United States Standards for Grades of Canned Vegetables

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: The Agricultural Marketing Service (AMS) of the Department of Agriculture (USDA) proposes to revise 18 U.S. grade standards for canned vegetables issued on or before August 3, 1998. AMS is proposing to replace the two-term grading system (dual nomenclature) with a single term to describe each quality level for the grade standards identified in this notice. Terms using the letter grade would be retained and the descriptive term would be eliminated. For example, grade standards using the term “U.S. Grade A” or “U.S. Fancy” would be revised to use the term “U.S. Grade A.” Likewise, grade standards using the term “U.S. Grade B” or “U.S. Extra Standard” would be revised to use the single term “U.S. Grade B.” These changes would bring the grade standards in line with the present quality levels being marketed today and provide guidance in the effective use of these products. Editorial changes would also be made to the grade standards that conform to recent changes made in other grade standards.

DATES: Comments must be submitted on or before August 16, 2016.

ADDRESSES: Written comments may be submitted via the Internet at <http://www.regulations.gov> or by mail to Dana N. White, Standardization Branch, Specialty Crops Inspection Division, Specialty Crops Program, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Avenue SW., Room 0709-South Building; STOP 0247, Washington, DC 20250; or fax (202) 690-1527. Copies of the proposed revised U.S. Standards for Grades are available at the Web site address cited above. All comments should reference the document number, date, and page number of this issue of the **Federal Register**. All comments will be posted without change, including any personal information provided. All comments submitted in response to this notice will be included in the public record and made available to the public on the Internet via <http://www.regulations.gov> and at the above address during regular business hours.

FOR FURTHER INFORMATION CONTACT: Contact Dana N. White, at the address above, by phone (202) 720-5870; fax (202) 690-1527; or email: Dana.White@ams.usda.gov. Copies of the current U.S. standards for grades for the 18 canned vegetables covered by this Notice are available on the Internet at <http://www.ams.usda.gov/grades-standards/vegetables>.

SUPPLEMENTARY INFORMATION: Section 203(c) of the Agricultural Marketing Act of 1946, as amended, directs and authorizes the Secretary of Agriculture “to develop and improve standards of quality, condition, quantity, grade, and packaging, and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices.”

AMS is committed to carrying out this authority in a manner that facilitates the marketing of agricultural commodities and makes copies of official standards available upon request. The U.S. standards for grades of fruits and vegetables not connected with Federal

Marketing Orders or U.S. import requirements no longer appear in the Code of Federal Regulations, but are maintained by USDA, AMS, Specialty Crops Program and are available on the internet at: <http://www.ams.usda.gov/grades-standards/vegetables>. AMS is proposing revisions to these U.S. Standards for Grades using the procedures that appear in part 36 of Title 7 of the Code of Federal Regulations (7 CFR part 36).

Background: AMS periodically reviews the grade standards for usefulness in serving the industry. AMS has determined that changes to 18 grade standards covering various canned vegetables are required. More recently developed grade standards use a single term, such as “U.S. Grade A” or “U.S. Grade B,” to describe each level of quality within a grade standard. Older grade standards used dual nomenclature, such as “U.S. Grade A” and “U.S. Fancy,” “U.S. Grade B” and “U.S. Extra Standard,” and “U.S. Grade C” and “U.S. Standard,” to describe the same level of quality. The terms “U.S. Fancy,” “U.S. Extra Standard,” and “U.S. Standard” would be removed and the terms “U.S. Grade A,” “U.S. Grade B,” and “U.S. Grade C” would be used exclusively. AMS is also proposing editorial changes to these grade standards, *i.e.*, updating addresses to obtain copies of the grade standards, removing specific addresses for licensed suppliers of color standards and inspection aids, and updating Code of Federal Regulations references where applicable. Contact information for current licensed suppliers is available in the Fresh and Processed Equipment Catalog on the AMS Web site at: <http://www.ams.usda.gov/grades-standards/how-purchase-equipment-and-visual-aids>. These revisions will provide a format that is consistent with those of other grade standards (75 FR 43141). The following table summarizes the changes currently under consideration by AMS.

A 60-day period is provided for interested persons to submit comments on the proposed grade standards. Copies of the proposed revised standards are available on the Internet at <http://www.regulations.gov>.

Airworthiness Directives; Dassault Aviation Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Supplemental notice of proposed rulemaking (NPRM); reopening of comment period.

SUMMARY: We are revising an earlier proposed airworthiness directive (AD) for certain Dassault Aviation Model MYSTERE-FALCON 50, MYSTERE-FALCON 900, FALCON 900EX, FALCON 2000, and FALCON 2000EX airplanes. The NPRM proposed to require modification of the anti-collision light bonding. The NPRM was prompted by a report of an in-flight lightning strike to the WHELEN anti-collision light located on the top of the vertical fin tip that caused severe damage and resulted in the loss of some airplane functions. This action revises the NPRM by clarifying the applicability. We are proposing this supplemental NPRM (SNPRM) to prevent loss of electrical power and essential airplane functions, and possible reduced control of the airplane. Since these actions impose an additional burden over those proposed in the NPRM, we are reopening the comment period to allow the public the chance to comment on these proposed changes.

DATES: We must receive comments on this SNPRM by August 1, 2016.
