Federal Aviation Administration

Notice of Release From Federal Surplus Property and Grant Assurance Obligations at Redding Municipal Airport (RDD), Redding, California

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of request to release airport land.

SUMMARY: The Federal Aviation Administration (FAA) proposes to rule and invites public comment on the application for a release of approximately 1.10 acres of airport property at the Redding Municipal Airport (RDD), Redding, California from all conditions contained in the Surplus Property Deed and Grant Assurances because the parcel of land is not needed for airport purposes. The land requested to be released is separated from the airport by Airport Road and located outside the airport fence at the southwest corner of the airport property. The release will allow the City of Redding to sell the property at its fair market value, thereby benefiting the Airport and serving the interest of civil aviation. The proposed use will be compatible with the airport and will not interfere with the airport or its operation.

DATES: Comments must be received on or before September 21, 2016.

FOR FURTHER INFORMATION CONTACT: Comments on the request may be mailed to the FAA at the following address: James W. Lomen, Manager, Federal Aviation Administration, San Francisco Airports District Office, **Federal Register** Comment, 1000 Marina Boulevard, Suite 220, Brisbane, CA 94005. In addition, one copy of the comment submitted to the FAA must be mailed to Mr. Rod Dinger, Airport Director, Redding Municipal Airport, 6751 Woodrum Circle, Suite 200, Redding, CA 96002.

SUPPLEMENTARY INFORMATION: In accordance with the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR 21), Public Law 106-181 (Apr. 5, 2000; 114 Stat. 61),

this notice must be published in the **Federal Register** 30 days before the Secretary may waive any condition imposed on a federally obligated airport by surplus property conveyance deeds or grant agreements.

The following is a brief overview of the request:

The City of Redding, California requested a release from Federal surplus property and grant assurance obligations for approximately 1.10 acres of airport land to allow for its sale. The property was originally acquired pursuant to the Surplus Property Act of 1944 and was deeded to the City of Redding on June 6, 1949. The parcel of land is located on the southwest side of the airport along Meadow View Drive and Airport Road. The property is separated from the airfield by Airport Road and the airport perimeter fence.

The parcel of land is undeveloped, has no structural improvements, and has not been used for aviation purposes for over 20 years. The City of Redding will sell the 1.10 acres of property at fair market value and redeveloped for commercial business purposes.

The sales proceeds will be devoted to airport operations and capital projects. The reuse of the property will not interfere with the airport or its operation and will thereby serve the interests of civil aviation.

Issued in Brisbane, California, on August 10, 2016.

James W. Lomen,

Manager, San Francisco Airports District Office, Western-Pacific Region.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2016-0069]

Commercial Driver's Licenses; Proposed Pilot Program To Allow Persons Between the Ages of 18 and 21 With Military Driving Experience To Operate Commercial Motor Vehicles in Interstate Commerce

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of proposed pilot program; request for comments.

SUMMARY: As required by section 5404 of the Fixing America's Surface Transportation (FAST) Act, FMCSA proposes a pilot program to allow a limited number of individuals between the ages of 18 and 21 to operate commercial motor vehicles (CMVs) in interstate commerce if they have received specified heavy-vehicle driver training while in military service and are sponsored by a participating motor carrier. During the 3-year pilot program, the safety records of these younger drivers (the study group) would be compared to the records of a control group of comparable size, comprised of drivers who are 21 years of age or older and who have comparable training and experience in driving vehicles requiring a commercial driver's license (CDL). The control group would consist of volunteer drivers who meet specified criteria and are employed by a participating carrier. The comparison of the two groups' performance would help to determine whether age is a critical safety factor. FMCSA also proposes criteria for a working group to consult with the Agency in conducting, monitoring, and evaluating the pilot program. Further, the Agency outlines procedural steps and a data collection plan, and requests comments on these elements.

DATES: Comments must be received on or before September 21, 2016.

ADDRESSES: You may submit comments bearing the Federal Docket Management System (FDMS) Docket ID FMCSA-

2016-0069 using any of the following methods:

- **Federal eRulemaking Portal:** www.regulations.gov. Follow the online instructions for submitting comments.
- **Mail:** Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building, Ground Floor, Room W12-140, Washington, DC 20590-0001.
- **Hand Delivery or Courier:** West Building, Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.
- **Fax:** 1-202-493-2251

Each submission must include the Agency name and the docket number for this notice. Note that DOT posts all comments received without change to www.regulations.gov, including any personal information included in a comment. Please see the *Privacy Act* heading below.

Privacy Act: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process.
