

sex discrimination under Title IX includes discrimination based on gender identity, which encompasses discrimination based on transgender status. The guidance explains that ED and DOJ treat an individual's gender identity as the individual's sex for purposes of Title IX and its implementing regulations. This guidance is available at www.ed.gov/ocr/letters/colleague-201605-title-ix-transgender.pdf.

e. The U.S. Office of Personnel Management (OPM) has also provided guidance to Federal agencies about the treatment of transgender individuals. In a document entitled "Guidance Regarding the Employment of Transgender Individuals in the Federal Workplace," OPM notes that "transgender" refers to people whose gender identity and/or expression is different from the sex assigned to them at birth (e.g. the sex listed on an original birth certificate). The OPM Guidance further explains that the term "transgender woman" typically is used to refer to someone who was assigned the male sex at birth but who identifies as a female. Likewise, OPM provides that the term "transgender man" typically is used to refer to someone who was assigned the female sex at birth but who identifies as male. Lastly, OPM recognizes that a person does not need to undergo any medical procedure to be considered a transgender man or a transgender woman. The OPM guidance is available at <https://www.opm.gov/policy-data-oversight/diversity-and-inclusion/reference-materials/addressing-sexual-orientation-and-gender-identity-discrimination-in-federal-civilian-employment.pdf>.

4. *What is nondiscrimination on property under the jurisdiction, custody, or control of GSA?*

a. Consistent with the interpretations issued by the EEOC, ED, DOJ, and OPM, the prohibition against sex discrimination in the Federal Management Regulation 41 CFR part 74 section 102–74.445 also prohibits discrimination due to gender identity, which includes discrimination based on an individual's transgender status.

b. Federal agencies occupying space under the jurisdiction, custody, or control of GSA must allow individuals to use restroom facilities and related areas consistent with their gender identity. As consistent with guidance by DOJ and ED, the self-identification of gender identity by any individual is sufficient to establish which restroom or other single-sex facilities should be used. As noted by ED, EEOC, DOJ and OPM, transgender individuals do not

have to be undergoing or have completed any medical procedure, nor can they be required to show proof of surgery to be treated in accordance with their gender identity and obtain access to the restroom corresponding with their gender identity. Further, Federal agencies may not restrict only transgender individuals to only use single-occupancy restrooms, such as family or accessible facilities open to all genders. However, Federal agencies may make individual-user options available to all individuals who voluntarily seek additional privacy.

Federal Emergency Management Agency

44 CFR Part 64

[Docket ID FEMA–2016–0002; Internal Agency Docket No. FEMA–8451]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation

status of a community can be obtained from FEMA's Community Status Book (CSB). The CSB is available at <http://www.fema.gov/fema/csb.shtm>.

DATES: The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact Patricia Suber, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 400 C Street SW., Washington, DC 20472, (202) 646–4149.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase Federal flood insurance that is not otherwise generally available from private insurers. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood insurance unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59. Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. We recognize that some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue to be eligible for the sale of NFIP flood insurance. A notice withdrawing the suspension of such communities will be published in the **Federal Register**.

In addition, FEMA publishes a Flood Insurance Rate Map (FIRM) that identifies the Special Flood Hazard Areas (SFHAs) in these communities. The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified

for more than a year on FEMA's initial FIRM for the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment procedures under 5 U.S.C. 553(b), are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications were made, this final rule may take effect within less than 30 days.

National Environmental Policy Act. This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No

environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, Section 1315, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This rule meets the applicable standards of Executive Order 12988.

Paperwork Reduction Act. This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*
