7 CFR Part 800

Suspension of Supervision Fee Assessment Under the United States Grain Standards Act

AGENCY: Grain Inspection Packers and Stockyards Administration, USDA.

ACTION: Notification of suspension of supervision fee assessment.

SUMMARY: The Department of Agriculture (USDA), Grain Inspection, Packers and Stockyards Administration (GIPSA) is suspending the assessment of fees for supervision of official inspection and weighing services performed by delegated States and/or designated agencies under the United States Grain Standards Act (USGSA). **DATES:** This document is effective beginning July 1, 2016, and remains in effect through June 30, 2017.

FOR FURTHER INFORMATION CONTACT: Barry Gomoll by phone at 202–720–8286 or by email at Barry.L.Gomoll@usda.gov. Persons with disabilities who require alternative means for communication (Braille, large print, audio tape, etc.) should contact the USDA Target Center at (202) 720–2600 (voice and TDD).

SUPPLEMENTARY INFORMATION: The Agriculture Reauthorizations Act of 2015, Public Law 114–54, amended the USGSA (7 U.S.C. 71–87k) to require GIPSA to adjust fees for the supervision of official grain inspection and weighing in order to maintain an operating reserve of not less than 3 and not more than 6 months (7 U.S.C. 79(j)(4)).

GIPSA's reorganization efforts over the past 10 years have resulted in the centralization of supervision of delegated states and designated agencies. Due to this and other GIPSA cost reduction measures, the operating reserve of GIPSA's account for supervision of official inspection and weighing currently exceeds 6 months by a significant margin. Accordingly, GIPSA is issuing this document to announce the suspension of the fee for supervision of official inspection and weighing services of domestic grain and land carriers to Canada and Mexico performed by delegated States and/or designated agencies. According to the regulations under the USGSA, GIPSA may suspend any provision of the regulations in emergencies or other circumstances which would not impair the objectives of the USGSA (7 CFR 800.2). GIPSA has determined that

suspending supervision fees will not impair the objectives of the USGSA because the operating reserve for supervision services is sufficient to maintain the service without additional funds.

GIPSA will no longer assess the fee of \$0.011 per metric ton of domestic shipments officially inspected and/or weighed, including land carrier shipments to Canada and Mexico, performed by delegated States and/or designated agencies on or after July 1, 2016 (7 CFR 800.71 Schedule B). These fees will remain suspended for one year, at which time GIPSA will reassess the operating reserve for supervision of official agency inspection and weighing.

Official inspection agencies may no longer pass the suspended supervision fee on to their customers. Agencies which list GIPSA supervision fees as a line item on their fee schedules must eliminate the fee. Agencies which include supervision fees as a part of fees that they charge to their customers must either reduce fees by the amount of the suspended fee or provide justification and detailed cost information for retaining current fees. All agencies must submit revised fee schedules for GIPSA approval (7 CFR 800.70).

Larry Mitchell,

Administrator, Grain Inspection, Packers and Stockyards Administration.

RIN 1990–AA46

Inflation Adjustment of Civil Monetary Penalties

AGENCY: Office of the General Counsel, U.S. Department of Energy.

ACTION: Interim final rule.

SUMMARY: The Department of Energy (“DOE”) publishes this interim final rule to adjust DOE's civil monetary penalties (“CMPs”) for inflation as mandated by the Federal Civil Penalties Inflation Adjustment Act of 1990, as further amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (collectively referred to herein as “the Act”). This rule adjusts CMPs within the jurisdiction of DOE to the maximum amount required by the Act.

DATES: This rule is effective July 28, 2016. Written comments must be received by July 28, 2016.

ADDRESSES: You may submit comments, identified by RIN 1990-AA46, by any of the following methods:

1. *Federal eRulemaking Portal:* <https://www.regulations.gov/>. Follow the instructions for submitting comments.

2. *Email to GC-33EnergyRegs@hq.doe.gov.* Include RIN 1990-AA46 in the subject line of the email. Please include the full body of your comments in the text of the message or as an attachment.

3. *Mail:* Address written comments to U.S. Department of Energy, Office of the General Counsel, Room 6A-179, 1000 Independence Avenue SW., Washington, DC 20585.

Due to potential delays in DOE's receipt and processing of mail sent through the U.S. Postal Service, we encourage respondents to submit comments electronically to ensure timely receipt.

SUPPLEMENTARY INFORMATION:

- I. Background
- II. Method of Calculation
- III. Summary of Interim Final Rule
- IV. Interim Final Rulemaking
- V. Regulatory Review

I. Background

In order to improve the effectiveness of CMPs and to maintain their deterrent effect, the Federal Civil Penalties Inflation Adjustment Act of 1990, 28 U.S.C. 2461 note ("the Inflation Adjustment Act"), as further amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Public Law 114-74) ("the 2015 Act"), requires Federal agencies to adjust each CMP provided by law within the jurisdiction of the agency. The 2015 Act requires agencies to adjust the level of CMPs with an initial "catch-up" adjustment through an interim final rulemaking and to make subsequent annual adjustments for inflation notwithstanding 5 U.S.C. 553. The 2015 Act also provides that any increase in a CMP shall apply only to CMPs, including those whose associated violation predated such increase, which are assessed after the date the increase takes effect.

Pursuant to the 2015 Act, OMB issued a guidance memorandum on the implementation of the 2015 Act.¹ This interim final rule is issued in

accordance with applicable law and the OMB guidance memorandum.

II. Method of Calculation

The method of calculating CMP adjustments applied in this interim final rule is required by the 2015 Act. Under the 2015 Act, catch-up adjustments are based on the percent change between the Consumer Price Index for all Urban Consumers (CPI-U) for the month of October in the year of the previous adjustment, and the October 2015 CPI-U. Subsequent annual inflation adjustments are to be based on the percent change between the October CPI-U preceding the date of the adjustment, and the prior year's October CPI-U. Under the 2015 Act, any increase in CMP shall be rounded to the nearest multiple of \$1.

III. Summary of the Interim Final Rule

The following list summarizes DOE authorities containing CMPs, and the penalties before and after adjustment. The list also identifies the year the original maximum and/or minimum penalty level was established or last adjusted, excluding any previous adjustments made under the Inflation Adjustment Act. Finally, the list provides the CPI-U adjustment multiplier.

¹ The guidance memorandum was issued on February 24, 2016, and references the adjustment multipliers and how to apply them.

² Implemented by 10 CFR 820.81, 10 CFR 851.5, and appendix B to 10 CFR part 851.

In addition to the above, 10 CFR 820.80 was updated to indicate that subpart G of part 820 implements the Inflation Adjustment Act as further amended by the 2015 Act. In Appendix A to part 820, Appendix A to part 824, and Appendix B to part 851, references to the statutory CMP limit were clarified to refer to the statutory CMP limit, as periodically adjusted for inflation. The authority citations for some CFR parts included in this CMP adjustment were also updated to include the statutory citation for the Act, as amended, 28 U.S.C. 2461 note.

IV. Interim Final Rulemaking

Section 4(b)(1)(A) of the Act states that, for the first adjustment made under the Act after the date of enactment of the 2015 Act [Nov. 2, 2015] the head of an agency shall adjust CMPs through an interim final rulemaking and the adjustment shall take effect not later than August 1, 2016. As this rulemaking is the first adjustment made under the 2015 Act after its enactment, DOE must issue it as an interim final rule with a specified effective date without regard to the procedural requirements applicable to rulemaking under the Administrative Procedure Act, 5 U.S.C. 553.

In addition, in accordance with 5 U.S.C. 553(b), the Administrative Procedure Act, DOE generally publishes a rule in a proposed form and solicits public comment on it before issuing the rule in final. However, 5 U.S.C. 553(b)(B) provides an exception to the public comment requirement if the agency finds good cause to omit advance notice and public participation. Good cause is shown when public comment is “impracticable, unnecessary, or contrary to the public interest.”

DOE finds that providing an opportunity for public comment prior to publication of this rule is not necessary because DOE is carrying out a ministerial, non-discretionary duty specified in an Act of Congress. This interim final rule incorporates requirements specifically set forth in 28 U.S.C. 2461 note requiring DOE to issue a regulation implementing catch-up inflation adjustments for all its civil penalty provisions. The formula for the amount of the penalty adjustment is prescribed by Congress. Prior notice and opportunity to comment are therefore unnecessary in this case because these changes are not subject to the exercise of discretion by DOE. These technical changes, required by law, do not substantively alter the existing regulatory framework nor in any way

affect the terms under which DOE assesses civil penalties.

V. Regulatory Review

A. Executive Order 12866

This rule has been determined not to be a significant regulatory action under Executive Order 12866, “Regulatory Planning and Review,” 58 FR 51735 (October 4, 1993). Accordingly, this action was not subject to review under that Executive Order by the Office of Information and Regulatory Affairs of the Office of Management and Budget.

B. National Environmental Policy Act

DOE has determined that this interim final rule is covered under the Categorical Exclusion found in DOE’s National Environmental Policy Act regulations at paragraph A5 of Appendix A to Subpart D, 10 CFR part 1021, which applies to a rulemaking that amends an existing rule or regulation and that does not change the environmental effect of the rule or regulation being amended. Accordingly, neither an environmental assessment nor an environmental impact statement is required.

C. Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) requires preparation of an initial regulatory flexibility analysis for any rule that by law must be proposed for public comment. As discussed above, the 2015 Act requires that the catch-up adjustment be done through an interim final rule, and DOE has determined that prior notice and opportunity for public comment is unnecessary. Because a notice of proposed rulemaking is not required for this action pursuant to 5 U.S.C. 553, or any other law, no regulatory flexibility analysis has been prepared for today’s interim final rule.

D. Paperwork Reduction Act

This interim final rule imposes no new information collection requirements subject to the Paperwork Reduction Act.

E. Unfunded Mandates Reform Act of 1995

The Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4) generally requires Federal agencies to examine closely the impacts of regulatory actions on State, local, and tribal governments. Section 201 excepts agencies from assessing effects on State, local or tribal governments or the private sector of rules that incorporate requirements specifically set forth in law. Because this rule incorporates requirements specifically set forth in 28 U.S.C. 2461

note, DOE is not required to assess its regulatory effects under Section 201. Unfunded Mandates Reform Act sections 202 and 205 do not apply to today’s action because they apply only to rules for which a general notice of proposed rulemaking is published. Nevertheless, DOE has determined that today’s regulatory action does not impose a Federal mandate on State, local, or tribal governments or on the public sector.

F. Treasury and General Government Appropriations Act, 1999

Section 654 of the Treasury and General Government Appropriations Act, 1999 (Pub. L. 105–277) requires Federal agencies to issue a Family Policymaking Assessment for any proposed rule that may affect family well being. This rule would not have any impact on the autonomy or integrity of the family as an institution. Accordingly, DOE has concluded that it is not necessary to prepare a Family Policymaking Assessment.

G. Executive Order 13132

Executive Order 13132, “Federalism,” 64 FR 43255 (August 4, 1999) imposes certain requirements on agencies formulating and implementing policies or regulations that preempt State law or that have federalism implications. Agencies are required to examine the constitutional and statutory authority supporting any action that would limit the policymaking discretion of the States and carefully assess the necessity for such actions. DOE has examined this rule and has determined that it would not preempt State law and would not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. No further action is required by Executive Order 13132.

H. Executive Order 12988

With respect to the review of existing regulations and the promulgation of new regulations, section 3(a) of Executive Order 12988, “Civil Justice Reform,” 61 FR 4729 (February 7, 1996), imposes on Executive agencies the general duty to adhere to the following requirements: (1) Eliminate drafting errors and ambiguity; (2) write regulations to minimize litigation; and (3) provide a clear legal standard for affected conduct rather than a general standard and promote simplification and burden reduction. With regard to the review required by section 3(a), section 3(b) of Executive Order 12988 specifically requires that Executive

agencies make every reasonable effort to ensure that the regulation: (1) Clearly specifies the preemptive effect, if any; (2) clearly specifies any effect on existing Federal law or regulation; (3) provides a clear legal standard for affected conduct while promoting simplification and burden reduction; (4) specifies the retroactive effect, if any; (5) adequately defines key terms; and (6) addresses other important issues affecting clarity and general draftsmanship under any guidelines issued by the Attorney General. Section 3(c) of Executive Order 12988 requires Executive agencies to review regulations in light of applicable standards in section 3(a) and section 3(b) to determine whether they are met or it is unreasonable to meet one or more of them. DOE has completed the required review and determined that, to the extent permitted by law, this rule meets the relevant standards of Executive Order 12988.

I. Treasury and General Government Appropriations Act, 2001

The Treasury and General Government Appropriations Act, 2001 (44 U.S.C. 3516 note) provides for agencies to review most disseminations of information to the public under guidelines established by each agency pursuant to general guidelines issued by OMB. OMB's guidelines were published at 67 FR 8452 (February 22, 2002), and DOE's guidelines were published at 67 FR 62446 (October 7, 2002). DOE has reviewed this rule under the OMB and DOE guidelines and has concluded that it is consistent with applicable policies in those guidelines.

J. Executive Order 13211

Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use," 66 FR 28355 (May 22, 2001) requires Federal agencies to prepare and submit to the OMB, a Statement of Energy Effects for any proposed significant energy action. A "significant energy action" is defined as any action by an agency that promulgated or is expected to lead to promulgation of a final rule, and that: (1) Is a significant regulatory action under Executive Order 12866, or any successor order; and (2) is likely to have a significant adverse effect on the supply, distribution, or use of energy, or (3) is designated by the Administrator of OIRA as a significant energy action. For any proposed significant energy action, the agency must give a detailed statement of any adverse effects on energy supply, distribution, or use should the proposal be implemented,

and of reasonable alternatives to the action and their expected benefits on energy supply, distribution, and use. This regulatory action would not have a significant adverse effect on the supply, distribution, or use of energy and is therefore not a significant energy action. Accordingly, DOE has not prepared a Statement of Energy Effects.

K. Congressional Notification

As required by 5 U.S.C. 801, DOE will submit to Congress a report regarding the issuance of today's interim final rule prior to the effective date set forth at the outset of this notice. The report will state that it has been determined that the rule is not a "major rule" as defined by 5 U.S.C. 801(2).

L. Approval of the Office of the Secretary

The Secretary of Energy has approved publication of this interim final rule.

■ 18. Section 820.81 is amended by revising the first sentence to read as follows:

§ 820.81 Amount of penalty.

Any person subject to a penalty under 42 U.S.C. 2282a shall be subject to a civil penalty in an amount not to exceed \$197,869 for each such violation. * * *

■ 19. Appendix A to part 820 is amended by:

■ a. Revising the fourth sentence of paragraph 2.e., “Civil Penalty,” in section IX entitled “Enforcement Actions”; and

■ b. Revising paragraph a. in section XII entitled “Secretarial Notification and Consultation”.

The revisions read as follows:

Appendix A to Part 820—General Statement of Enforcement Policy

* * * * *

IX. Enforcement Actions

* * * * *

2. Civil Penalty

* * * * *

e. * * * In no instance will a civil penalty for any one violation exceed the statutory limit, as periodically adjusted for inflation as required by law. * * *

* * * * *

XII. Secretarial Notification and Consultation

* * * * *

a. Proposals to impose civil penalties in an amount equal to or greater than the statutory limit, as periodically adjusted for inflation as required by law;

PART 824—PROCEDURAL RULES FOR THE ASSESSMENT OF CIVIL PENALTIES FOR CLASSIFIED INFORMATION SECURITY VIOLATIONS

■ 20. The authority citation for part 824 is revised to read as follows:

Authority: 42 U.S.C. 2201, 2282b, 7101 *et seq.*; 50 U.S.C. 2401 *et seq.*; 28 U.S.C. 2461 note.

■ 21. Section 824.1 is amended by revising the second sentence to read as follows:

§ 824.1 Purpose and scope.

* * * Subsection a. provides that any person who has entered into a contract or agreement with the Department of Energy, or a subcontract or subagreement thereto, and who violates (or whose employee violates) any applicable rule, regulation or order under the Act relating to the security or safeguarding of Restricted Data or other classified information, shall be subject to a civil penalty not to exceed \$141,402 for each violation. * * *

■ 22. Section 824.4 is amended by revising paragraph (c) to read as follows:

§ 824.4 Civil penalties.

* * * * *

(c) The Director may propose imposition of a civil penalty for violation of a requirement of a regulation or rule under paragraph (a) of this section or a compliance order issued under paragraph (b) of this section, not to exceed \$141,402 for each violation.

* * * * *

■ 23. Appendix A to part 824 is amended by:

■ a. Revising the fourth and sixth sentences of paragraph 2.e., in section VIII entitled “Enforcement Actions”; and

■ b. Revising the last sentence of paragraph 3.d., “Adjustment Factors,” in section VIII entitled “Enforcement Actions”.

The revisions read as follows:

Appendix A to Part 824—General Statement of Enforcement Policy

* * * * *

VIII. Enforcement Actions

* * * * *

2. Civil Penalty

* * * * *

e. * * * In no instance will a civil penalty for any one violation exceed the statutory limit, as periodically adjusted for inflation as required by law, per violation. * * * Thus, the per violation cap will not shield a DOE contractor that is or should have been aware of an ongoing violation and has not reported it to DOE and taken corrective action despite an opportunity to do so from liability significantly exceeding the limit. * * *

* * * * *

3. Adjustment Factors

* * * * *

d. * * * Based on the degree of such factors, DOE may escalate the amount of civil penalties up to the statutory maximum, as periodically adjusted for inflation as required by law, per violation per day for continuing violations.

* * * * *

PART 851—WORKER SAFETY AND HEALTH PROGRAM

■ 24. The authority citation for part 851 is revised to read as follows:

■ a. Revising the last sentences of paragraphs (b)(1) and (2) in section VI;

■ b. Revising paragraph 1.(e)(1) in section IX; and

■ c. Revising the fourth sentence in paragraph 2.(f) in section IX.

The revisions read as follows:

Appendix B to Part 851—General Statement of Enforcement Policy

* * * * *

VI. Severity of Violations

(b) * * *

(1) * * * A Severity Level I violation would be subject to a base civil penalty of up to 100% of the maximum base civil penalty of \$91,830.

(2) * * * A Severity Level II violation would be subject to a base civil penalty up to 50% of the maximum base civil penalty (\$45,915).

* * * * *

IX. Enforcement Actions

* * * * *

1. Notice of Violation

* * * * *

(e) * * *

(1) DOE may assess civil penalties of up to \$91,830 per violation per day on contractors (and their subcontractors and suppliers) that are indemnified by the Price-Anderson Act, 42 U.S.C. 2210(d). *See* 10 CFR 851.5(a).

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2015-6033; Directorate Identifier 2015-SW-019-AD; Amendment 39-18571; AD 2016-13-07]

RIN 2120-AA64

Airworthiness Directives; Airbus Helicopters

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for Airbus Helicopters Model AS 365 N3 helicopters. This AD requires inspecting the cabin and cockpit for labels, placards, or markings that provide jettison procedure instructions for cabin doors, removing any labels, placards, or markings that are in an incorrect location, and installing placards where they are missing. This AD is prompted by the determination that placards had not been installed according to specifications on newly manufactured helicopters. The actions are intended to provide exit procedures during an emergency.

DATES: This AD is effective August 2, 2016.

The Director of the Federal Register approved the incorporation by reference of a certain document listed in this AD as of August 2, 2016.

ADDRESSES: For service information identified in this final rule, contact Airbus Helicopters, 2701 N. Forum Drive, Grand Prairie, TX 75052; telephone (972) 641-0000 or (800) 232-0323; fax (972) 641-3775; or at <http://www.airbushelicopters.com/techpub>. You may review the referenced service information at the FAA, Office of the Regional Counsel, Southwest Region, 10101 Hillwood Pkwy., Room 6N-321, Fort Worth, TX 76177. It is also available on the Internet at <http://www.regulations.gov> by searching for and locating Docket No. FAA-2015-6033.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov> by searching for and locating Docket No. FAA-2015-6033; or in person at the Docket Operations Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD, the European Aviation Safety Agency (EASA) AD, any incorporated-by-reference service information, the economic evaluation, any comments received, and other information. SUPPLEMENTARY INFORMATION:

Discussion

On March 11, 2016, at 81 FR 12836, the **Federal Register** published our notice of proposed rulemaking (NPRM), which proposed to amend 14 CFR part 39 by adding an AD that would apply to Airbus Helicopters Model AS 365 N3 helicopters. The NPRM proposed to require inspecting the cabin and cockpit for labels, placards, or markings that provide jettison procedure instructions for cabin doors, removing any labels, placards, or markings that are in an incorrect location, and installing placards in the correct locations. The proposed requirements were intended to provide exit procedures during an emergency.

The NPRM was prompted by AD No. 2015-0068-E, dated April 29, 2015, issued by EASA, which is the Technical Agent for the Member States of the European Union, to correct an unsafe condition for the Airbus Helicopters Model AS 365 N3 helicopters without external life rafts installed, except those helicopters modified in accordance with Airbus Helicopters modification (MOD) 0711B68, and Model AS 365 N3 helicopters with external life rafts installed, except those helicopters modified in accordance Airbus Helicopters MOD 0711B67 and MOD 0711B68. EASA advises that during helicopter delivery after manufacturing, Airbus Helicopters identified that placards providing jettison procedure instructions for the cabin doors were not systematically installed or not installed in a proper location. This condition, if not corrected, could prevent the timely evacuation of the helicopter during an emergency. The EASA AD consequently requires determining whether any placards are missing or incorrectly located, installing any missing placards, and replacing any incorrectly located placards.

Comments

We gave the public the opportunity to participate in developing this AD, but we received no comments on the NPRM (81 FR 12836, March 11, 2016).

FAA's Determination

These helicopters have been approved by the aviation authority of France and are approved for operation in the United States. Pursuant to our bilateral agreement with France, EASA, its technical representative, has notified us of the unsafe condition described in the EASA AD. We are issuing this AD because we evaluated all information
