

providing notice in this action of eight former refrigerant reclaimers that no longer are certified to reclaim refrigerants. All of these revocations have previously been noted on EPA's Web site at www.epa.gov/ozone/title6/608/reclamation/recrevoke.html. Six of these reclaimers have requested to be removed from the list of certified reclaimers. They are: Rocky Mountain Reclamation, Inc. in Denver, CO; Star Refrigerants in Fort Worth, TX; Teris, LLC in El Dorado, AR; Cryo-Line Supplies USA, Inc. in Henderson, NV; Refrigerant Recovery, Inc. in Milwaukee, WI; and South Florida Trane Service in Miami, FL.

Two other reclaimers, Polar Refrigerant in South Hampton, NH, and Refrigerant Services, Inc. in Imperial Beach, CA, had their certification revoked for failing to comply with the recordkeeping and reporting requirements in 40 CFR 82.166. The dates of revocation are noted on EPA's Web site and in the **DATES** section of this notice. EPA sent letters to these two companies in November 2009, and February 12, 2009, respectively, that included an explanation of the basis for EPA's decision.

II. Pending Suspensions and Revocations and Voluntary Withdrawals

In accordance with the standards for certifying programs, codified at appendix D of 40 CFR part 82, subpart F, technician certifying programs must submit an activity report to EPA on a biannual basis (by every January 30 and June 30) that provides certain information about the certification tests submitted. 15 programs have repeatedly failed to submit their activity reports.

40 CFR 82.161(e) says that "If at any time an approved program violates any of the above requirements," which reference the standards in appendix D in 82.161(c), "the Administrator reserves the right to revoke approval in accordance with Section 82.169." Today's notice concerns the revocation of the approval of 15 programs.

These 15 programs were sent certified letters explaining that EPA was missing required activity reports and listing which reports were missing. In the letters, the programs were offered the opportunity to come into compliance by submitting missing reports.¹ The Agency received no replies. The programs in the table below have thirty days from the date of publication of this notice to submit their missing reports. Failure to submit these reports so that they are received by January 4, 2016 will result in an automatic suspension of the program's approval to offer the technician certification exam and of its approval to newly issue Section 608 technician certification cards. Automatic program revocation will occur on February 1, 2016 for any certifying organization that fails to provide missing reports, unless the organization receiving this notice of impending suspension and revocation requests a hearing in accordance with the regulations published at 40 CFR 82.169 before that date. The EPA expects to announce the final revocations in a separate **Federal Register** notice and to accordingly update the list of approved technician certification programs mentioned above.
