### Cash Deposit Requirements

Since the *Final Determination*, the Department has established a new cash deposit rate for Dongyuan, Superte, Guangdong Yingao Kitchen Utensils Co., Ltd., and Zhongshan Newecan Enterprise Development Corporation, and further determined that Feidong Import & Export Co., Ltd. is no longer eligible for a separate rate and is considered part of the PRC-wide entity.<sup>7</sup> Therefore, this amended final determination does not change the later-established cash deposit rates for those exporters. All other companies identified in the table above do not have a superseding cash deposit rate and, therefore, the Department will issue revised cash deposit instructions to U.S. Customs and Border Protection, adjusting the cash deposit rate for these separate-rate companies to 43.35 percent, effective July 24, 2016.

### Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(e)(1) and 777(i)(1) of the Act.

<sup>6</sup> Though Shenzhen Kehuaxing Industrial Ltd. was not granted a separate rate at the time of the *Final Determination*, it was later determined to be eligible for a separate rate in the underlying investigation in a prior amended final determination and *Timken* notice. **SUPPLEMENTARY INFORMATION:** On July 25, 2016, the Department of Commerce (the Department) published the *Antidumping Duty Orders* on certain corrosion-resistant steel products from India, Italy, the People's Republic of China (PRC), the Republic of Korea (Korea), and Taiwan.<sup>1</sup> The *Antidumping Duty Orders* contained unintended errors regarding (1) the estimated weighted-average dumping margins for the PRC and (2) the date that the extended period of provisional measures expired.

### Estimated Weighted-Average Dumping Margins for PRC

As stated in the *Initiation Notice*,<sup>2</sup> the Department calculates combination rates for respondents that are eligible for a separate rate in non-market economy antidumping duty investigations. Policy Bulletin 05.1 describes this practice.<sup>3</sup> While we correctly listed the PRC rates as combination rates in the *PRC Final*

<sup>1</sup> See *Certain Corrosion-Resistant Steel Products from India, Italy, the People's Republic of China, the Republic of Korea and Taiwan: Amended Final Affirmative Antidumping Determination for India and Taiwan, and Antidumping Duty Orders*, 81 FR 48390 (July 25, 2016) (*Antidumping Duty Orders*).

*Determination*,<sup>4</sup> we did not list any of the PRC rates as exporter/producer combination rates in the *Antidumping Duty Orders*.<sup>5</sup>

The PRC weighted-average antidumping duty margins and cash deposit rates, as listed in the *Antidumping Duty Orders*, should all be

corrected to reflect the following exporter/producer combination rates:

Exporter	Producer	Weighted-average dumping margin (percent)	Cash deposit rate (percent)
Yieh Phui (China) Technomaterial Co., Ltd .....	Yieh Phui (China) Technomaterial Co., Ltd .....	209.97	199.43
Jiangyin Zongcheng Steel Co. Ltd .....	Jiangyin Zongcheng Steel Co. Ltd .....	209.97	199.43

### Provisional Measures

In the *Antidumping Duty Orders*, we incorrectly listed the last day of the extended period of provisional measures as July 2, 2016.<sup>6</sup> The correct last day of the extended period of provisional measures is July 1, 2016. Therefore, in accordance with section 733(d) of the Tariff Act of 1930, as amended (the Act) and our practice, the Department will instruct U.S. Customs and Border Protection to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of certain corrosion-resistant steel products from India, Italy, Korea, and the PRC<sup>7</sup> entered, or withdrawn from warehouse, for consumption on or after July 2, 2016, the date on which the provisional measure period expired, until and through the day preceding the date of publication of the International Trade Commission's final injury determinations in the **Federal Register**.

We are now correcting the *Antidumping Duty Orders* for India, Italy, the PRC, Korea, and Taiwan, as noted above.

These corrections to the *Antidumping Duty Orders* for India, Italy, the PRC, Korea, and Taiwan are published in accordance with sections 777(i)(1) of the Act.

Dated: August 19, 2016.

#### Potassium Permanganate From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2014

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (“the Department”) is conducting an administrative review of the antidumping duty order on potassium permanganate from the People's Republic of China (“PRC”). We gave interested parties an opportunity to comment on the *Preliminary Results*, and based upon our analysis of the comments and information received, we made changes to the margin calculation for these final results. The final dumping margin is listed below in the “Final Results of the Administrative Review” section of this notice. The period of review (“POR”) is January 1, 2014, through December 31, 2014.

**DATES:** Effective August 25, 2016.

**FOR FURTHER INFORMATION CONTACT:** Paul Walker, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone 202.482.0413.

#### SUPPLEMENTARY INFORMATION:

##### Background

The Department published the *Preliminary Results* on February 10, 2015.<sup>1</sup> This review covers one respondent, Pacific Accelerator Limited (“PAL”).<sup>2</sup> Between July 15–20, 2016, PAL and Petitioner submitted case and rebuttal briefs.<sup>3</sup> On August 3, 2016, the Department held a hearing limited to issues raised in the case and rebuttal briefs.

##### Scope of the Order

Imports covered by this order are shipments of potassium permanganate, an inorganic chemical produced in free-flowing, technical, and pharmaceutical grades. Potassium permanganate is currently classifiable under item 2841.61.00 of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although the HTSUS item number is provided for convenience and customs purposes, the written description of the merchandise remains dispositive.

<sup>1</sup> See *Potassium Permanganate from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review*; 2013, 81 FR 7751 (February 16, 2016) (“*Preliminary Results*”).

<sup>2</sup> See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 79 FR 11401 (February 28, 2014).

<sup>3</sup> See PAL's July 15, 2016 and July 20, 2016 submissions; Petitioner's July 15, 2016 and July 20, 2016 submissions.

<sup>5</sup> See *Antidumping Duty Orders* at 48393.

<sup>6</sup> See *Antidumping Duty Orders*, at 48392.

<sup>7</sup> In the *Antidumping Duty Orders*, we inadvertently stated that (1) antidumping duties will be assessed on unliquidated entries of certain corrosion-resistant steel products from Taiwan entered, or withdrawn from warehouse, for consumption on or after January 4, 2016, the date of publication of the preliminary determination,

and (2) the last day of the extended period of provisional measures for Taiwan was July 2, 2016. These are both incorrect. Because Taiwan had a negative preliminary determination, the provisional measures period did not expire for Taiwan. See *Certain Corrosion-Resistant Steel Products from Taiwan: Negative Preliminary Determination of Sales at Less Than Fair Value*, 81 FR 72 (January 4, 2016). Thus, we began to suspend liquidation of all entries of certain corrosion-resistant steel products from Taiwan on June 2, 2016, the date of publication of *Taiwan Final Determination*.
