

to ensure a wide range of candidates and a balanced committee. The Secretary of Transportation will appoint four Committee members, who will each serve for a term of two years.

The Department will choose the Committee members based on three main criteria: (1) Representativeness (does the applicant represent a significant one of the four groups outlined above?); (2) expertise (does the applicant bring essential knowledge, expertise and/or experience regarding aviation consumer protection and the topic area(s) of interest that will enrich the discussion of the available options and their respective costs and benefits?); and (3) willingness to participate fully (is the applicant able and willing to attend meetings and generally contribute constructively to a rigorous policy development process?).

Individuals applying for membership should keep in mind that Committee members will be selected based on their ability and willingness to effectively represent the interests of all stakeholders in their category, as distinct from their parochial or personal interests. For example, an individual selected to serve on the Committee as a representative of air carriers would represent not only his or her own airline, but all air carriers. As such, the individual would be expected to consult with other airlines in bringing issues to the table and making decisions on proposals before the Committee.

The Department's Office of Aviation Enforcement and Proceedings will provide appropriate funding, logistics, administrative, and technical support for the Committee. DOT subject matter experts will also provide support to the Committee. At this time, we anticipate that the ACACP will meet twice a year at the Department's headquarters in Washington, DC. Although we do not have proposed dates for these meetings at this time, we anticipate one meeting to be in the spring and one meeting to be in the fall each year. Individuals interested in serving on the Committee should plan to attend each of these meetings in person.

Process and Deadline for Submitting Nominations: Organizations and/or persons who believe they meet the criteria listed above are invited to apply for membership on the ACACP to represent the interests of their stakeholder category. Organizational applicants should indicate both the stakeholder category they propose to represent and the individual from their organization applying to serve on the Committee; describe the responsibilities and qualifications of that person; and describe the qualifications of any

alternates or professional colleagues who will be assisting the principal representative in the process.

Qualified individuals can self-nominate or be nominated by any stakeholder or stakeholder organization. To be considered for the ACACP, nominators should submit the following information:

(1) Name, title, and relevant contact information (including phone and email address) and the interests such a person shall represent;

(2) A letter of support from a company, union, trade association, or non-profit organization on letterhead containing a brief description why the nominee is qualified and should be considered for membership;

(3) Short biography of nominee including professional and academic credentials; and

(4) An affirmative statement that the nominee meets all Committee eligibility requirements.

All individuals who wish to serve on the ACACP should apply for membership by supplying the information listed above. Please do not send company, trade association, or organization brochures or any other information. Materials submitted should total two single-spaced pages or less. Should more information be needed, DOT staff will contact the nominee, obtain information from the nominee's past affiliations, or obtain information from publicly available sources, such as the Internet. Nominations may be emailed to ACACP@dot.gov.

Nominations must be received by June 27, 2016. Nominations are open to all individuals without regard to race, color, religion, sex, national origin, age, disability, marital status, or sexual orientation. Notice to the public will be published in the **Federal Register** at least 15 days prior to each plenary meeting of the ACACP and members of the public will be invited to attend.

In accordance with the requirements of the PRA, the OCC may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number.

The OCC is soliciting comment concerning renewal of its information collection titled, "Disclosure of Financial and Other Information by National Banks." The OCC also is giving notice that it has sent the collection to OMB for review.

DATES: Comments must be submitted on or before June 27, 2016.

In addition, comments may be sent by fax to (571) 465-4326 or by

FOR FURTHER INFORMATION CONTACT:

Shaquita Merritt, OCC Clearance Officer, (202) 649-5490 or, for persons who are deaf or hard of hearing, TTY, (202) 649-5597, Legislative and Regulatory Activities Division, Office of the Comptroller of the Currency, 400 7th Street SW., Suite 3E-218, Mail Stop 9W-11, Washington, DC 20219.

SUPPLEMENTARY INFORMATION: The OCC requests that OMB extend its approval of the following collection:

Title: Disclosure of Financial and Other Information by National Banks.
OMB Control No.: 1557-0182.

Type of Review: Extension, without revision, of a currently approved collection.

Description: The collections of information are found in 12 CFR 18.3, 18.4, and 18.8. Section 18.3 requires the preparation of an annual disclosure statement and specifies when a national bank must make the statement available to shareholders. Section 18.4 outlines what information the disclosure statement must contain and provides that a national bank may, at its option, supplement its annual disclosure statement with a narrative discussion. Lastly, § 18.8 requires that a national bank promptly mail or otherwise furnish its annual disclosure statement upon request.

The information collected under part 18 is also collected through the Consolidated Reports of Condition and Income. Therefore, the OCC has

proposed to remove part 18 in its entirety, 81 FR 13607 (March 14, 2016). Following issuance of a final rule removing part 18, the OCC will discontinue this information collection.

Affected Public: Businesses or other for-profit.

Burden Estimates:

Estimated Number of Respondents: 1,100.

Estimated Total Annual Burden: 555 hours.

Frequency of Response: On occasion.

Comments: On February 25, 2016, the OCC issued a notice for 60 days of comment concerning the collection, 81 FR 9584. The OCC received one comment from an individual.

The commenter questioned the utility and benefit of the information collection compared to the burden because the rule requires information that is already available through OCC's program of periodic and financial disclosure and other sources. The commenter suggested that the rule should be replaced with easy to understand measures or statistics or rewritten to minimize the burden and enhance the quality and clarity of the information collected. The information collected is available through the Consolidated Reports of Condition of Income and, as indicated above, this information collection will be discontinued following the issuance of a final rule removing part 18.

The commenter stated that the OCC improves the quality, utility, and clarity of information when it attentively responds to all significant public comments before finalizing rules. The commenter also believes that when the OCC leaves unclear whether it considered comments, the public record is incomplete and the OCC creates the perception that it makes final decisions on rules without considering the data, views, and arguments of others. The OCC carefully considers all comments received.

Comments continue to be invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC's estimate of the information collection burden;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation,

maintenance, and purchase of services to provide information.

Dated: May 23, 2016.

Mary Hoyle Gottlieb,

Regulatory Specialist, Legislative and Regulatory Activities Division.
