

Background: The Children's Health Protection Advisory Committee is chartered under the Federal Advisory Committee Act (FACA), Public Law 92–463. EPA established this Committee in 1997 to provide independent advice to the EPA Administrator on a broad range of environmental issues affecting children's health.

The EPA Administrator appoints members for three-year terms with a cap on service at six years. The Committee meets 2–3 times annually and the average workload is approximately 10 to 15 hours per month. EPA provides reimbursement for travel and other incidental expenses associated with official government business, but members must be able to cover expenses prior to reimbursement.

The CHPAC is looking for representatives from the private sector, academia non-governmental organizations, public-health practitioners, pediatricians, obstetric professionals, occupational medicine practitioners and community nurses. We are also seeking representatives from environmental groups, health groups, health research, the fields of epidemiology and toxicology, and tribal, state, county and local government.

We are looking for experience in children's environmental health policy, research, and in specific issues such as lead poisoning and asthma, prenatal environmental exposures, chemical exposures, public health information tracking, knowledge of EPA regulation development, risk assessment, exposure assessment, tribal children's environmental health and children's environmental health disparities. The EPA encourages nominations from all racial and ethnic groups.

The EPA will use the following criteria to evaluate nominees:

- The ability of candidate to effectively contribute to discussions and provide useful recommendations on the following issues:
 - Risk assessment, exposure assessment and children's health; Air quality, both indoor and outdoor, regulations, policies, outreach and communication;
 - Water quality, regulations, policies, outreach and communication;
 - Prenatal exposures and health outcomes;
 - Chemical exposures, pesticide exposures, health outcomes, policy and regulation;
 - Asthma disparities and other environmental health disparities; Data and information collection issues;
 - Lead, mercury and other heavy metal

concerns for children's health; Exposures that affect children's health in homes, schools, and child care centers;

Building capacity among health providers to prevent, diagnose and treat environmental health conditions in children.

—The background and experience that would contribute to the diversity of perspectives on the committee (e.g., geographic, economic, social, cultural, educational, and other considerations).

—Ability to volunteer time to attend meetings 2–3 times a year in Washington DC, participate in teleconference meetings, develop recommendations to the Administrator, and prepare reports and advice letters.

Nominations must include:

- Brief statement describing the nominee's interest in serving on the CHPAC.
- Short biography (no more than one page) describing the professional and educational qualifications, including a list of relevant activities, and any current or previous service on federal advisory committees.
- Attestation that nominee is not a lobbyist.
- Statement about the perspective and diversity the nominee brings to the committee.
- Current contact information for the nominee, including the nominee's name, organization (and position within that organization), current business address, email address, and daytime telephone number.
- Candidates may self-nominate; one letter of support is welcome.

Submit nominations by September 27, 2016 by email to EPA_CHPAC@icfi.com or mail to Martha Berger, Designated Federal Officer, Office of Children's Health Protection, U.S. Environmental Protection Agency, Mail Code 1107T, 1301 Constitution Avenue NW., Washington, DC 20460.

Notification of a Closed Teleconference of the Chartered Science Advisory Board

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency's (EPA), Science Advisory Board (SAB) Staff Office is announcing a teleconference of the Chartered SAB to conduct a review of a draft report of recommendations regarding the agency's 2016 Scientific and Technological Achievement Awards (STAA). The Chartered SAB teleconference will be closed to the public.

DATES: The Chartered SAB teleconference date is Thursday, October 11, 2016, from 1:00 p.m. to 2:30 p.m. (Eastern Time).

ADDRESSES: The Chartered SAB closed teleconference will take place via telephone only. General information about the SAB may be found on the SAB Web site at <http://www.epa.gov/sab>.

FOR FURTHER INFORMATION CONTACT: Members of the public who wish to obtain further information regarding this announcement may contact Mr. Thomas Carpenter, Designated Federal Officer, by telephone: (202) 564–4885 or email at carpenter.thomas@epa.gov.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(d) of the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, and section (c)(6) of the Government in the Sunshine Act, 5 U.S.C. 552b(c)(6), the EPA has determined that the chartered SAB quality review teleconference will be closed to the public. The purpose of the teleconference is for the chartered SAB to conduct a review of a draft SAB advisory report of recommendations regarding the agency's 2016 STAA. The Chartered SAB teleconference will be closed to the public.

Quality review is a key function of the chartered SAB. Draft reports prepared by SAB committees, panels, or work groups must be reviewed and approved by the chartered SAB before transmittal to the EPA Administrator. The chartered SAB makes a determination in a meeting consistent with FACA about all draft reports and determines whether the report is ready to be transmitted to the EPA Administrator.

At the teleconference, the chartered SAB will conduct a review of draft report developed by an SAB committee

charged with developing recommendations regarding the agency's 2016 STAA. (for more information, see http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgrstr_activites/STAA-2016-2018?OpenDocument).

The STAA awards are established to honor and recognize EPA employees who have made outstanding contributions in the advancement of science and technology through their research and development activities, as exhibited in publication of their results in peer reviewed journals. I have determined that the Chartered SAB quality review teleconference will be closed to the public because it is concerned with recommending employees deserving of awards. In making these draft recommendations, the EPA requires full and frank advice from the SAB. This advice will involve professional judgments on the relative merits of various employees and their respective work. Such personnel matters involve the discussion of information that is of a personal nature, the disclosure of which would be a clearly unwarranted invasion of personal privacy and, therefore, is protected from disclosure by section (c)(6) of the Government in the Sunshine Act, 5 U.S.C. 552b(c)(6). Minutes of the Chartered SAB teleconference will be certified by the chair and retained in the public record.

Dated: September 7, 2016.

Gina McCarthy,
Administrator.

Public Water System Supervision Program Revision for the State of New Mexico

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of tentative approval.

SUMMARY: Notice is hereby given that the State of New Mexico is revising its approved Public Water System Supervision (PWSS) program. New Mexico has adopted the Revised Total Coliform Rule (RTCR) by reference under 20.7.10.100 of the *New Mexico Administrative Code and Regulations Pertaining to Public Water Systems*. EPA has determined that the RTCR primacy application submitted by New Mexico is no less stringent than the corresponding

federal regulations. Therefore, EPA intends to approve this PWSS program revision package.

DATES: All interested parties may request a public hearing. A request for a public hearing must be submitted by October 17, 2016 to the Regional Administrator at the EPA Region 6 address shown below. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. However, if a substantial request for a public hearing is made by October 17, 2016, a public hearing will be held. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, this determination shall become final and effective on October 17, 2016. Any request for a public hearing shall include the following information: The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; and the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for inspection between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, at the following offices: New Mexico Environment Department, Drinking Water Bureau, Harold Runnels Building, 190 St. Francis Dr., Suite S2120, Santa Fe, New Mexico 87505; and United States Environmental Protection Agency, Region 6, Drinking Water Section (6WQ-SD), 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202.
