Type of Request: Reinstatement, with change, of a previously approved collection for which approval has expired.

Number of Respondents: 6,851.

Average Burden per Response: 1.5 hours.

Annual Burden Hours: 4171.3 hours.

Needs And Uses: Executive Order (EO) 12829 as amended, "National Industrial Security Program (NISP)," stipulates that the Secretary of Defense shall serve as the Executive Agent for inspecting and monitoring the contractors, licensees, and grantees who require or will require access to or who store or will store classified information; and for determining the eligibility for access to classified information of contractors, licensees, and grantees and their respective employees. The specific requirements necessary to protect classified information released to private industry are set forth in Department of Defense (DoD) 5220.22M, "National Industrial Security Program Operating Manual (NISPOM)," dated February 28, 2006 as amended by Conforming Change 1, dated March 28, 2013. These forms are mandated in the Industrial Security Regulation DoD 5220.22-R dated December 1985 as amended, DoD 5220.22—NISP Volume 3, dated April 17, 2014 and the Federal Acquisition Regulation. Respondents must execute DD Form 441, "Department of Defense Security Agreement," which is the initial agreement between the contractor and the government regarding security requirements necessary to protect classified information associated with the contract. This legally binding document details the responsibility of both parties and obligates the contractor to fulfill the requirements outlined in DoD 5220.22M. The DD Form 441-1, "Appendage to Department of Defense Security Agreement," is used to extend the agreement to branch offices of the contractor. The SF Form 328, "Certificate Pertaining to Foreign Interests," must be submitted to provide certification regarding elements of Foreign Ownership, Control, or Influence (FOCI) as stipulated in paragraph 2-302 of the NISPOM. DSS proposes to make changes to the DD Form 441 and SF 328. The requirement for execution of the corporate "Certificate" section and the use of a corporate seal is being deleted. Currently the government does not require all corporations to execute the corporate Certificate portion of the Forms. Only those corporations who are in possession of a seal were being required to execute the Certificate. Corporations that do not have a seal and other types of business structures such as limited liability companies, partnership and sole proprietors are only required to have the signing of the agreement witnessed. DSS proposes that a witness is sufficient for all companies whether or not they are a corporation.

Affected Public: Business or other for-profit; individuals or households; Not-for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

Seehra.
