

Now, therefore, the Board hereby grants to the Grantee the privilege of establishing a foreign-trade zone, designated on the records of the Board as Foreign-Trade Zone No. 293, as described in the amended application, and subject to the FTZ Act and the Board's regulations, including Section 400.13, to the Board's standard 2,000-acre activation limit, and to an ASF sunset provision for magnet sites that would terminate authority for Site 2 if not activated within eight years from the month of approval.

Signed at Washington, DC, this 11th day of June 2015.

**Penny Pritzker,**

*Secretary of Commerce, Chairman and Executive Officer, Foreign-Trade Zones Board.*

### International Trade Administration

[A-602-808]

#### **Silicomanganese From Australia: Postponement of Preliminary Determination of Antidumping Duty Investigation**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** Effective date June 19, 2015.

**FOR FURTHER INFORMATION CONTACT:** Magd Zalok at (202) 482-4162 or Robert Bolling at (202) 482-3434, AD/CVD Operations, Enforcement and Compliance, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On March 17, 2015, the Department of Commerce (the Department) published a notice of initiation of antidumping duty investigation of silicomanganese from Australia.<sup>1</sup> The notice of initiation stated that the Department, in accordance with section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the "Act"), and 19 CFR 351.205(b)(1), would issue its preliminary determinations for these investigations, unless postponed, no later than 140 days after the date of the initiation. The preliminary determination of this

antidumping duty investigation is currently due no later than July 29, 2015.

#### **Postponement of Preliminary Determinations**

Section 733(c)(1)(A) of the Act permits the Department to postpone the time limits for the preliminary determination if it receives a timely request from the petitioner for postponement. The Department may postpone the preliminary determination under section 733(c)(1) of the Act no later than the 190th day after the date on which the administering authority initiates an investigation.

On June 8, 2015, Felman Production, LLC ("Petitioner") and Eramet Marietta, Inc., collectively Domestic Producers, made a timely request pursuant to section 733(c)(1) of the Act and 19 CFR 351.205(e) for postponement of the preliminary determination in this investigation. Petitioner requested a 50-day postponement of the preliminary determination in order to allow the Department additional time to review the questionnaire responses and issue appropriate requests for clarification and additional information, given the complexity of this investigation. Petitioner submitted a request for postponement of the preliminary determination more than 25 days before the scheduled date of the preliminary determination. See 19 CFR 351.205(e).

Because Petitioner's request was timely and provided reasons for the request, and since the Department finds no compelling reasons to deny the request, the Department is postponing the deadline for the preliminary determination in accordance with section 733(c)(1)(A) of the Act and 19 CFR 351.205(b)(2) and (e) by 50 days to September 17, 2015. The deadline for the final determination will continue to be 75 days after the date of the preliminary determination unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: June 12, 2015.

#### **Fisheries of the South Atlantic; South Atlantic Fishery Management Council (SAFMC); Public Meetings**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public input meetings of the South Atlantic Fishery Management Council's Visioning Project (Draft Vision Blueprint for the snapper grouper fishery).

**SUMMARY:** The South Atlantic Fishery Management Council (Council) will hold a series of public input meetings to collect input on the draft Vision Blueprint for the snapper grouper fishery as part of the Council Visioning Project. The meetings will be held via webinar and also utilize comment stations.

**DATES:** The public input meetings will be conducted in two parts—a series of webinars on each draft strategic goal and a series of webinars/comment stations on the entire draft Vision Blueprint. Meeting dates and comment station locations will be posted on the Council's Web site, and publicized.

Part 1—The first series of meetings will be conducted via webinar only from July 7 through July 9, 2015. The first series of webinars will be conducted beginning at 10 a.m. and again at 7 p.m. on the following dates:

1. July 7, 2015—Draft Strategic Goal Area—Science
2. July 8, 2015—Draft Strategic Goal Area—Management
3. July 9, 2015—Draft Strategic Goal Areas—Communication & Governance

Registration is required to participate and registration information will be posted on the SAFMC Web site at [www.safmc.net](http://www.safmc.net) as it becomes available. Webinar registrants may test/confirm their computer set up for the webinar one hour prior to each hearing and contact Mike Collins at (843) 763-1050 to address any questions regarding webinar setup.

Part 2—The second series of meetings will be conducted between July 13 and July 30, 2015 beginning at 6 p.m. via webinar/comment stations (see **ADDRESSES**). Details regarding the comment station locations will be posted to the Visioning Project page of the Council's Web site at [www.safmc.net](http://www.safmc.net) as they become available.

<sup>1</sup> See *Silicomanganese From Australia: Initiation of Less-Than-Fair-Value Investigation*, 80 FR 13829 (March 17, 2015).

The public can participate in the meetings remotely by registering and participating via webinar or by attending the meeting in person at a comment station on the scheduled dates. Area Council representatives will be present at the comment stations to moderate the meetings. If participating by webinar, registration for each webinar is required. Registration information will be posted on the Visioning Project page on the Council's Web site at [www.safmc.net](http://www.safmc.net).

**SUPPLEMENTARY INFORMATION:** The South Atlantic Fishery Management Council is developing a long-term “vision” and strategic plan for managing the snapper grouper fishery. In December 2012, the Council began discussions about the steps and structure needed for undertaking a visioning and strategic planning project and the process for engaging stakeholders in the project. The Council views this as a project to work cooperatively with all stakeholders having fishery interests. The visioning and strategic planning project will evaluate and refine current goals, objectives and strategies for managing the snapper grouper fishery through informed public input via the 26 port meetings held in 2014 and Council member input. The purpose of the draft Vision Blueprint public input meetings is to have informal discussions with the public about the draft Vision Blueprint document and the proposed draft strategic goals, objectives and strategies. The schedule of meetings and documents pertaining to the Draft Vision Blueprint will be available under the Visioning Project page on the Council's Web site at [www.safmc.net](http://www.safmc.net).

During the webinars, Council staff will present an overview of the draft strategic goal areas and the draft Vision Blueprint and will be available for informal discussions and to answer questions via webinar. During the local comment stations, area Council representatives will be present and available for informal discussions and to answer questions. All webinars will be recorded and used to collect input on the Draft Vision Blueprint.

Written comments may be mailed, emailed, or submitted online using the Draft Vision Blueprint web comment form available on the Council's Web site. The Draft Vision Blueprint web comment form will be available under the Visioning Project page on the Council's Web site at [www.safmc.net](http://www.safmc.net). Comments may be mailed to Amber Von Harten, SAFMC (see ADDRESSES) or submitted via email to: [Mike.Collins@safmc.net](mailto:Mike.Collins@safmc.net). Note that email comments should specify “Draft Vision Blueprint” in the Subject Line of the email. Comments for the Draft Vision Blueprint will be accepted until 5 p.m. on September 1, 2015.

#### Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see ADDRESSES) 3 days prior to the meeting.

#### Final NOAA Restoration Center Programmatic Environmental Impact Statement

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of availability of a Final Programmatic Environmental Impact Statement.

**SUMMARY:** The National Marine Fisheries Service is providing notice that the Final NOAA Restoration Center (RC) Programmatic Environmental Impact Statement (PEIS) is complete and available. The NOAA RC proposes to fund or otherwise implement habitat restoration activities through its existing programmatic framework and related procedures. The NOAA RC programs, which are authorized to conserve and manage coastal and marine resources, will support, fund, or otherwise implement habitat restoration activities throughout the coastal United States.

NOAA RC identified a suite of appropriate restoration approaches that it believes will most effectively conserve and restore the coastal and marine resources, and the ecosystem services they provide under NOAA trusteeship. The PEIS evaluates the potential impacts to the human and natural environment of implementing these approaches and sets the stage so that future decisions by NOAA at the project-specific level can be documented as included under, or effectively tiered from, this programmatic analysis.
