

system, flood control capacity, and storm water facilities. The Rio Salado Project, Phoenix Reach, is a cooperative project between the applicant and the U.S. Army Corps of Engineers to restore, enhance, and maintain 595 acres of native riparian and wetland vegetation along the Salt River from 24th Street to 19th Avenue.

Section 9 of the Act prohibits the “taking” of threatened or endangered species. However, the Service, under limited circumstances, may issue permits to take threatened and endangered wildlife species when such taking is incidental to, and not the purpose of, otherwise lawful activities.

The Service has made a preliminary determination that the approval of the draft amendment and permit amendment application qualify for categorical exclusion under the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 *et seq.*), as provided by the Department of the Interior implementing regulations at 43 CFR 46.205, 46.210, and 46.215.

Public Availability of Comments

Written comments we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. We will not consider anonymous comments. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Authority

We provide this notice under section 10(c) of the Act and its implementing regulations (50 CFR 17.22), and the National Environmental Policy Act (42 U.S.C. 4371 *et seq.*) and its implementing regulations (40 CFR 1506.6).

SUPPLEMENTARY INFORMATION:

I. Public Comment Procedures

A. How do I request copies of applications or comment on submitted applications?

Send your request for copies of applications or comments and materials concerning any of the applications to the contact listed under **ADDRESSES**. Please include the **Federal Register** notice publication date, the PRT-number, and the name of the applicant in your request or submission. We will not consider requests or comments sent to an email or address not listed under **ADDRESSES**. If you provide an email address in your request for copies of applications, we will attempt to respond to your request electronically.

Please make your requests or comments as specific as possible. Please confine your comments to issues for which we seek comments in this notice, and explain the basis for your comments. Include sufficient information with your comments to allow us to authenticate any scientific or commercial data you include.

The comments and recommendations that will be most useful and likely to influence agency decisions are: (1) Those supported by quantitative information or studies; and (2) Those that include citations to, and analyses of, the applicable laws and regulations. We will not consider or include in our administrative record comments we receive after the close of the comment period (see **DATES**) or comments delivered to an address other than those listed above (see **ADDRESSES**).

B. May I review comments submitted by others?

Comments, including names and street addresses of respondents, will be available for public review at the street address listed under **ADDRESSES**. The public may review documents and other information applicants have sent in

support of the application unless our allowing viewing would violate the Privacy Act or Freedom of Information Act. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

II. Background

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), along with Executive Order 13576, “Delivering an Efficient, Effective, and Accountable Government,” and the President’s Memorandum for the Heads of Executive Departments and Agencies of January 21, 2009—Transparency and Open Government (74 FR 4685; January 26, 2009), which call on all Federal agencies to promote openness and transparency in Government by disclosing information to the public, we invite public comment on these permit applications before final action is taken.

Notice of Availability of a Draft Safe Harbor Agreement and Draft Environmental Assessment for Activities Within Austin, Bastrop, Burleson, Colorado, Lavaca, Lee, Leon, Milam, and Robertson Counties, Texas

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability: Draft safe harbor agreement with assurances, draft

environmental assessment, and permit application.

SUMMARY: This notice advises the public that the Texas Parks and Wildlife Department (TPWD; applicant) has applied to the Fish and Wildlife Service (Service) for an enhancement of survival permit pursuant to the Endangered Species Act of 1973, as amended (Act). The permit application includes a proposed programmatic safe harbor agreement (agreement) between the applicant and the Service that would authorize incidental take resulting from voluntary activities to restore, maintain, enhance, or create habitat for the endangered Houston toad. The Service also announces the availability of a draft environmental assessment (EA) that has been prepared to evaluate the permit application in accordance with the requirements of the National Environmental Policy Act. We are making the permit application package, including the draft safe harbor agreement, and draft environmental assessment available for public review and comment.

DATES: We will accept comments received or postmarked on or before October 28, 2016. Any comments we receive after the closing date or not postmarked by the closing date may not be considered in the final decision on this action.

ADDRESSES: Persons wishing to review the application may obtain a copy by writing to the Regional Director, U.S. Fish and Wildlife Service, P.O. Box 1306, Room 4012, Albuquerque, NM 87103, or send a request by email to fw2_hcp_permits@fws.gov.

Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 800-877-8339.

SUPPLEMENTARY INFORMATION: This notice advises the public that the TPWD has applied to the Service for an enhancement of survival permit pursuant to the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*; Act). The permit application includes a proposed programmatic safe harbor agreement (agreement) between the applicant and the Service for a period of 30 years. The proposed agreement will authorize incidental take during voluntary activities to restore, maintain, enhance, or create habitat for the endangered Houston toad (*Anaxyrus [=Bufo] houstonensis*). The Service also announces the availability of a draft environmental assessment that has been prepared to evaluate the permit application in accordance with the requirements of the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*; NEPA). We are making the permit application package, including the draft safe harbor agreement, and draft Environmental Assessment available for public review and comment.

Background

Under a safe harbor agreement, participating property owners voluntarily undertake management activities on their property to enhance, restore, or maintain habitat benefiting species listed under the Endangered Species Act. Safe harbor agreements encourage private and other non-Federal property owners to implement conservation efforts for listed species by
