**SUPPLEMENTARY INFORMATION:**

#### **Postponement of Preliminary Determination**

On April 20, 2016, the Department of Commerce (“Department”) initiated an antidumping duty investigation of 1-hydroxyethylidene-1, 1-diphosphonic acid from the People's Republic of China.<sup>1</sup> Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (“the Act”), and 19 CFR 351.205(b)(1) state that the Department will make a preliminary determination no later than 140 days after the date of the initiation (*i.e.*, April 20, 2016). Accordingly, the preliminary determination of this antidumping duty investigation is currently due no later than September 7, 2016.

Sections 733(c)(1)(B)(i) and (ii) of the Act permit the Department to postpone the time limit for the preliminary determination if it concludes that the parties concerned are cooperating and determines that the case is extraordinarily complicated by reason of the number and complexity of the transactions to be investigated or adjustments to be considered, the novelty of the issues presented, or the number of firms whose activities must be investigated, and additional time is necessary to make the preliminary determination. Under this section of the Act, the Department may postpone the preliminary determination until no later than 190 days after the date on which the Department initiated the investigation.

<sup>1</sup> See *1-Hydroxyethylidene-1, 1-Diphosphonic Acid from the People's Republic of China: Initiation of Less-Than-Fair-Value Investigation*, 81 FR 25377 (April 28, 2016).

The Department determines that the parties concerned are cooperating and that the case is extraordinarily complicated. Additional time is necessary to issue and analyze supplemental questionnaires and to make a preliminary determination in this investigation.

Therefore, in accordance with section 733(c)(1)(B) of the Act, the Department is postponing the deadline for the preliminary determination by 50 days, to October 27, 2016. In accordance with section 735(a)(1) of the Act, the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).<sup>2</sup>

### Background

On April 28, 2016, the Department received a timely request, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), from CF Industries, Inc. and El Dorado Chemical Company (collectively, petitioners) to conduct an administrative review of the sales of Acron and EuroChem.<sup>1</sup> On June 6, 2016, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on ammonium nitrate from Russia with respect to Acron and EuroChem.<sup>2</sup> On June 30, 2016, the Department received a timely notice from Acron notifying the Department that it had no shipments of subject merchandise to the United States during the POR.<sup>3</sup> On August 18, 2016, the petitioners withdrew their request for an administrative review with respect to Acron and EuroChem.<sup>4</sup>

### Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if a party that requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. The petitioners withdrew their request for review by the 90-day deadline, and no other party requested an administrative review of the antidumping duty order on ammonium nitrate from Russia for the POR. Accordingly, the Department is rescinding the administrative review of the antidumping order on ammonium nitrate from Russia covering the period April 1, 2015 through March 31, 2016.

### Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping

duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the **Federal Register**.

### Notification to Importers

This notice serves as the only reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement may result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

### Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with section 751 of the Act and 19 CFR 351.213(d)(4).

Dated: August 26, 2016.
