SUPPLEMENTARY INFORMATION:

I. Background

As required by Section 1121 of the Fixing America's Surface Transportation (FAST) Act, the Secretary shall, pursuant to a negotiated rulemaking process, develop a Notice of Proposed Rulemaking (NPRM) that contains the regulations required to carry the TTSGP. Section 1121 also requires that in establishing this committee, the Secretary will (1) apply the procedures of negotiated rulemaking under subchapter III of chapter 5 of title 5 (the Negotiated Rulemaking Act) in a manner that reflects the unique government-to-government relationship between the Indian tribes and the United States and (2) select the tribal representatives for the committee from among elected officials of tribal governments (or their designated employees with authority to act on their behalf), acting in their official capacities. To the maximum extent

possible, FHWA considered geographical location, size, and existing transportation and self-governance experience, in selecting tribal committee representatives.

The Secretary invites organizations and individuals to comment on the nominations in this document or nominate other persons for membership on the committee. The Secretary intends that the proposed committee (including any additional members selected) reflect balanced interests as follows:

(1) Members of geographically diverse small, medium, and large Indian tribes;

(2) Members of tribes identified as Self-Governance Tribes in transportation or other programs as well as from tribes whose tribes have existing Title 23 U.S.C. funding agreements with the Department; and

(3) Members of tribes with various levels and types of experience in the diverse concerns of transportation, management, and leadership.

On April 25, 2016 (81 FR 24158), FHWA announced its intent to establish a negotiated rulemaking committee to negotiate and develop proposed regulations to implement Section 1121 of the FAST Act and to solicit applications for nominations for membership on the TTSGP committee. A total of 33 nominations were received for tribal membership to the committee. This included multiple nominations from tribes located within 10 of the 12 BIA Regions. Only one nomination was received from tribes located within the BIA Midwest Region as well as the BIA Rocky Mountain Region. In addition, nominations and letters of support were received from national and regional tribal organizations.

The Secretary has selected 12 primary regional tribal representatives, 2 tribal representatives that received backing and support from national or regional tribal organization/committees, and 4 additional tribal representatives based on their experience and knowledge as well as to improve the overall diversity of the committee. In addition, the Secretary has selected 7 Federal representatives for the committee, bringing the total proposed committee membership to 25, which meets the requirements of Negotiated Rulemaking Act (5 U.S.C. 565). Five additional alternate representatives were also selected. Generally, tribal members selected to the committee as either

representing a tribal organization or a Secretarial selection will also perform as a regional alternate if required. After careful review of all of the individuals nominated to be TTSGP committee members, the Secretary of Transportation hereby proposes the following committee membership:

Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. IV. Future Committee Meetings and Rulemaking Calendar

Decisions with respect to future meetings will be made at the first meeting and from time to time thereafter. Notices of all future meetings will be shown on the FHWA TTP Web site at <https://fhlh.fhwa.dot.gov/programs/ttp/> at least 15 calendar days prior to each meeting. The FHWA has developed a provisional schedule of committee meetings, running through June 2017, which we plan to finalize with the committee during the first meeting. The FHWA intends to complete the negotiated rulemaking process for the proposed rule within the first half of 2017 and to publish a NPRM, followed by a Final Rule in 2018. After the conclusion of the committee meetings, the Agency will draft the NPRM, which is expected to take approximately 6–8 weeks, depending on the degree of consensus on the issues and the supporting data developed by the committee. The NPRM will then be reviewed by DOT’s Office of the Secretary and the Office of Management and Budget (OMB). The Agency will then publish the NPRM for public comment. Following the close of the public comment period the Agency will evaluate and respond to public comments as it drafts a final rule, which will also undergo Departmental and OMB review. Although the time needed to address public comments to an NPRM that has been developed through a successful negotiated rulemaking process is typically shorter than for rules conducted through the ordinary informal notice and comment process, the Agency must nonetheless address

substantive public comments in the final rule, in accordance with the Administrative Procedure Act. While the Agency cannot state with certainty the time required to complete the negotiated rulemaking process and notice and comment rulemaking, the target date for publication of an NPRM is September 2017.

Issued on: July 21, 2016.

Gregory G. Nadeau,
Administrator, Federal Highway Administration.

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

II. Background, Purpose, and Legal Basis

On June 1, 2016, OC Tri-Running Sports of Bishopville, MD notified the Coast Guard that it will be conducting the swim portion of the Crisfield CrabMan Triathlon from 6:30 a.m. until 9 a.m. on September 17, 2016. The open water swim competition is to be held along a designated 0.93-mile (1500 meters/1.5k) linear course that starts from a stationary barge located in the Little Annessex River in approximate position latitude 37°58′15″ N., longitude 075°52′09″ W., and finishes at the Somers Cove Marina in Somers Cove at Crisfield, MD. Prior to the swim start, participants will be transported from the Crisfield City Dock to the barge on board a ferry. Hazards from the swim competition include approximately 200 participants operating within and adjacent to designated navigation channels and interfering with vessels intending to operate within those channels, as well as operating within the narrow entrance to Somers Cove. The COTP Maryland-National Capital Region has determined that potential hazards associated with the swim competition would be a safety concern for anyone intending to operate within certain waters of the Little Annessex River and Somers Cove at Crisfield, MD.

The purpose of this rulemaking is to protect event participants, spectators and transiting vessels on certain waters of the Little Annessex River and Somers Cove before, during, and after the scheduled event.

The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1233, which authorize the Coast Guard to establish and define special local regulations.

III. Discussion of Proposed Rule

The COTP Maryland-National Capital Region proposes to establish special local regulations from 5:30 a.m. until 10 a.m. on September 17, 2016, and if necessary due to inclement weather, from 5:30 a.m. until 10 a.m. on September 18, 2016. The regulated area would cover all navigable waters of the Little Annessex River and Somers
