

information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish a notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

FOR FURTHER INFORMATION CONTACT: Reports Clearance Office at (410) 786-1326.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public

submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Request for a new OMB control number; *Title of Information Collection:* Pre-Claim Review Demonstration For Home Health Services; *Use:* Section 402(a)(1)(J) of the Social Security Amendments of 1967 (42 U.S.C. 1395b-1(a)(1)(J)) authorizes the Secretary to "develop or demonstrate improved methods for the investigation and prosecution of fraud in the provision of care or services under the health programs established by the Social Security Act (the Act)." Pursuant to this authority, the CMS seeks to develop and implement a Medicare demonstration project, which CMS believes will help assist in developing improved procedures for the identification, investigation, and prosecution of Medicare fraud occurring among HHAs providing services to Medicare beneficiaries.

This demonstration would help assure that payments for home health services are appropriate before the claims are paid, thereby preventing fraud, waste, and abuse. As part of this demonstration, CMS proposes performing prior authorization before processing claims for home health services in: Florida, Texas, Illinois, Michigan, and Massachusetts. CMS would establish a prior authorization procedure that is similar to the Prior Authorization of Power Mobility Device (PMD) Demonstration, which was implemented by CMS in 2012. This demonstration would also follow and adopt prior authorization processes that currently exist in other health care programs such as TRICARE, certain state Medicaid programs, and in private insurance.

The information required under this collection is requested by Medicare contractors to determine proper payment or if there is a suspicion of fraud. Medicare contractors will request the information from HHA providers submitting claims for payment from the Medicare program in advance to determine appropriate payment. Please note, due to the title of "Prior

Authorization" implying that services will be withheld from the beneficiary until an affirmed decision is achieved, this demonstration has been renamed from the "Home Health Prior Authorization Demonstration" to the "Home Health Pre-Claim Review Demonstration," as home health services are already being provided to the beneficiary when the pre-claim review process begins. *Form Number:* CMS-10599 (OMB Control Number: 0938-NEW); *Frequency:* Occasionally; *Affected Public:* Private Sector (Business or other for-profits and Not-for-profits); *Number of Respondents:* 908,740; *Number of Responses:* 908,740; *Total Annual Hours:* 454,370. (For questions regarding this collection contact Kristal Vines (410) 786-0119.)

Budget Period: 6/1/2016 to 5/31/2017.

Award Type: Cooperative Agreement.

I. Program Description

The Administration on Aging, an agency of the U.S. Administration for Community Living, has been funding the Eldercare Locator (the Locator) since 1991. The Eldercare Locator links older persons and their caregivers to resources through a nationally recognized toll-free number, 1-800-677-1116 and Web site (www.eldercare.gov). The goal is to provide users with the information and resources they need that will help older persons live independently and safely in their homes and communities for as long as possible.

The Eldercare Locator call center utilizes live agents to help callers find their way through the maze of services for older adults by linking to a trustworthy network of national, State, Tribal and community organizations and services. In 2011, an additional feature was added to assist older adults and caregivers who require more in depth support the opportunity to speak with highly trained eldercare consultants who can better triage the situation.

II. Justification for the Supplemental Funding

Over the past year there has been a steady increase in the number of callers to the Eldercare Locator growing from 180,000 calls in 2011 to over 280,000 in just 5 years. The calls are becoming more complex taking longer to resolve leading to much longer waiting times. There is a need to increase the number of staff available to handle the higher demand. In addition, there is a need to enhance the educational tools and resources, such as tip sheets and brochures, available from the Eldercare Locator to better educate older adults and caregivers about eldercare services and resources.
