The ASC oversees the real estate appraisal process as it relates to federally related transactions as defined in Title XI of the Financial Institutions Reform, Recovery and Enforcement Act of 1989. The 2010 Dodd-Frank Wall Street Reform and Consumer Protection Act included amendments to Title XI and expanded the ASC's authority to include rulemaking authority in four areas: (1) Temporary practice; (2) national registries; (3) information sharing; and (4) enforcement. The ASC is primarily seeking independent advice from ASCAC concerning sanctions ASCAC deems advisable for purposes of enforcement of regulations promulgated by the ASC to State appraiser regulatory programs.

*Title:* National Child Abuse and Neglect Data System.

*OMB No.* 0970–0424.

*Description:* The Administration on Children, Youth and Families in the U.S. Department of Health and Human Services (HHS) established the National Child Abuse and Neglect Data System (NCANDS) to respond to the 1988 and 1992 amendments (Pub. L. 100–294 and Pub. L. 102–295) to the Child Abuse Prevention and Treatment Act (42 U.S.C. 5101 *et seq.*), which called for the creation of a coordinated national data collection and analysis program, both universal and case-specific in scope, to examine standardized data on false, unfounded, or unsubstantiated reports.

In 1996, the Child Abuse Prevention and Treatment Act was amended by Public Law 104–235 to require that any State receiving the Basic State Grant work with the Secretary of the Department of Health and Human Services (HHS) to provide specific data on child maltreatment, to the extent practicable. These provisions were retained in the 2010 reauthorization of CAPTA (Pub. L. 113–320).

Each State to which a grant is made under this section shall annually work with the Secretary to provide, to the maximum extent practicable, a report that includes the following:

1. The number of children who were reported to the State during the year as victims of child abuse or neglect.

2. Of the number of children described in paragraph (1), the number with respect to whom such reports were—

- A. substantiated;
- B. unsubstantiated; or
- C. determined to be false.

3. Of the number of children described in paragraph (2)—

- A. the number that did not receive services during the year under the State program funded under this section or an equivalent State program;
- B. the number that received services during the year under the State program funded under this section or an equivalent State program; and
- C. the number that were removed from their families during the year by disposition of the case.

4. The number of families that received preventive services, including use of differential response, from the State during the year.

5. The number of deaths in the State during the year resulting from child abuse or neglect.

6. Of the number of children described in paragraph (5), the number of such children who were in foster care.

7. A. The number of child protective service personnel responsible for the—
  - i. intake of reports filed in the previous year;
  - ii. screening of such reports;
  - iii. assessment of such reports; and
  - iv. investigation of such reports.
 B. The average caseload for the workers described in subparagraph (A).

8. The agency response time with respect to each such report with respect to initial investigation of reports of child abuse or neglect.
