

appropriate to vest in such person full title and right to all of the funds, property, or claims vested in the Council or in said joint trustees.

(c) Any funds collected pursuant to this part and held by such joint trustees or such person over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the joint trustees or such other person in the performance of their duties under this subpart, as soon as practicable after the termination hereof, shall be returned to the handlers pro rata in proportion to their contributions thereto.

(d) Any person to whom funds, property, or claims have been transferred or delivered by the Council, upon direction of the Secretary, as provided in this part, shall be subject to the same obligations and duties with respect to said funds, property, or claims as are imposed upon said joint trustees.

§ 986.96 Amendments.

Amendments to this part may be proposed from time to time by the Council or by the Secretary.

***§ 986.97 Counterparts.**

Handlers may sign an agreement with the Secretary indicating their support for this marketing order. This agreement may be executed in multiple counterparts by each handler. If more than fifty percent of the handlers, weighted by the volume of pecans handled during a representative period, enter into such an agreement, then a marketing agreement shall exist for the pecans marketing order. This marketing agreement shall not alter the terms of this part. Upon the termination of this part, the marketing agreement has no further force or effect.

***§ 986.98 Additional parties.**

After this part becomes effective, any handler may become a party to the marketing agreement if a counterpart is executed by the handler and delivered to the Secretary.

***§ 986.99 Order with marketing agreement.**

Each signatory handler hereby requests the Secretary to issue, pursuant to the Act, an order for regulating the handling of pecans in the same manner as is provided for in this agreement.

Subpart B—[Reserved]

Dated: June 26, 2015.

Rex Barnes,
Associate Administrator, Agricultural
Marketing Service.

BILLING CODE 3410-02-P

DEPARTMENT OF ENERGY

10 CFR Part 431

[Docket No. EERE-2015-BT-STD-0008]

RIN 1904-AD52

Energy Conservation Program for Certain Industrial Equipment: Energy Conservation Standards for Dedicated-Purpose Pool Pumps

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Reopening of public comment period.

SUMMARY: On May 8, 2015, the U.S. Department of Energy (DOE) published in the **Federal Register** (80 FR 26475) a Request for Information (RFI) that requests information regarding potential energy efficiency standards for pool pumps established under the Energy Policy and Conservation Act. DOE published the RFI to solicit information to help DOE determine the feasibility of developing energy conservation standards and an appropriate test procedure for this equipment. The RFI outlines the potential scope that could be involved in regulating dedicated-purpose pool pumps, possible industry-based testing methods that could be used to evaluate the efficiency of this equipment, and the types of information that would be needed in analyzing the potential for setting standards for this equipment. It also solicits the public for information to help inform DOE's efforts in evaluating the prospect of regulating this equipment. The comment period for the RFI pertaining to the subject dedicated-purpose pool pumps was scheduled to end June 22, 2015. After receiving a request for additional time to comment, DOE has decided to reopen the comment period for the RFI pertaining to the potential energy efficiency standards for pool pumps until August 17, 2015.

DATES: DOE will accept comments, data, and information regarding the notice of proposed rulemaking no later than August 17, 2015.

ADDRESSES: *Instructions:* All comments submitted must identify the RFI for Energy Conservation Standards for Dedicated-Purpose Pool Pumps, and provide docket number EERE-2015-BT-STD-0008 and/or regulatory information number (RIN) number 1904-AD52. Comments may be submitted using any of the following methods:

1. *Federal eRulemaking Portal:* www.regulations.gov. Follow the instructions for submitting comments.

2. *Email:* PoolPumps2015STD0008@ee.doe.gov. Include the docket number and/or RIN in the subject line of the message. Submit electronic comments in Word Perfect, Microsoft Word, PDF, or ASCII file format, and avoid the use of special characters or any form on encryption.

3. *Postal Mail:* Ms. Brenda Edwards, U.S. Department of Energy, Building Technologies Office, Mailstop EE-5B, 1000 Independence Avenue SW., Washington, DC 20585-0121. If possible, please submit all items on a compact disc (CD), in which case it is not necessary to include printed copies.

4. *Hand Delivery/Courier:* Ms. Brenda Edwards, U.S. Department of Energy, Building Technologies Office, 950 L'Enfant Plaza SW., Suite 600, Washington, DC 20024. Telephone: (202) 586-2945. If possible, please submit all items on a CD, in which case it is not necessary to include printed copies.

No telefacsimilies (faxes) will be accepted.

Docket: The docket, which includes **Federal Register** notices, public meeting attendee lists and transcripts, comments, and other supporting documents/materials, is available for review at www.regulations.gov. All documents in the docket are listed in the www.regulations.gov index. However, not all documents listed in the index may be publically available, such as those containing information that is exempt from public disclosure.

A link to the docket Web page can be found at: <http://www.regulations.gov/#!docketDetail;D=EERE-2015-BT-STD-0008>. This Web page contains a link to the docket for this notice on the www.regulations.gov site. The www.regulations.gov Web page contains simple instructions on how to access all documents, including public comments, in the docket.

For further information on how to submit a comment or review other public comments and the docket, contact Ms. Brenda Edwards at (202) 586-2945 or by email: Brenda.Edwards@ee.doe.gov.

FOR FURTHER INFORMATION CONTACT: Mr. John Cymbalsky, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Building Technologies Office, EE-5B, 1000 Independence Avenue SW., Washington, DC 20585-0121. Telephone: (202) 287-1692. Email: pumps@ee.doe.gov.

Mr. Michael Kido, U.S. Department of Energy, Office of the General Counsel, GC-33, 1000 Independence Avenue SW., Washington, DC 20585-0121.

Telephone: (202) 586-8145. Email: michael.kido@hq.doe.gov.

For information on how to submit or review public comments and the docket, contact Ms. Brenda Edwards at (202) 586-2945 or by email: Brenda.Edwards@ee.doe.gov.

SUPPLEMENTARY INFORMATION: DOE published an RFI in the **Federal Register** to solicit information to help DOE determine the feasibility of developing energy conservation standards and an appropriate test procedure for this equipment. The RFI also solicited the public for information to help inform DOE's efforts in evaluating the prospect of regulating this equipment. The comment deadline had been set for June 22, 2015.

The Association of Pool & Spa Professionals requested a 90-day extension of the comment period to sufficiently prepare and submit comments. After careful consideration of the request, DOE has determined that reopening the comment period to allow additional time for interested parties to submit comments is appropriate based on the foregoing reason. Specifically, DOE believes that reopening the comment period by 45 days will provide the public with sufficient time to submit comments responding to DOE's RFI. Accordingly, DOE is reopening the comment period and will deem any comments received (or postmarked) to be timely submitted.

Issued in Washington, DC, on June 25, 2015.

Kathleen B. Hogan,

Deputy Assistant Secretary for Energy Efficiency, Energy Efficiency and Renewable Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2015-1990; Directorate Identifier 2015-NM-027-AD]

RIN 2120-AA64

Airworthiness Directives; The Boeing Company Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for certain The Boeing Company Model 737-400 series airplanes, as modified by a certain

supplemental type certificate. This proposed AD was prompted by the discovery of a design drawing error regarding placards that identified incorrect squibs and pressure switches for certain fire extinguisher bottles. This proposed AD would require a detailed inspection of certain cargo placards to determine if they are the correct placards and in the correct location, a detailed inspection of the harnesses to verify that they are marked and installed correctly, and corrective action if necessary. We are proposing this AD to detect and correct incorrectly installed harnesses for the cargo fire suppression system bottles, which could result in an incorrect activation sequence of the bottles, the inability to suppress a cargo fire quickly, and a possible uncontrollable fire.

DATES: We must receive comments on this proposed AD by August 17, 2015.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the instructions for submitting comments.
- Fax: 202-493-2251.
- Mail: U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590.
- Hand Delivery: Deliver to Mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For service information identified in this proposed AD, contact Advanced Aircraft Extinguishers, 1052 SW Luttrell, Blue Springs, MO 64015; telephone: 816-228-3322; Internet www.aae-ltd.com. You may view this referenced service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425-227-1221.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov> by searching for and locating Docket No. FAA-2015-1990; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this proposed AD, the regulatory evaluation, any comments received, and other information. The street address for the Docket Office (phone: 800-647-5527) is in the **ADDRESSES** section. Comments will be

available in the AD docket shortly after receipt.

FOR FURTHER INFORMATION CONTACT: Paul DeVore, Aerospace Engineer, Systems and Propulsion Branch, ACE-116W, FAA, Wichita ACO, 1801 Airport Road, Room 100, Mid-Continent Airport, Wichita, KS 67209; phone: 316-946-4142; fax: 316-946-4107; email: paul.devore@faa.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

We invite you to send any written relevant data, views, or arguments about this proposal. Send your comments to an address listed under the **ADDRESSES** section. Include "Docket No. FAA-2015-1990; Directorate Identifier 2015-NM-027-AD" at the beginning of your comments. We specifically invite comments on the overall regulatory, economic, environmental, and energy aspects of this proposed AD. We will consider all comments received by the closing date and may amend this proposed AD because of those comments.

We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. We will also post a report summarizing each substantive verbal contact we receive about this proposed AD.

Discussion

We have received a report of a design drawing error regarding the placement of placards that identify the squibs and pressure switches for halon fire extinguisher bottles Number 1 and Number 2. Electrical harnesses for the cargo fire suppression system bottles may consequently be reversed, which would cause an incorrect activation sequence of the bottles, *i.e.*, the initial high-rate "knockdown" agent discharge will not be released until after a 5-minute time delay rather than immediately as intended. This condition, if not corrected, could result in an incorrect activation sequence of the bottles, the inability to suppress a cargo fire quickly, and a possible uncontrollable fire.

Related Service Information Under 14 CFR Part 51

We reviewed Advanced Aircraft Extinguishers Service Bulletin TFA10-26-0020, Revision IR, dated January 12, 2015. The service information describes procedures for a detailed inspection of Advanced Aircraft Extinguishers (AAE) cargo fire protection system (FPS) placards to determine if they are the correct placards and in the correct location, and a detailed inspection of
