

822-7201 or by email at joe.polos@fws.gov or Elizabeth W. Hadley, Redding Electric Utility, by mail at 777 Cypress Avenue, Redding, CA 96001; by telephone at 530-339-7308 or by email at ehadley@reupower.com. Individuals with a disability may request an accommodation by sending an email to either point of contact.

SUPPLEMENTARY INFORMATION: In accordance with the requirements of the Federal Advisory Committee Act, 5 U.S.C. App., we announce that the Trinity River Adaptive Management Working Group will hold a meeting. The TAMWG affords stakeholders the opportunity to give policy, management, and technical input concerning Trinity River (California) restoration efforts to the Trinity Management Council (TMC). The TMC interprets and recommends policy, coordinates and reviews management actions, and provides organizational budget oversight.

Meeting Agenda

- Designated Federal Officer (DFO) update;
- TMC Chair update;
- Executive Director Updates;
- Trinity River Restoration Program (TRRP) Outmigrant Monitoring;
- TRRP Bird Monitoring;
- TRRP Compliance Monitoring;
- TRRP Flow Scheduling Process;
- Letters from members of the public;
- Issues identified at joint TAMWG/TMC meeting;
- Current TMC Issues; and
- Public comment.

The final agenda will be posted on the Internet at <http://www.fws.gov/arcata>.

Public Input

Interested members of the public may submit relevant information or questions for the TAMWG to consider during the meeting. Written statements must be received by the date listed in **DATES**, so that the information may be available to the TAMWG for their consideration prior to this meeting. Written statements must be supplied to Elizabeth Hadley in one of the following formats: One hard copy with original signature, one electronic copy with original signature, and one electronic copy via email (acceptable file formats are Adobe Acrobat PDF, MS Word, PowerPoint, or rich text file).

Registered speakers who wish to expand on their oral statements, or those who wished to speak but could not be accommodated on the agenda, may submit written statements to Elizabeth Hadley up to 7 days after the meeting.

Meeting Minutes

Summary minutes of the meeting will be maintained by Elizabeth Hadley (see **FOR FURTHER INFORMATION CONTACT**). The minutes will be available for public inspection within 14 days after the meeting, and will be posted on the TAMWG Web site at <http://www.fws.gov/arcata>.

Dated: August 30, 2016.

Joseph C. Polos,

Supervisory Fish Biologist, Arcata Fish and Wildlife Office, Arcata, California.

Notice of Individual Special Recreation Permit Requirement in the King Range National Conservation Area, California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Land Management (BLM) provides notice of a new Individual Special Recreation Permit (ISRP) requirement for overnight use in the King Range Wilderness and Backcountry Management Zone (King Range Wilderness). The ISRP will limit the number of persons entering the King Range Wilderness for overnight use to 60 persons/day during the peak season (May 15-September 15), and 30 persons/day during the non-peak season (September 16-May 14). This action will limit overnight use of the King Range Wilderness for the first time. Day use entries will not be limited. The ISRP program will be administered through an electronic reservation system. The ISRP requirement results from analysis and planning direction provided by the 2012 King Range Wilderness and Rocks and Islands Wilderness Areas Management Plan (WMP), and the 2005 King Range National Conservation Area Resource Management Plan (RMP) both of which outline operational goals of the area and the purpose of a wilderness permit program.

DATES: The BLM's Arcata Field Office intends to implement the King Range Wilderness ISRP program, which will be administered through the electronic reservation system, Recreation.gov, with a projected go-live date in January 2017.

ADDRESSES: Additional information may be obtained by email request to CA338@blm.gov, or by mail to Bureau of Land Management, King Range Project Office, PO Drawer 189, Whitethorn, CA 95589, attention NCA Manager. Copies of the King Range WMP and King Range RMP are available in the King Range Project Office, 768 Shelter Cove Road, Whitethorn, CA and Arcata Field Office, 1695 Heindon Rd., Arcata, CA, 95521 and online at: http://www.blm.gov/ca/st/en/prog/nlcs/King_Range_NCA.html.

FOR FURTHER INFORMATION CONTACT:

Benjamin Blom, NCA Manager, 707-825-2310, or Justin Robbins, Outdoor Recreation Planner, 707-986-5403. Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service

(FIRS) at 1-800-877-8339 to contact the above individuals during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The King Range NCA is a popular recreation and wilderness area and has received substantial Federal investment. Visitor use of the King Range Wilderness has almost doubled since completion of the King Range and Rocks and Islands Wilderness Management Plan in 2012, and has nearly tripled since wilderness designation in 2006.

In 2005, the BLM recognized the need to consider regulating overnight use in the King Range to protect wilderness character in the development of the King Range RMP. The RMP directed the BLM to establish visitor capacities in what is now the King Range Wilderness to manage for solitude and to reduce crowding at overnight camping locations. In combination with other actions, managing the total visitor load will maintain opportunities for solitude at most overnight locations and meet the intent of the Wilderness Act.

The Northern California Coastal Wild Heritage Wilderness Act of 2006 designated the 43,625-acre King Range Wilderness, as well as the Rocks and Islands Wilderness (all rocks and islands within three miles of the King Range coastline). A 2.5-mile coastal strip of the King Range NCA Backcountry Management Zone, which extends north from the wilderness boundary to the Mattole Trailhead, was not designated as part of the King Range Wilderness but is included in this new ISRP requirement. The King Range Wilderness and Rocks and Islands Wilderness Management Plan (WMP, 2012) specified a range of management actions to achieve visitor capacity and visitor load objectives, primarily by limiting daily visitor entries into the King Range Wilderness. The WMP also outlines implementation of an additional range of management actions to manage visitor use should limitations on daily entries not achieve visitor load objectives within the wilderness. Although the target of 60 starts per day (and estimated visitor load of 192 people at one time) may seem limited in a 43,625 acre wilderness area with over 80 miles of trails, analysis has shown that more than 80–90% percent of visitor use is concentrated along the 1,200 acres that comprise the northern coastal section of the Lost Coast Trail. The BLM is committed to finding the

proper balance between public use and resource protection.

Authority: 16 U.S.C. 6803(b) and 43 CFR 2932.13.

Thomas Pogacnik,

Deputy State Director, Bureau of Land Management.

DEPARTMENT OF JUSTICE

Antitrust Division

United States of America v. Iron Mountain Inc., et al.; Public Comment and Response on Proposed Final Judgment

Pursuant to the Antitrust Procedures and Penalties Act, 15 U.S.C. 16(b)–(h), the United States hereby publishes below the comment received on the proposed Final Judgment in *United States of America v. Iron Mountain Inc., et al.*, Civil Action No. 1:16–cv–00595–APM, together with the Response of the United States to Public Comment.

Copies of the comment and the United States' Response are available for inspection on the Antitrust Division's website at <http://www.justice.gov/atr>, and at the Office of the Clerk of the United States District Court for the District of Columbia. Copies of these materials may be obtained from the Antitrust Division upon request and payment of the copying fee set by Department of Justice regulations.

Patricia A. Brink,

Director of Civil Enforcement.

United States District Court for the District of Columbia

United States of America, Plaintiff, v. Iron Mountain Inc., and Recall Holdings Ltd., Defendants.

Civil Action No. 1:16–cv–00595–APM Judge Amit P. Mehta

Response of the United States to Public Comment on the Proposed Final Judgment

Pursuant to the requirements of the Antitrust Procedures and Penalties Act, 15 U.S.C. § 16(b)–(h) (“APPA” or “Tunney Act”), the United States hereby responds to a single public comment received regarding the proposed Final Judgment in this case. After consideration of the submitted comment, the United States continues to believe that the proposed Final Judgment provides an effective and appropriate remedy for the antitrust violations alleged in the Complaint. The United States will move the Court for

entry of the proposed Final Judgment after the public comment and this Response have been published in the **Federal Register** pursuant to 15 U.S.C. § 16(d).

I. Background

On March 31, 2016, the United States filed the Complaint in this matter, alleging that defendant Iron Mountain Inc.'s (“Iron Mountain”) acquisition of defendant Recall Holdings Ltd. (“Recall”) likely would substantially lessen competition in the provision of hard-copy records management services in several markets in the United States in violation of Section 7 of the Clayton Act, 15 U.S.C. § 18. The Complaint further alleged that, as a result of the acquisition as originally proposed, prices for these services likely would have increased and customers would have received services of lower quality.

At the same time the Complaint was filed, the United States filed a proposed Final Judgment, a Hold Separate Stipulation and Order, and a Competitive Impact Statement (“CIS”) that explains how the proposed Final Judgment is designed to remedy the likely anticompetitive effects of the proposed acquisition. As required by the Tunney Act, the United States published the proposed Final Judgment and CIS in the **Federal Register** on April 11, 2016. *See* 81 Fed. Reg. 21,383 (Apr. 11, 2016). In addition, the United States ensured that a summary of the terms of the proposed Final Judgment and CIS, together with directions for the submission of written comments, were published in *The Washington Post* on seven different days during the period of April 4, 2016, to April 10, 2016. *See* 15 U.S.C. § 16(c). The 60-day waiting period for public comments ended on June 10, 2016. One comment was received and is described below and attached as Exhibit 1.

II. The Investigation and Proposed Resolution

After Iron Mountain and Recall announced their plans to merge, the United States conducted an investigation into the competitive effects of the proposed transaction. The United States considered the potential competitive effects of the transaction on hard-copy records management services (“RMS”) in a number of geographic areas. As a part of this investigation, the United States obtained documents and information from the merging parties and others and conducted more than 160 interviews with customers, competitors, and other individuals knowledgeable about the industry.
