I. The information collection below is pending at SSA. SSA will submit it to OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than August 1, 2016. Individuals can obtain copies of the collection

instrument by writing to the above email address.

Application Status—20 CFR 401.45—0960–0763. Application Status provides users with the capability to check the status of their pending Social Security claims via the National 800 Number Automated Telephone Service. Users need their Social Security number and a confirmation number to access this information. SSA's systems determine the type of claim(s) the caller filed based upon the information they provide.

Subsequently, the automated telephone system provides callers with the option to choose the claim for which they wish to obtain status. If the caller applied for multiple claims, the automated system allows the caller to select only one claim at a time. Once callers select the claim(s) they are calling about, an automated voice advises them of the status of their claim. The respondents are current Social Security claimants who wish to check on the status of their claims.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
Automated Telephone Services	160,034	1	3	8,002

II. SSA submitted the information collections below to OMB for clearance. Your comments regarding the information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than June 30, 2016. Individuals can obtain copies of the OMB clearance packages by

writing to *OR.Reports.Clearance@ssa.gov*.

1. Beneficiary Recontact Report—20 CFR 404.703, 404.705—0960–0502. SSA investigates recipients of disability payments to determine their continuing eligibility for payments. Research indicates recipients may fail to report circumstances that affect their eligibility. Two such cases are: (1) when parents receiving disability benefits for

their child marry; and (2) the removal of an entitled child from parents' care. SSA uses Form SSA–1588–SM to ask mothers or fathers about both their marital status and children under their care, to detect overpayments and avoid continuing payment to those who are no longer entitled. Respondents are recipients of mothers' or fathers' Social Security benefits.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA–1588–SM	94,293	1	5	7,858

2. Technical Updates to Applicability of the Supplemental Security Income (SSI) Reduced Benefit Rate for Individuals Residing in Medical Treatment Facilities—20 CFR 416.708(k)—0960–0758. Section 1611(e)(1)(A) of the Social Security Act states residents of public institutions are

ineligible for SSI. However, Sections 1611(e)(1)(B) and (G) list certain exceptions to this provision, making it necessary for SSA to collect information about SSI recipients who enter or leave a medical treatment facility or other public or private institution. SSA's regulation 20 CFR 416.708(k) establishes

the reporting guidelines for implementing this legislative requirement. SSA collects the information to determine eligibility for SSI and the payment amount. The respondents are SSI recipients who enter or leave an institution.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
