

sessions to members that support the Exchange's proprietary FX option products. Furthermore, the Exchange does not believe that the proposed fee changes are unfairly discriminatory as all Market Makers that meet the specified performance criteria are eligible for the proposed incentives. The Exchange also does not believe it is unfairly discriminatory to only offer API incentives to Market Makers. As explained above, the proposed fee changes are targeted towards Market Makers as Market Maker API fees have been increasing due to increased quoting activity on the Exchange. Electronic Access Members ("EAMs") already pay significantly lower connectivity charges for their API or Financial Information eXchange ("FIX") sessions.¹⁰ Moreover, each of the proposed changes are geared towards reducing Market Maker API fees in exchange for actively maintaining quality markets, which will benefit all market participants that trade on the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹¹ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange believes that the proposed fee change is pro-competitive as it is designed to lower the fees charged to Market Makers that assist the Exchange in maintaining quality markets in a number of different products. The Exchange operates in a highly competitive market in which market participants can readily direct their order flow to competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and rebates to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed fee changes reflect this competitive environment.

¹⁰ EAM Options APIs are billed at a rate of \$250 per session per month for the first five sessions, and \$100 per session per month for the sixth and additional sessions. EAM Options FIX Sessions are billed at a rate of \$250 per month for the first and second session, and \$50 per session per month for the third and additional sessions. See ISE Schedule of Fees, V. Trading Application Software, C. FIX Session/API Session Fees. The connectivity provided to EAMs under this section provides connectivity to both ISE and ISE Gemini, LLC. *Id.*

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹² and subparagraph (f)(2) of Rule 19b-4 thereunder,¹³ because it establishes a due, fee, or other charge imposed by ISE.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

[Release No. 34-77752; File No. SR-ISE Gemini-2016-04]

Self-Regulatory Organizations; ISE Gemini, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Schedule of Fees

May 2, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 18, 2016, ISE Gemini, LLC (the "Exchange" or "ISE Gemini") filed with the Securities and Exchange Commission the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to

² 17 CFR 240.19b-4.

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

ISE Gemini proposes to change its billing cycle for FIX Session/API Session Fees to correspond to the calendar month. The text of the proposed rule change is available on the Exchange's Internet Web site at <http://www.ise.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On April 18, 2016, the Exchange's affiliate, the International Securities Exchange, LLC ("ISE"), filed a proposed rule change to reduce application programming interface ("API") fees charged to Market Makers that meet specified performance criteria.³ In order to effect that change, the ISE is moving its billing cycle for these API fees, and certain other fees, to coincide with the calendar month instead of billing those fees mid-month. The Exchange notes that API fees for Electronic Access Members ("EAMs") provide connectivity to both ISE and ISE Gemini. As such, the Exchange is also proposing to move its billing cycle for FIX Session/API Session Fees, as described in Section IV., E. of the Schedule of Fees, to correspond to the calendar month. The Exchange notes that the fees charged for FIX and API sessions on ISE Gemini will remain unchanged.⁴ Each member's next

monthly bill for FIX Session/API Session Fees will cover the full month of May. Members will not be billed for the period of April 18, 2016 to April 30, 2016.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and Section 6(b)(4) of the Act,⁶ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. In particular, the Exchange believes that the proposed fee change is reasonable, equitable, and not unfairly discriminatory as it merely moves the Exchange's billing cycle to coincide with the calendar month. As explained above, EAM FIX and API sessions provide connectivity to both ISE and ISE Gemini. The Exchange is making this change to its billing cycle so that the billing cycle for these fees on ISE Gemini will be the same as the billing cycle being implemented on ISE. The fees will remain at their current rates.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁷ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed fee change merely changes the Exchange's billing cycle for FIX Session/API Session Fees to correspond to the billing cycle being implemented on ISE. The Exchange is not proposing any substantive changes to these fees.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.
