

following methods. All comments must include the name, address, and telephone number of the commenter.

**Mail:** Send paper comments to Ms. Catherine Gockel, Office of Water and Watersheds; USEPA Region 10; 1200 6th Ave., Suite 900, OWW-191; Seattle, Washington 98101.

**Email:** Send electronic comments to [catherin.gockel@epa.gov](mailto:catherin.gockel@epa.gov). Make sure to write "Comments on the Draft Tribal Marine Net Pen Enhancement Facilities General Permit" in the subject line.

**Fax:** Fax comments to the attention of Catherine Gockel at (206) 553-0325.

**Hand Delivery/Courier:** Deliver comments to Catherine Gockel, EPA Region 10, Office of Water and Watersheds, Mail Stop OWW-191, 1200 6th Avenue, Suite 900, Seattle, WA 98101-3140. Call (206) 553-0523 before delivery to verify business hours.

**Viewing and/or Obtaining Copies of Documents.** A copy of the draft General Permit and the Fact Sheet, which explains the proposal in detail, may be obtained by contacting EPA at 1 (800) 424-4372. Copies of the documents are also available for viewing and downloading at: [www.epa.gov/r10earth/waterpermits.htm](http://www.epa.gov/r10earth/waterpermits.htm).

Requests may also be made to Audrey Washington at (206) 553-0523 or [washington.audrey@epa.gov](mailto:washington.audrey@epa.gov).

**Public Hearing:** Persons wishing to request a public hearing should submit their written request by June 30, 2015 stating the nature of the issues to be raised as well as the requester's name, address, and telephone number to Catherine Gockel at the address above. If a public hearing is scheduled, notice will be published in the **Federal Register**. Notice will also be posted on the Region 10 Web site, and will be mailed to all interested persons receiving letters of the availability of the Draft General Permit.

**FOR FURTHER INFORMATION CONTACT:** Additional information can be obtained by contacting Catherine Gockel, Office of Water and Watersheds, U.S. Environmental Protection Agency, Region 10. Contact information is included above in the "Submitting Comments" Section.

#### Other Legal Requirements

**Endangered Species Act [16 U.S.C. 1531 et al.]** Section 7 of the Endangered Species Act (ESA) requires Federal agencies to consult with NOAA Fisheries (NMFS) and the U.S. Fish and Wildlife Service (USFWS) (the Services) if their actions have the potential to either beneficially or adversely affect any threatened or endangered species. EPA has analyzed the discharges proposed to be authorized by the draft

General Permit, and their potential to adversely affect any of the threatened or endangered species or their designated critical habitat areas in the vicinity of the discharges. Based on this analysis, EPA has determined that the issuance of this permit will have no effect to any threatened or endangered species in the vicinity of the discharge. Therefore, ESA consultation is not required.

**National Environmental Policy Act (NEPA) [42 U.S.C. 4321 et seq.] and Other Federal Requirements.** Regulations at 40 CFR 122.49, list the federal laws that may apply to the issuance of permits *i.e.*, ESA, National Historic Preservation Act, the Coastal Zone Act Reauthorization Amendments (CZARA), NEPA, and Executive Orders, among others. The NEPA compliance program requires analysis of information regarding potential impacts, development and analysis of options to avoid or minimize impacts; and development and analysis of measures to mitigate adverse impacts. EPA determined that no Environmental Assessments (EAs) or Environmental Impact Statements (EISs) are required under NEPA. EPA also determined that CZARA does not apply.

**Essential Fish Habitat (EFH).** The Magnuson-Stevens Fishery Management and Conservation Act requires EPA to consult with NOAA-NMFS when a proposed discharge has the potential to adversely affect a designated EFH. The EFH regulations define an adverse effect as "any impact which reduces quality and/or quantity of EFH . . . [and] may include direct (*e.g.* contamination or physical disruption), indirect (*e.g.* loss of prey, reduction in species' fecundity), site-specific or habitat-wide impacts, including individual, cumulative, or synergistic consequences of actions." NMFS may recommend measures for attachment to the federal action to protect EFH; however, such recommendations are advisory, and not prescriptive in nature. EPA has evaluated the Draft General Permit and has made the determination that issuance of the General Permit will have no effect on EFH.

**Executive Order 12866:** The Office of Management and Budget (OMB) exempts this action from the review requirements of Executive Order 12866 pursuant to Section 6 of that order.

**Economic Impact [Executive Order 12291]:** The EPA has reviewed the effect of Executive Order 12291 on this Draft General Permit and has determined that it is not a major rule pursuant to that Order.

**Paperwork Reduction Act [44 U.S.C. 3501 et seq.]** The EPA has reviewed the requirements imposed on regulated

facilities in the Draft General Permit and finds them consistent with the Paperwork Reduction Act of 1980, 44 U.S.C. 3501 *et seq.*

**Regulatory Flexibility Act [5 U.S.C. 601 et seq.]** The Regulatory Flexibility Act (RFA) requires that EPA prepare an initial regulatory flexibility analysis for rules subject to the requirements of the Administrative Procedures Act [APA, 5 U.S.C. 553] that have a significant impact on a substantial number of small entities. However, EPA has concluded that NPDES General Permits are not rulemakings under the APA, and thus not subject to APA rulemaking requirements or the RFA.

**Unfunded Mandates Reform Act:** Section 201 of the Unfunded Mandates Reform Act (UMRA), Public Law 104-4, generally requires Federal agencies to assess the effects of their regulatory actions (defined to be the same as rules subject to the RFA) on tribal, state, and local governments, and the private sector. However, General NPDES Permits are not rules subject to the requirements of the APA, and are, therefore, not subject to the UMRA.

**Authority:** This action is taken under the authority of Section 402 of the Clean Water Act as amended, 42 U.S.C. 1342. I hereby provide public notice of the Draft General Permit for Tribal Marine Net Pen Enhancement Facilities in Washington State in accordance with 40 CFR 124.10.

Dated: April 23, 2015.

#### Proposed Information Collection Request; Comment Request; Recordkeeping and Periodic Reporting of the Production, Import, Export, Recycling, Destruction, Transshipment, and Feedstock Use of Ozone-Depleting Substances (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency is planning to submit an information collection request (ICR), "Recordkeeping and Periodic Reporting of the Production, Import, Export, Recycling, Destruction, Transshipment, and Feedstock Use of Ozone-Depleting Substances (Renewal)" (EPA ICR No.

1432.31, OMB Control No. 2060–0170 to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection as described below. This is a proposed extension of the ICR, which is currently approved through June 30, 2015. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

**DATES:** Comments must be submitted on or before June 30, 2015.

**ADDRESSES:** Submit your comments, referencing the Docket ID No. listed above, online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

**FOR FURTHER INFORMATION CONTACT:** Staci Gatica, Stratospheric Protection Division, Office of Atmospheric Programs (6205J), Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 343–9469; fax number: (202) 343–2338; email address: [gatica.staci@epa.gov](mailto:gatica.staci@epa.gov).

**SUPPLEMENTARY INFORMATION:** Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the

accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

**Abstract:** This ICR authorizes the recordkeeping and reporting requirements established in the regulations stated in 40 CFR part 82, subpart A and as required by the United States' commitments under *The Montreal Protocol on Substances that Deplete the Ozone Layer* (Protocol). This information collection allows EPA to monitor the United States' compliance with the Protocol and Title VI of the Clean Air Act Amendments of 1990 (CAA).

Under its Protocol commitments, the United States is obligated to cease production and import of Class I controlled substances excluding chlorofluorocarbons (CFCs) that are subject to essential use exemptions, methyl bromide that is subject to critical use exemptions or exemptions for quarantine and preshipment uses, previously used material, and material that will be transformed, destroyed, or exported to developing countries. The Protocol also establishes limits and reduction schedules leading to the eventual phaseout of Class II controlled substances with similar exemptions beyond the phaseout. The CAA has its own limits on production and consumption of controlled substances that EPA must adhere to and enforce.

Under 40 CFR 82.13, producers, importers, exporters, and distributors of Class I ozone-depleting substances (ODS) must meet quarterly, annual, and/or transactional recordkeeping and reporting requirements.

The reporting and recordkeeping requirements for Class I ODS will enable EPA to: (1) Ensure compliance with the restrictions on production, import, and export of Class I controlled substances; (2) allow exempted production and import for certain uses and the

consequent tracking of that production and import; (3) address industry and Federal concerns regarding the illegal import of mislabeled used controlled substances; (4) satisfy the United States' obligations to report data under Article 7 of the Montreal Protocol; (5) fulfill statutory obligations under Section 603(b) of the CAA for reporting and monitoring; (6) provide information to report to the U.S. Congress on the production, use, and consumption of Class I controlled substances as statutorily required in Section 603(d) of Title VI of the CAA.

The reported data will enable EPA to maintain compliance with the Protocol requirements for annual data submission on the production of ODS and analyze technical use data to ensure that exemptions are used in accordance with requirements included in the annual authorization rulemakings.

**Respondents/affected entities:** Chemical Producers, Importers, and Exporters (CFCs); Research and Development (Laboratories); and MeBr Producers, Importers, Exporters, Distributors, and Applicators.

**Respondent's obligation to respond:** Mandatory.

**Estimated number of respondents:** 1143 (total).

**Frequency of response:** Quarterly, annually, occasionally.

**Total estimated burden:** 2583 hours (per year). Burden is defined at 5 CFR 1320.03(b).

**Total estimated cost:** \$277,085 (per year), includes \$5,535 annualized capital or operation & maintenance costs.

**Courtney Kerwin,**  
Acting Director, Collections Strategies  
Division.

[EPA–HQ–OPPT–2013–0677; FRL–9926–44]

### Receipt of Test Data Under the Toxic Substances Control Act

**AGENCY:** Environmental Protection  
Agency (EPA).

**ACTION:** Notice; correction.

**SUMMARY:** EPA issued a notice in the **Federal Register** of April 14, 2015, announcing its receipt of test data submitted pursuant to a test rule issued by EPA under the Toxic Substances Control Act (TSCA). As required by TSCA, this document identifies each chemical substance and/or mixture for
