Abstract of proposed collections: The export, temporary import, and brokering of defense articles, defense services, and related technical data are licensed by the Directorate of Defense Trade Controls (DDTC) in accordance with the International Traffic in Arms Regulations (“ITAR,” 22 CFR 120–130) and Section 38 of the Arms Export Control Act. Those who manufacture or export or temporarily import defense articles, defense services, and related technical data, or the brokering thereof, must register with the Department of State. Persons desiring to engage in export, temporary import, and brokering activities must submit an application or written request to conduct the transaction to the Department to obtain a decision whether it is in the interests of U.S. foreign policy and national security to approve the transaction. Also, registered brokers must submit annual reports regarding all brokering activity that was transacted, and registered manufacturers and exporter must maintain records of defense trade activities for five years.

• **1405–0002, Statement of Registration:** The Directorate of Defense Trade Controls (DDTC) is responsible for the collection of registration fees from persons in the business of manufacturing, exporting, and/or brokering defense articles or defense services.

• **1405–0141, Annual Brokering Report:** In accordance with Part 129 of the International Traffic in Arms

Regulations, U.S. and foreign persons required to register as a broker shall provide annually a report to DDTC enumerating and describing brokering activities by quantity, type, U.S. dollar value, purchaser/recipient, and license number for approved activities and any exemptions utilized for other covered activities.

• **1405–0142, Brokering Prior Approval (License):** In accordance with Part 129 of the ITAR, U.S. and foreign persons who wish to engage in ITAR-controlled brokering activity of defense articles and defense services must first register with DDTC. Brokers must then submit a written request for approval to DDTC and receive DDTC’s consent prior to engaging in such activities unless exempted.

• **1405–0173, Request to Change End User, End Use and/or Destination of Hardware:** This information collection is used to request DDTC approval prior to any sale, transfer, transshipment, or disposal, whether permanent or temporary, of classified or unclassified defense articles to any end user, end use, or destination other than as stated on a license or other approval.

• **1405–0174, Request for an Advisory Opinion:** A Request for Advisory Opinion is submitted when an exporter wants an opinion from the Directorate of Defense Trade Controls on whether it would likely grant a license or other approval for an export transaction involving defense articles and defense services.

• **1405–0179, Voluntary Disclosures:** Section 127.12 of the International Traffic in Arms Regulations (ITAR) encourages the voluntary disclosure of information to the Directorate of Defense Trade Controls by persons who believe they may have violated any provision of the Arms Export Control Act (AECA), ITAR, or any order, license, or other authorization issued under the AECA.

Methodology: This information collection may be sent to the Directorate of Defense Trade Controls via the following methods: Electronically or mail.

Federal Transit Administration

Federal Transit Administration Notice To Rescind the Record of Decision (ROD) for the Baltimore Red Line Project Baltimore County and City, Maryland

AGENCY: Federal Transit Administration, DOT.

ACTION: Rescind the Record of Decision.

SUMMARY: The Federal Transit Administration (FTA), in cooperation with the Maryland Transit Administration (MTA), is issuing this notice to advise the public that the Record of Decision (ROD) for the proposed Red Line Project in Baltimore County and City in Maryland is being rescinded.

FOR FURTHER INFORMATION CONTACT: Ms. Kathleen Zubrzycki, Community Planner, Federal Transit Administration Region III, 1760 Market St., Suite 500, Philadelphia, PA, 19103-4124 phone 215-656-7262 email kathleen.zubrzycki@dot.gov.

SUPPLEMENTARY INFORMATION: The FTA, as the lead federal agency, in cooperation with MTA published a ROD on February 28, 2013 for the Red Line project, a 14-miles light rail transit line from the Centers of Medicare & Medicaid Services in Baltimore County to the Johns Hopkins Bayview Medical Center campus in Baltimore City. The transitway proposed a combination of surface, tunnel and aerial segments with 19 stations (14 surface and 5 underground); three new park-and-ride facilities, and other ancillary facilities. Since issuance of the ROD, MTA notified FTA that federal funds will not be pursued and that the project is cancelled as directed by the Governor of Maryland. Therefore, FTA has determined that the ROD for the Final Environmental Impact Statement dated December 4, 2012 will be rescinded since there will be no federal action, and the requirements of the National Environmental Policy Act pursuant to 42 U.S.C. 4321, *et seq.* and 23 Code of Federal Regulations 771 no longer apply. Comments and questions concerning the proposed action should be directed to FTA at the address provided above.

Terry Garcia Crews,

Regional Administrator, Federal Transit Administration, Region III.
