

medium (10–24 EPs), and large (25+ EPs) medical groups from across the United States. The goal is to recruit approximately 3 administrators and 2 frontline clinicians in each Group, understanding that depending on the size and organization of the medical group staff members may operate in multiple roles.

Based on the pilot study conducted for this project, AHRQ estimates that the recruitment call will average 15 minutes, and that the longest interviews will be 1.5 hours. These longest interviews will be with the highest level administrators working on internal performance measurement at the most complex medical groups. AHRQ believes these will be the largest

medical groups that are part of complex systems and payment relationships. These complex organizational relationships will require more time to understand in order to understand the place, role, and operation of internal measurement for performance improvement within the group. For equivalent administrators from medium and small groups, AHRQ estimates the longest interviews will be 1.25 hours. For all other administrators and frontline clinicians, AHRQ estimates the interviews will be 1 hour.

The total annualized burden is estimated to be 295 hours. Again, interviews with both frontline clinicians and all medical group administrators will use the same protocol. The

screening call will be an informal conversation in which AHRQ looks to learn if the medical group self-identifies as using measurement for performance improvement and provides consent to take part. AHRQ will answer any questions the medical group has about the study on this call and confirm some basic, publicly available background information about the group that AHRQ has obtained is accurate and up to date. This background information will help put the information learned during the interview in better context. The types of background information AHRQ is looking at includes medical group size, organizational structure, specialty mix, and payment relationships.

EXHIBIT 1—ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Hours per response	Total burden hours
Frontline clinicians	90	1	90
Medical group administrators	235		
Medical group administrators: Administrator with authority to agree to participate in the study	100	0.25	25
Medical group administrators: Initial, highest level administrators	45	1.5	67.5
Medical group administrators: All other administrators	90	1.25	112.5
Total	325	NA	295

Exhibit 2 shows the estimated annualized cost burden associated with the participants' time to take part in this

research. The total cost burden is estimated to be \$27,270.45.

EXHIBIT 2—ESTIMATED ANNUALIZED COST BURDEN

Interviewee type	Total burden hours	Average hourly wage rate *	Total cost burden
Frontline clinicians	90	^a \$103.54	\$9,318.60
Medical group administrators	205	^b 87.57	17,951.85
Total	295	NA	27,270.45

^a Based on the average hourly wage for one physician (29–1060; \$103.54).

^b Based on the average hourly wage for one Chief Executive (11–1011; \$87.57).

Request for Comments

In accordance with the Paperwork Reduction Act, comments on AHRQ's information collection are requested with regard to any of the following: (a) Whether the proposed collection of information is necessary for the proper performance of AHRQ health care research and health care information dissemination functions, including whether the information will have practical utility; (b) the accuracy of AHRQ's estimate of burden (including hours and costs) of the proposed collection(s) of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) ways to minimize the burden of the collection of information upon the respondents, including the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the Agency's subsequent request for OMB approval of the proposed information collection. All comments will become a matter of public record.

Sharon B. Arnold,
Deputy Director.

Agency Information Collection Activities: Submission for OMB Review; Comment Request

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect

information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish a notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by July 21, 2016.

ADDRESSES: When commenting on the proposed information collections, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be received by the OMB desk officer via one of the following transmissions:

OMB, Office of Information and Regulatory Affairs, Attention: CMS Desk Officer, Fax Number: (202) 395-5806 or Email: OIRA_submission@omb.eop.gov.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS' Web site address at <http://www.cms.hhs.gov/PaperworkReductionActof1995>.

2. Email your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov.

3. Call the Reports Clearance Office at (410) 786-1326.

FOR FURTHER INFORMATION CONTACT: Reports Clearance Office at (410) 786-1326.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public

submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Request for a new OMB control number; *Title of Information Collection:* Pre-Claim Review Demonstration For Home Health Services; *Use:* Section 402(a)(1)(J) of the Social Security Amendments of 1967 (42 U.S.C. 1395b-1(a)(1)(J)) authorizes the Secretary to "develop or demonstrate improved methods for the investigation and prosecution of fraud in the provision of care or services under the health programs established by the Social Security Act (the Act)." Pursuant to this authority, the CMS seeks to develop and implement a Medicare demonstration project, which CMS believes will help assist in developing improved procedures for the identification, investigation, and prosecution of Medicare fraud occurring among HHAs providing services to Medicare beneficiaries.

This demonstration would help assure that payments for home health services are appropriate before the claims are paid, thereby preventing fraud, waste, and abuse. As part of this demonstration, CMS proposes performing prior authorization before processing claims for home health services in: Florida, Texas, Illinois, Michigan, and Massachusetts. CMS would establish a prior authorization procedure that is similar to the Prior Authorization of Power Mobility Device (PMD) Demonstration, which was implemented by CMS in 2012. This demonstration would also follow and adopt prior authorization processes that currently exist in other health care programs such as TRICARE, certain state Medicaid programs, and in private insurance.

The information required under this collection is requested by Medicare contractors to determine proper payment or if there is a suspicion of fraud. Medicare contractors will request the information from HHA providers submitting claims for payment from the Medicare program in advance to determine appropriate payment. Please note, due to the title of "Prior

Authorization" implying that services will be withheld from the beneficiary until an affirmed decision is achieved, this demonstration has been renamed from the "Home Health Prior Authorization Demonstration" to the "Home Health Pre-Claim Review Demonstration," as home health services are already being provided to the beneficiary when the pre-claim review process begins. *Form Number:* CMS-10599 (OMB Control Number: 0938-NEW); *Frequency:* Occasionally; *Affected Public:* Private Sector (Business or other for-profits and Not-for-profits); *Number of Respondents:* 908,740; *Number of Responses:* 908,740; *Total Annual Hours:* 454,370. (For questions regarding this collection contact Kristal Vines (410) 786-0119.)

Dated: June 15, 2016.

Administration for Community Living

Notice of Intent To Award a Single Supplement to the National Association of Area Agencies on Aging; The Eldercare Locator

AGENCY: Administration for Community Living, HHS.

ACTION: Notice.

SUMMARY: The Administration for Community Living (ACL) is announcing supplemental funding for the Eldercare Locator program. The Eldercare Locator program helps older adults and their families and caregivers find their way through the maze of services for older adults by linking to a trustworthy network of national, State, Tribal and community organizations and services through a nationally recognized toll-free number. The Eldercare Locator also provides older adults and caregivers who require more in depth support the opportunity to speak with highly trained eldercare consultants who can better triage the situation. The purpose of this announcement is to award supplemental funds to the National Association of Area Agencies on Aging to support additional specialized staff and enhanced technology to better serve callers, mobile and after hour callers.

Program Name: Eldercare Locator.

Award Amount: \$149,049.

Budget Period: 6/1/2016 to 5/31/2017.
