SUPPLEMENTARY INFORMATION:

A. Purpose

The President’s Management Agenda includes objectives for creating a twenty-first century government that delivers better results to the American people in a more efficient manner. Leveraging information technology capabilities to reduce reporting burden is key to achieving these goals. Section 5 of the Digital Accountability and Transparency Act (Pub. L. 113–101) requires a pilot program to develop recommendations for standardizing reporting, eliminating unnecessary

duplication, and reducing compliance costs for recipients of Federal awards.

The pilot participants are required to provide requested reports as well as the cost to collect the data via the pilot. The proposed pilot program will provide an alternative submission method for existing Federal Acquisition Regulation (FAR) requirements, and assess the pilot results against the existing FAR-required method.

B. Discussion and Analysis

Comment: “The best way to simplify these numerous, massive, expensive awards is to shut them all down. They are all fake and mean nothing so who will miss them. Certainly we all know they are fake. They are voted on not because the awarded has done anything noteworthy. They are simply awards for being alive. They all need to be cut. The budget for giving awards should be zero, totally zero.”

Response: Thank you for reviewing the **Federal Register** Notice. The comment addresses awards that are part of a voting process which appears to be associated with individual personnel awards. However, the **Federal Register** Notice focuses on streamlining reporting burden for Federal contract awards. If the comment is intended to address Federal contract awards, the commenter is encouraged to visit the Chief Acquisition Officers Council (CAOC) National Dialogue: Improving Federal Procurement and Grants Processes to engage in a more robust discussion (link: <https://cxo.dialogue2.cao.gov/>).

C. Annual Reporting Burden

Respondents: 720.

Responses per Respondent: 3 each week.

Total Annual Responses: 2160.

Hours per Response: .5.

Total Burden Hours: 56,160.

Public comments are particularly invited on: Whether this collection of information will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Obtaining Copies of Proposals: Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., Washington, DC

20405, telephone 202–501–4755. Please cite OMB Control No. 3090–XXXX, Simplifying Federal Award Reporting, in all correspondence.

Dated: April 21, 2016.
