Buy America Waiver Notification

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice.

SUMMARY: This notice provides information regarding FHWA's finding that a Buy America waiver is appropriate for the use of non-domestic Vanessa 30,000 series water line valves (two 42 inch, three 16 inch, and one 8 inch) for the Woodmen Road corridor improvement project, phase 2 in Colorado Springs, Colorado.

DATES: The effective date of the waiver is October 16, 2015.

Background

The FHWA's Buy America policy in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when the application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. This notice provides information regarding FHWA's finding that a Buy America waiver is appropriate for use of non-domestic Vanessa 30,000 series water line valves (two 42 inch, three 16 inch, and one 8 inch) for the Woodmen Road corridor improvement project, phase 2, in Colorado Spring, Colorado. These waterline materials are required to relocate an existing 42 inch high pressure water line outside of the roadway. These valves would meet a zero leakage performance that is necessary for worker safety during water line construction.

In accordance with Division K, section 122 of the "Consolidated and Further Continuing Appropriations Act, 2015" (Pub. L. 113–235), FHWA published a notice of intent to issue a waiver on its Web site (<http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=111>) on August 18. The FHWA received no comments in response to the publication. Based on all the information available to the agency, FHWA concludes that there are no domestic manufacturers of Vanessa 30,000 series water line valves.

In accordance with the provisions of section 117 of the SAFETEA–LU Technical Corrections Act of 2008 (Pub. L. 110–244, 122 Stat. 1572), FHWA is providing this notice as its finding that a waiver of Buy America requirements is appropriate. The FHWA invites public comment on this finding for an additional 15 days following the effective date of the finding. Comments may be submitted to FHWA's Web site

via the link provided to the waiver page noted above.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this notice may be downloaded from the **Federal Register's** home page at <http://www.archives.gov>. An electronic version of the application materials and proposed MOU may be downloaded by accessing the DOT docket, as described above, at <http://www.regulations.gov/>.

Background

Section 327 of title 23, United States Code (23 U.S.C. 327), allows the Secretary of the DOT (Secretary), to assign, and a State to assume, responsibility for all or part of FHWA's responsibilities for environmental review, consultation, or other actions required under any Federal environmental law with respect to one or more Federal-aid highway projects within the State pursuant to regulations promulgated by the Council on Environmental Quality under part 1500 of title 40, Code of Federal Regulations (CFR) (as in effect on October 1, 2003). The FHWA is authorized to act on behalf of the Secretary with respect to these matters.

Under the proposed MOU, FHWA would assign to the State, through ODOT, the responsibility for making decisions on the following types of highway projects:

1. All Class I, or environmental impact statement (EIS) projects, both on the State highway system (SHS) and local government projects off the SHS that are funded by FHWA or require FHWA approvals.

2. All Class II, or categorically excluded (CE), projects, both on the SHS and local government projects off the SHS that are funded by FHWA or require FHWA approvals.

3. All Class III, or environmental assessment (EA) projects, both on the SHS and local government projects off the SHS that are funded by FHWA or require FHWA approvals.

4. Projects funded by other Federal agencies [or projects without any Federal funding] of any Class that also includes funding by FHWA or require FHWA approvals. For these projects, ODOT would not assume the NEPA responsibilities of other Federal agencies.

Excluded from assignment are highway projects authorized under 23 U.S.C. 202 and 203, highway projects under 23 U.S.C. 204 unless the project will be designed and constructed by ODOT, projects that cross State boundaries, and projects that cross or is adjacent to international boundaries.

The following projects are examples of projects that will not be assigned because they are projects that cross State borders:

- HAM–50/State Line Road Improvements, PID 93507
- HAM–IR 71/IR 75–0.00/0.22–Brent Spence Bridge, PID 75119
- SCI–US23–0.00, PID 98150
- JEF–Wellsburg Bridge, PID 79353

The assignment also would give the State the responsibility to conduct the following environmental review, consultation, and other related activities:

Air Quality

- Clean Air Act (CAA), 42 U.S.C. 7401–7671q, with the exception of any project level conformity determinations

Noise

- Noise Control Act of 1972, 42 U.S.C. 4901–4918
- Airport Noise and Capacity Act of 1990, 49 U.S.C. 47251–47534
- Compliance with the noise regulations in 23 CFR 772

Wildlife

- Section 7 of the Endangered Species Act of 1973, 16 U.S.C. 1531–1544
- Marine Mammal Protection Act, 16 U.S.C. 1361–1423h
- Anadromous Fish Conservation Act, 16 U.S.C. 757a–757f
