

National Environmental Policy Act (NEPA)

NMFS prepared an Environmental Assessment (EA) and a Supplemental Environmental Assessment (SEA) for the take of marine mammals incidental to construction of the East Span of the SF-OBB and made Findings of No Significant Impact (FONSI) on November 4, 2003 and August 5, 2009. Due to the modification of part of the demolition of the original SFOBB using controlled implosion and the associated mitigation and monitoring measures, NMFS prepared an SEA and analyzed the potential impacts to marine mammals that would result from the modification. A Finding of No Significant Impact (FONSI) was signed in September 2015. A copy of the EA and FONSI is available upon request (see **ADDRESSES**).

Authorization

NMFS has issued an IHA to CALTRANS for the potential harassment of small numbers of four marine mammal species incidental to the SFOBB Pier E3 demolition via controlled implosion in San Francisco Bay, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated.

Dated: September 18, 2015.

SUPPLEMENTARY INFORMATION:

Agenda

Tuesday, October 13, 2015

The Committee will review information provided by the Council's Scallop PDT and recommend the overfishing levels (OFLs) and acceptable biological catches (ABC) for Atlantic sea scallops for fishing years 2016 and 2017.

The Committee will also review recent stock assessment information from the 2015 Groundfish Operational Assessments updates and information provided by the Council's Groundfish Plan Development Team (PDT) and recommend the overfishing levels (OFLs) and acceptable biological catches (ABCs) for all groundfish stocks (except for Georges Bank yellowtail flounder) managed under the Northeast Multispecies Fishery Management Plan for fishing years 2016-18.

Wednesday, October 14, 2015

The Committee will continue to review information on and develop

recommendations for OFLs and ABC for Northeast multispecies groundfish for fishing years 2016–18 and address other business as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

SUPPLEMENTARY INFORMATION:

Background

The Commission was established to provide advice to the Secretary on the Department's national laboratories. The Commission will review the DOE national laboratories for alignment with the Department's strategic priorities, clear and balanced missions, unique capabilities to meet current energy and national security challenges, appropriate size to meet the Department's energy and national security missions, and support of other Federal agencies. The Commission will also look for opportunities to more effectively and efficiently use the capabilities of the national laboratories and review the use of laboratory directed research and development (LDRD) to meet the Department's science, energy, and national security goals. The Commission will report its findings and conclusions to the Secretary of Energy and the Committees on Appropriations of the House of Representatives and the Senate.

The draft Final Report of the Lab Commission has been posted to the Commission's Web site (<http://energy.gov/labcommission>). A public comment period is now open through September 25, 2015. Individuals and representatives of organizations who would like to offer written comments and suggestions may do so by emailing crenel@hq.doe.gov no later than September 25, 2015.

Purpose of the Meeting: This meeting is the final public meeting of the Commission.

Tentative Agenda: The meeting will start at 1:00 p.m. on October 23, 2015. The tentative meeting agenda includes discussion on the draft Final Report of the Commission. The Commissioners will address comments they have received on the report and hear any additional comments from members of the public on the Conference Call. The meeting will conclude at 2:00 p.m. Agenda updates or changes will be posted on the Lab Commission's Web site: <http://energy.gov/labcommission>.

Public Participation: The meeting is open to the public. Individuals who would like to participate in the
