Draft Environmental Impact Statement and Visitor Use Management Plan for Delaware Water Gap National Recreation Area, Pennsylvania and New Jersey

AGENCY: National Park Service, Interior.

ACTION: Notice of intent.

SUMMARY: The National Park Service (NPS) is preparing an Environmental Impact Statement (EIS) for the Visitor Use Management Plan for Delaware Water Gap National Recreation Area (DEWA), in New Jersey and Pennsylvania. This effort will examine current and potential visitor opportunities and will develop long-term strategies for protecting resources while providing access, connecting visitors to key visitor experiences, and managing use. The planning process will also involve evaluating the zones in the 1987 General Management Plan (GMP), and may include updating the zoning scheme as needed through a GMP amendment. This notice initiates the public participation and scoping process for the EIS. The public is invited to comment on the purpose, need, objectives, preliminary management options, or any other issues associated with the proposal.

DATES: The public scoping period will commence on the date this notice is published in the **Federal Register** and last for at least 30 days. The NPS will hold public meetings near the park and surrounding region to provide the public an opportunity to review the proposal and project information. The place and time of public scoping meetings will be announced by the NPS in local newspapers serving the area. Scoping and other periodic public meeting notices and information regarding the visitor use management plan will also be placed on the PEPC Web site at <http://parkplanning.nps.gov/dewa> for continuing public review and comment.

ADDRESSES: A scoping brochure and other materials describing the overall purpose, issues, and possible management strategies may be obtained from the PEPC Web site: [http://](http://parkplanning.nps.gov/dewa)

parkplanning.nps.gov/dewa, from the national recreation area's Information Desk at Delaware Water Gap National Recreation Area, Headquarters, 1978 River Road, Bushkill, PA 18324; or via telephone at (570) 426-2452.

If you wish to comment on the scoping brochure or any other issues associated with the Plan, you may mail or hand-deliver comments to Delaware Water Gap National Recreation Area Attn: VUM Plan, 1978 River Road, Bushkill, PA 18324; or comment via the Internet at <http://parkplanning.nps.gov/dewa>.

FOR FURTHER INFORMATION CONTACT:

Leslie Morlock, Chief of Strategic Planning and Project Management, Delaware Water Gap National Recreation Area, 1978 River Road, Bushkill, PA 18324, telephone (570) 296-6952 extension 10, or by email at leslie_morlock@nps.gov; or Ericka Pilcher, Visitor Use Management Specialist, Denver Service Center Planning Division, 12795 West Alameda Parkway, Littleton, CO 80228, telephone (303) 969-6673, or by email at ericka_pilcher@nps.gov.

SUPPLEMENTARY INFORMATION: In recent years, areas within Delaware Water Gap National Recreation Area have experienced changes in the amounts and patterns of use by visitors and local residents. This use is affecting park natural and cultural resources in ways unanticipated since the finalization of the park's General Management Plan in 1987. As a result, and pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, the NPS is beginning a comprehensive planning and environmental impact statement process to determine how best to protect park resources and values while providing appropriate opportunities for visitor use, experience, and enjoyment of the recreation area. Delaware Water Gap National Recreation Area encompasses a portion of a national scenic trail and a wild and scenic river.

Several statutes, including the National Parks and Recreation Act, Wild and Scenic Rivers Act, and National Trails System Act, expressly require federal agencies to address visitor capacity. Therefore, the comprehensive understanding of visitor use throughout the park would also assist in setting visitor capacities for the river and feed into future planning. This Plan will: (1) Be grounded in the recreation area's purpose, significance, and fundamental and other important resources and values; (2) clearly define the necessary conditions for park visitors to understand, enjoy, and appreciate these

resources and values; (3) identify the desired conditions for visitor experiences linked to these resources and values; (4) establish indicators, standards, and management strategies for maintaining these desired conditions; and (5) establish visitor capacities where needed.

A range of management strategies, including the potential rezoning of some park areas, will be developed to address long term management of visitor use and protection of natural and cultural resources in the national recreation area. These will be presented for public comment during public scoping to help develop alternatives, including a "no-action alternative," for the Plan. The Plan will also explore management approaches that can be adapted to changing conditions, identifying indicators and thresholds, develop monitoring systems to assure the protection of resources, and continue to provide a quality visitor experience.

Before including your address, phone number, email address, or other personal identifying information in any comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: June 1, 2015.

Michael A. Caldwell,

Regional Director, Northeast Region, National Park Service.

Notice of Termination of the Environmental Impact Statement for the General Management Plan for Martin Van Buren National Historic Site, New York

AGENCY: National Park Service, Interior.

ACTION: Notice of termination.

SUMMARY: The National Park Service (NPS) is preparing a general management plan (GMP) for Martin Van Buren National Historic Site. A Notice of Intent to prepare an environmental impact statement (EIS) for the GMP was published in the **Federal Register** on December 11, 2007. The NPS has decided to terminate the EIS and

instead, has prepared an environmental assessment (EA) for the GMP (GMP/EA).

DATES: The GMP/EA is expected to be distributed for public review and comment during the summer of 2015. The NPS will provide information on when the GMP/EA will be released for public review, the dates of the public comment period, and the dates that public meetings will be held on the park's planning Web site at <http://parkplanning.nps.gov/mava> and through local and regional media.

ADDRESSES: Refer to the park's planning Web site at <http://parkplanning.nps.gov/mava> for additional information on where and how to obtain a copy of the GMP/EA, how to comment on the GMP/EA, and locations of upcoming public meetings.

FOR FURTHER INFORMATION CONTACT: Jim O'Connell, Project Manager; NPS/Northeast Region; 15 State Street; Boston, MA 02019 or Sarah Olson, Superintendent; Martin Van Buren NHS; 1013 Old Post Road; Kinderhook, NY 12106.

SUPPLEMENTARY INFORMATION: The GMP for Martin Van Buren National Historic Site will provide long-term guidance for resource management, visitor services, and interpretive programming. The three GMP alternatives evaluated in the GMP/EA focus on management of lands added to the park in 2009, maintaining and protecting resources, visitor use, facilities, access, interpretation, and NPS operations in the park as a whole. GMP planning and alternatives development incorporated input from park partners and cooperators; participants in local community meetings; consultation with local, regional, and national government agencies; and comments gathered at a 2009 public scoping session. The public was informed about the process and invited to participate through newsletters, emails, letters, and response cards.

The GMP was originally scoped as an EIS; however, internal discussions and input received during public and agency scoping did not raise any potentially significant environmental issues nor has the impact analysis identified any potentially significant adverse impacts. It is also noted that many of the actions proposed in the GMP/EA will have benefits to the park's resources, operational needs, and visitor experiences. For these reasons the NPS determined that an EA is the appropriate level of environmental review for the GMP.

Dated: June 18, 2015.

Jonathan Meade,

*Deputy Regional Director, Northeast Region,
National Park Service.*

BILLING CODE 4310-WV-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-925]

Certain Communications or Computing Devices and Components Thereof Commission Determination Not To Review an Initial Determination Terminating the Investigation in Its Entirety Based Upon Settlement; Termination of Investigation; and Vacatur of Order No. 34

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the presiding administrative law judge has issued a final initial determination and recommended determination on remedy and bonding in the above-captioned investigation. The Commission is soliciting comments on public interest issues raised by the recommended relief, specifically a limited exclusion order against certain marine sonar imaging systems, products containing the same, and components thereof, imported by respondents Garmin International, Inc.; Garmin North America, Inc.; Garmin USA, Inc., each of Olathe, Kansas, and Garmin Corporation of New Taipei City, Taiwan, and a cease and desist order against the domestic respondents. This notice is soliciting public interest comments from the public only. Parties are to file public interest submissions pursuant to 19 CFR 210.50(a)(4).

FOR FURTHER INFORMATION CONTACT: Panyin A. Hughes, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-3042. The public version of the complaint can be accessed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>, and will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on EDIS at <http://>

edis.usitc.gov. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on August 21, 2014, based on a Complaint filed by Enterprise Systems Technologies S.a.r.l. of Luxembourg ("Enterprise"). 79 FR 49537-38 (Aug. 21, 2014). The Complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain communications or computing devices and components thereof by reason of infringement of certain claims of U.S. Patent Nos. 6,691,302 ("the '302 patent"); 5,870,610; 6,594,366; and 7,454,201. The notice of investigation named the following respondents: HTC Corporation of Taoyuan, Taiwan; HTC America, Inc. of Bellevue, Washington; LG Electronics Inc. of Seoul, Republic of Korea; LG Electronics USA, Inc. of Englewood Cliffs, New Jersey; LG Electronics MobileComm U.S.A., Inc. of San Diego, California; Samsung Electronics Co. Ltd. of Seoul, Republic of Korea; Samsung Electronics America, Inc. of Ridgefield Park, New Jersey; Samsung Telecommunications America, LLC of Richardson, Texas (collectively, "Remaining Respondents"); Apple Inc. of Cupertino, California ("Apple"); and Cirrus Logic Inc. of Austin, Texas ("Cirrus"). The Office of Unfair Import Investigations was also named as a party to the investigation.

On September 9, 2014, the ALJ issued an initial determination, Order No. 6, granting intervenor status to Google Inc. of Mountain View, California ("Google"). On March 9, 2015, the ALJ issued an ID, Order No. 20, terminating the investigation as to Cirrus. On June 5, 2015, the ALJ issued an ID, Order No. 37, terminating the investigation as to Apple. The Commission determined not to review those IDs.

On May 21, 2015, the ALJ issued Order No. 34, an initial determination terminating the '302 patent from the investigation based upon a lack of standing. Enterprise filed a petition for review on May 28, 2015. The parties subsequently moved for a 60-day extension to file any further briefing on the issue. The Commission granted the motion on June 1, 2015, and extended the date for determining whether to review Order No. 34 to August 21, 2015. Thus, Order No. 34 remains outstanding.
