishing and Boating Partnership Council

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of teleconference.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce a public teleconference of the Sport Fishing and Boating Partnership Council (Council).

DATES: *Teleconference:* Friday, December 19, 2014, 10:30 a.m. to 12 p.m. (Eastern daylight time). For deadlines and directions on registering to listen to the teleconference, submitting written material, and giving an oral presentation, please see “Public Input” under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Brian Bohnsack, Council Coordinator, via U.S. mail at 5275 Leesburg Pike, Mailstop FAC, Falls Church, VA 22041; via telephone at (703) 358-2435; via fax at (703) 358-2487; or via email at brian_bohnsack@fws.gov.

SUPPLEMENTARY INFORMATION: In accordance with the requirements of the Federal Advisory Committee Act, 5 U.S.C. App., we announce that the Sport Fishing and Boating Partnership Council will hold a teleconference.

Background

The Council was formed in January 1993 to advise the Secretary of the Interior, through the Director of the Service, on nationally significant recreational fishing, boating, and aquatic resource conservation issues. The Council represents the interests of the public and private sectors of the sport fishing, boating, and conservation communities and is organized to enhance partnerships among industry, constituency groups, and government. The 18-member Council, appointed by

the Secretary of the Interior, includes the Service Director and the president of the Association of Fish and Wildlife Agencies, who both serve in ex officio capacities. Other Council members are directors from State agencies responsible for managing recreational fish and wildlife resources and individuals who represent the interests of saltwater and freshwater recreational fishing, recreational boating, the recreational fishing and boating industries, recreational fisheries resource conservation, Native American tribes, aquatic resource outreach and education, and tourism. Background information on the Council is available at <http://www.fws.gov/sfbpc>.

Meeting Agenda

The Council will hold a teleconference to:

- Consider and approve the Council’s Boating Infrastructure Grant Program Review Committee’s funding recommendations for fiscal year 2015 proposals;
- Discuss a proposed pilot project associated with permitting recreational projects;
- Schedule an upcoming winter meeting; and
- Consider other Council business.

The final agenda will be posted on the Internet at <http://www.fws.gov/sfbpc>.

Public Input

If you wish to

You must contact the Council Coordinator (see **FOR FURTHER INFORMATION CONTACT**) no later than

Listen to the teleconference	Monday, December 15, 2014.
Submit written information or questions before the teleconference for the council to consider during the teleconference.	Monday, December 15, 2014.
Give an oral presentation during the teleconference	Monday, December 15, 2014.

Submitting Written Information or Questions

Interested members of the public may submit relevant information or questions for the Council to consider during the teleconference. Written statements must be received by the date listed in “Public Input” under

SUPPLEMENTARY INFORMATION, so that the information may be made available to the Council for their consideration prior to this teleconference. Written statements must be supplied to the

Council Coordinator in one of the following formats: One hard copy with original signature, or one electronic copy via email (acceptable file formats are Adobe Acrobat PDF, MS Word, MS PowerPoint, or rich text file).

Giving an Oral Presentation

Individuals or groups requesting to make an oral presentation during the teleconference will be limited to 2 minutes per speaker, with no more than a total of 15 minutes for all speakers.

Interested parties should contact the Council Coordinator, in writing (preferably via email; see **FOR FURTHER INFORMATION CONTACT**), to be placed on the public speaker list for this teleconference. To ensure an opportunity to speak during the public comment period of the teleconference, members of the public must register with the Council Coordinator. Registered speakers who wish to expand upon their oral statements, or those who had wished to speak but could not be

accommodated on the agenda, may submit written statements to the Council Coordinator up to 30 days subsequent to the teleconference.

Meeting Minutes

Summary minutes of the teleconference will be maintained by the Council Coordinator (see **FOR FURTHER INFORMATION CONTACT**) and will be available for public inspection within 90 days of the meeting and will be posted on the Council's Web site at <http://www.fws.gov/sfbpc>.

Rowan W. Gould,
Acting Director.

Final Anacostia Park Wetlands and Resident Canada Goose Management Plan/Environmental Impact Statement

AGENCY: National Park Service, U.S. Department of the Interior.

ACTION: Notice of Availability.

SUMMARY: The National Park Service (NPS) announces the availability of a Final Environmental Impact Statement (FEIS) for the Anacostia Park Wetlands and Resident Canada Goose Management Plan, Anacostia Park, Washington, DC The plan provides integrated tools to protect and manage previously restored wetlands in the park, as well as other park resources, including management of the resident Canada goose population.

DATES: The NPS will execute a Record of Decision (ROD) no sooner than 30 days from the date of publication of the Notice of Availability of the FEIS and Plan by the Environmental Protection Agency.

ADDRESSES: The FEIS and Plan is available in electronic format online at <http://parkplanning.nps.gov/anac>. This Web site also provides information where public review copies of the FEIS and Plan are available for viewing. A limited number of compact discs and hard copies of the FEIS and Plan are available at National Capital Parks-East, 1900 Anacostia Drive SE., Washington, DC 20020. You may also request a CD or hard copy by contacting Gopaul Noojibail, Acting Superintendent of National Capital Parks-East, 1900 Anacostia Drive SE., Washington, DC

20020, or by telephone at (202) 690-5127.

FOR FURTHER INFORMATION CONTACT:

Gopaul Noojibail, Acting Superintendent of National Capital Parks-East, 1900 Anacostia Drive SE., Washington, DC 20020, or by telephone at (202) 690-5127.

SUPPLEMENTARY INFORMATION: The FEIS and Plan responds to, and incorporates as appropriate, agency and public comments received on the Draft Environmental Impact Statement (DEIS) and Plan which was available for public review from July 21, 2011, to September 26, 2011. A public meeting, including hearing, was held on September 7, 2011, to gather input on the DEIS and Plan. Thirteen pieces of correspondence were received during the public review period. Agency and public comments and NPS responses are provided in Appendix F of the FEIS and Plan.

The FEIS and Plan evaluates five alternatives for managing wetlands and resident Canada geese in the park. The document describes and analyzes the environmental impacts of the no-action alternative and four action alternatives. When approved, the Plan will guide wetland and resident Canada goose management actions in Anacostia Park (including Kenilworth Park & Aquatic Gardens) over the next 15 years.

The alternatives included in this plan and FEIS are presented as a two-tiered approach, which includes techniques for wetland vegetation management and also for goose management. Wetland vegetation management includes the following elements: hydrology, vegetation, cultural/education, wetland restoration, and park operations.

Alternative B has been identified as the NPS preferred alternative. This alternative combines high wetland management and high goose management techniques, including lethal control. This alternative would provide the park with the maximum number of techniques to implement at most locations to best protect park resources.

This alternative includes the following wetland management techniques: Using adaptive management to monitor and manage vegetation for impacts due to excessive goose herbivory; working with the Washington, DC harbormaster to enforce no wake zones, which would minimize shoreline erosion; managing invasive species; a high density planting effort with persistent, native species at variable growth heights; removing the sheet piling along the Anacostia River Fringe Wetlands; increasing education and interpretation; improving trash

management; reducing impervious areas; and creating new rain gardens for improving stormwater management. The NPS would also commit to using adaptive management to monitor and manage the resident Canada goose population. Management actions are: lethal control (round-up, capture, euthanasia, and shooting) until the resident Canada goose population goal of 54 is met planting new buffers along the shorelines throughout the park; increasing the width of existing vegetation buffers; and reproductive control (egg addling). Additional wetland and resident Canada goose techniques available to the park are described in detail in the FEIS and plan, and would be implemented on as needed basis to achieve wetland and goose desired conditions. Many of these additional techniques would be subject to further planning and compliance.

Alternative B would fully meet the plan objectives and has more certainty of success than the other alternatives analyzed. The potential for implementing the maximum wetland and resident Canada goose management techniques would ensure that benefits to natural resources of the park are realized and sustained over the life of the plan.

Dated: May 2, 2014.

Stephen E. Whitesell,

*Regional Director, National Park Service,
National Capital Region.*
