SUPPLEMENTARY INFORMATION: To implement the Mining in the Parks Act, the NPS issued regulations at 36 CFR part 9, subpart A (36 CFR part 9A) in 1977. These regulations are applicable to all mineral activities in park units related to unpatented and patented mining claims, and make all mining claim operations in parks contingent on NPS approval of a plan of operations. Under the 36 CFR part 9A regulations, an NPS-approved plan of operations is required for all mining-related operations in parks associated with unpatented and patented mining claims. The plan of operations serves as the blueprint for the operation.

The claim owners, Chisana Mining LLC., have submitted a proposed plan of operations in accordance with the regulations at 36 CFR part 9A. Under 36 CFR Section 9.17(a), the NPS is required to publish a notice in the **Federal Register** advising the availability of the proposed plan for public review. This notice is being published to comply with the 36 CFR Section 9.17(a) requirement.
