

Amendment to the Constitution of the United States, other applicable treaties and laws, and implementing regulations at 22 CFR parts 50 and 51. The specific regulations pertaining to the Application for a U.S. Passport are at 22 CFR 51.20 through 51.28.

Methodology: The information collected on the DS-11 is used to facilitate the issuance of passports to U.S. citizens and nationals. The primary purpose of soliciting the information is to establish citizenship, identity, and entitlement to the issuance of the U.S. passport or related service, and to properly administer and enforce the laws pertaining to the issuance thereof.

Passport Services collects information from U.S. citizens and non-citizen nationals when they complete and submit the Application for a U.S. Passport. Passport applicants can either download the DS-11 from the internet or obtain one from an Acceptance Facility/Passport Agency. The form must be completed and executed at an acceptance facility or passport agency, and submitted with evidence of citizenship and identity.

Additional Information: The proposed renewal of the DS-11 includes an advisory on the instruction that lawful permanent resident cards (green cards) that are submitted with Form DS-11 will be forwarded to U.S. Citizen and Immigration Services if the applicant is found to be a U.S. citizen. This advisory is consistent with an arrangement between the Department of State and the Department of Homeland Security, as green cards are property of the Department of Homeland Security.

The proposed renewal of Form DS-11 also includes new instruction to applicants requiring submission of a photocopy of the applicant's evidence of U.S. citizenship, in addition to the official or certified copy that is currently required. The official or certified copy will continue to be used to determine whether the applicant has a valid claim to U.S. citizenship. The photocopy will be retained by the Department so that the Department has a complete and accurate record of what the applicant submitted with his or her U.S. passport application. Currently, evidence of U.S. citizenship is only annotated on the application, and a certified copy is generally not retained. The Department considered different alternatives to having the applicant submit a photocopy in addition to the official or certified copy; however, none of these alternatives were logistically feasible or cost effective. Based on a resource analysis study, the additional costs for labor, equipment, supplies, facility modifications and obtaining additional

space makes it not feasible for the Department to make photocopies of primary citizenship evidence without significantly affecting agency operations and passport processing times. The Department determined that adding the requirement for a photocopy of the applicant's evidence of U.S. citizenship is the only feasible way to create a complete record of the documentation submitted with applications. The Department also believes that retaining copies of applicant's evidence of U.S. citizenship will help the Department develop and deliver online passport applicant services. Applicants currently submit a photocopy of their photo identification.

The Privacy Act statement has been amended to clarify that an applicant's failure to provide his or her Social Security number may result in the denial of an application, consistent with 22 U.S.C 2714a(f) which authorizes the Department to deny U.S. passport applications when the applicant failed to include his or her Social Security number. These requirements and the underlying legal authorities are further described on page 3 of the instruction titled "Federal Tax Law" which has also been amended to include a reference to 22 U.S.C 2714a(f).

Additionally, the proposed renewal of form DS-11 also includes updated instruction regarding the eyeglass policy change, prohibiting applicants from wearing eyeglasses in passport photographs, unless the applicant presents a signed statement from a doctor demonstrating that the glasses must be worn due to medical reasons. The form also states that passport photos may include hats or head coverings only when they are worn continuously as part of recognized, traditional religious attire, or when the hat or head covering is worn for medical purposes as stated by a doctor in a signed statement.

Dated: June 23, 2016.

Brenda S. Sprague,

Deputy Assistant Secretary for Passport Services, Bureau of Consular Affairs, Department of State.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2016-0118]

Commercial Driver's License Standards: Missouri Department of Revenue (DOR); Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition; grant of application for exemption.

SUMMARY: FMCSA announces its decision to grant the Missouri DOR and all other State driver licensing agencies (SDLAs) a limited exemption from the Agency's commercial driver's license (CDL) regulations. These regulations allow a State to waive the CDL skills test for applicants regularly employed or previously employed within the last 90 days in a military position requiring operation of a commercial motor vehicle (CMV). The exemption extends the 90-day timeline to one year following the driver's separation from military service. The Missouri DOR believed that the 90-day timeframe is too short to take advantage of the waiver for many of the qualified discharged veterans entering and settling into civilian life. A similar exemption was granted to the Commonwealth of Virginia, Department of Motor Vehicles (VA DMV) and all SDLAs on July 8, 2014, effective through July 8, 2016. FMCSA has analyzed the Missouri DOR exemption application and the public comments and has determined that the exemption will achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption.

DATES: This exemption is effective July 8, 2016 through July 8, 2018.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Clemente, FMCSA Driver and Carrier Operations Division; Office of Carrier, Driver and Vehicle Safety Standards; Telephone: 202-366-4325. Email: MCPSD@dot.gov.

SUPPLEMENTARY INFORMATION:

Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been

conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews the safety analyses and the public comments, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reason for the grant or denial, and, if granted, the specific person or class of persons receiving the exemption, and the regulatory provision or provisions from which exemption is granted. The notice must also specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

Request for Exemption

The Missouri DOR requested an exemption from 49 CFR 383.77(b)(1), which allows States to waive the skills test described in § 383.113 for applicants regularly employed or previously employed within the last 90 days in a military position requiring operation of a CMV. The Missouri DOR proposed that it be allowed to extend the 90-day timeline to one year following the driver's separation from military service.

The Missouri DOR contended that the 90-day timeframe is too short for many of the qualified veterans to utilize while reentering civilian life. They stated that the Department has utilized the military waiver program for years and one of the most common reasons the applicant is not eligible is because the application is beyond the 90-day timeframe. Furthermore, the industry need for new drivers is continually growing each year and providing additional flexibility in § 383.77(b)(1) will help offset that need by transitioning fully-trained military veterans into civilian employment. They further stated that it is their goal to assure highway safety by licensing qualified veterans seeking employment following discharge. A more accessible waiver period would assist in meeting this goal and provide an opportunity to veterans.

FMCSA has previously determined that extending the 90-day skills test waiver period to one year following the driver's separation from military service would maintain a level of safety equivalent to, or greater than, the level achieved without the exemption (49 CFR 381.305(a)). An exemption extending the 90-day skills test waiver period to one year was granted to the Commonwealth of Virginia, Department

of Motor Vehicles (Virginia DMV) and all SDLAs on July 8, 2014 (79 FR 38645). This exemption is in effect through July 8, 2016.

On March 16, 2016, FMCSA published a notice of proposed rulemaking (NPRM) and request for comments entitled "Commercial Driver's License Requirements of the Moving Ahead for Progress in the 21st Century Act and the Military Commercial Driver's License Act of 2012" (81 FR 14052). This proposed rulemaking would extend the time period for applying for a skills test waiver from 90 days to one year after leaving a military position requiring the operation of a CMV for *all* States. The comment period on this notice closed on May 16, 2016. This proposed rulemaking will not be finalized by July 8, 2016, which is the VA DMV exemption expiration date. Therefore, this Missouri DOR exemption for all SDLAs is needed to cover the time between expiration of the Virginia exemption and any rulemaking that would make the exemption(s) moot.

A copy of the Missouri DOR's application for exemption is available for review in the docket for this notice.

Public Comments

On April 11, 2016, FMCSA published notice of the Missouri DOR's application for exemption and requested public comment (81 FR 21443). The Agency received three docket comments submitted, which were all filed in support of the Missouri DOR request.

The American Association of Motor Vehicle Administrators (AAMVA) commented that on July 8, 2014, FMCSA had granted an extension to all SDLAs to extend the allowable timeframe for a military skills test waiver for up to one year. AAMVA applauded FMCSA for granting that exemption and proposing to make it a permanent regulatory change in the Agency's aforementioned NPRM. According to AAMVA, as that NPRM may not become final before the current exemption's [VA DMV] July 8, 2016 expiration, they requested FMCSA extend this important exemption for the maximum extent allowable.

The Oregon Department of Motor Vehicles (OR DMV) commented that they are fully supportive of Missouri's request for exemption from § 383.77(b)(1). Another individual commented that he was in favor of any exemption that benefits both the transportation industry and the veterans.

FMCSA Response and Decision

The FMCSA has evaluated Missouri DOR's application and, following consideration of the comments submitted to the docket, has decided to grant the exemption from 49 CFR 383.77(b)(1). FMCSA does not believe that the veterans' driving skills would decrease during the additional months in which this exemption allows them to apply for a waiver of the CDL skills test. This exemption only extends the period during which application for the skills test waiver may be made, and does not revise any other provisions of the regulations. FMCSA determined that the exemption would maintain a level of safety equivalent to, or greater than, the level achieved without the exemption (49 CFR 381.305(a)).

Issued on: June 16, 2016.

T.F. Scott Darling, III,
Acting Administrator.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Environmental Impact Statement for the California High Speed Rail System San Francisco to San Jose Section, CA

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Extension of comment period for the Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS).

SUMMARY: On May 9, 2016, FRA published a NOI announcing its intent to jointly prepare an Environmental Impact Report (EIR) and Environmental Impact Statement (EIS) with the California High-Speed Rail Authority (Authority) for the San Francisco to San Jose Section of the California High-Speed Rail (HSR) System, Blended System Project (Blended System Project or Project) and requesting public comments. Through this notice, FRA is extending the comment period and inviting the public and all interested parties to provide comments on the scope of the EIR/EIS, including the proposed purpose and need, the alternatives to consider, potential environmental impacts of concern, and methodologies for analysis of impacts.

DATES: FRA must receive written comments by July 20, 2016. FRA may consider comments received after that date if it is practicable.
