

recovery of the spotted owl by the timely development of a long-term barred owl management strategy. For this reason, the Service believes this SHA would advance the recovery of the spotted owl.

National Environmental Policy Act Compliance

The Service's entering into the proposed SHA and issuance of a permit is a Federal action that triggers the need for compliance with the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*) (NEPA). We have prepared a draft EA to analyze the impacts of this proposed action on the human environment in comparison to the no-action alternative.

Public Comments

You may submit comments and materials by one of the methods listed in the **ADDRESSES** section. We request data, new information, or suggestions from the public, other concerned governmental agencies, Tribes, the scientific community, industry, or any other interested party on our proposed Federal action. In particular, we request information and comments regarding the following issues:

1. The direct, indirect, and cumulative effects that implementation of the SHA could have on endangered and threatened species;
2. Other reasonable alternatives consistent with the purpose of the proposed SHA as described above, and their associated effects;
3. Measures that would minimize and mitigate potentially adverse effects of the proposed action;
4. Identification of any impacts on the human environment that should have been analyzed in the draft EA pursuant to NEPA;
5. Other plans or projects that might be relevant to this action;
6. The proposed term of the permit and whether the proposed SHA would provide a net conservation benefit to the spotted owl; and
7. Any other information pertinent to evaluating the effects of the proposed action on the human environment.

Public Availability of Comments

All comments and materials we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personally identifiable information in your comments, you should be aware that your entire comment—including your personally identifiable information—may be made publicly available at any time. While you can ask us in your

comment to withhold your personally identifiable information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety. Comments and materials we receive, as well as supporting documentation we used in preparing the draft EA, will be available for public inspection by appointment, during normal business hours, at our Oregon Fish and Wildlife Office (see **ADDRESSES**).

Next Steps

We will evaluate the draft SHA, associated documents, and any public comments we receive to determine whether the permit application and the EA meet the requirements of section 10(a) of the ESA and NEPA, and their respective implementing regulations. We will also evaluate whether issuance of a permit would comply with section 7(a)(2) of the ESA by conducting an intra-Service section 7 consultation on the proposed permit action. If we determine that all requirements are met, we will sign the proposed SHA and issue a permit under section 10(a)(1)(A) of the ESA to the Roseburg Resources Co., for take of the northern spotted owl caused by covered activities in accordance with the terms of the permit and the SHA. We will not make our final decision until after the end of the 30-day public comment period, and until we fully consider all comments and information we receive during the public comment period.

Authority

We provide this notice pursuant to section 10(c) of the ESA, its implementing regulations (50 CFR 17.22), and NEPA and its implementing regulations (40 CFR 1506.6).

Theresa Rabot,

Deputy Regional Director, Pacific Region, U.S. Fish and Wildlife Service, Portland, Oregon.

DEPARTMENT OF THE INTERIOR

U.S. Geological Survey

[GX16EF00PMEXP00]

Agency Information Collection Activities: Request for Comments

AGENCY: U.S. Geological Survey (USGS), Department of the Interior.

ACTION: Notice of revision to a currently approved information collection, (1028-0092).

SUMMARY: We (the U.S. Geological Survey) are notifying the public that we have submitted to the Office of Management and Budget (OMB) the Information Collection Request (ICR) described below. To comply with the Paperwork Reduction Act of 1995 (PRA) and as part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this ICR. This collection is scheduled to expire on September 30, 2016.

DATES: To ensure that your comments on this ICR are considered, OMB must receive them on or before October 31, 2016.

ADDRESSES: Please submit written comments on this information collection directly to the Office of Management and Budget (OMB), Office of Information and Regulatory Affairs (OIRA), Attention: Desk Officer for the Department of the Interior, via email: (OIRA_SUBMISSION@omb.eop.gov); or by fax (202) 395-5806; and identify your submission with 'OMB Control Number 1028-0092 The National Map: Topographic Data Grants Program.' Please also forward a copy of your comments and suggestions on this information collection to the Information Collection Clearance Officer, U.S. Geological Survey, 12201 Sunrise Valley Drive MS 807, Reston, VA 20192 (mail); (703) 648-7195 (fax); or gs-info_collections@usgs.gov (email). Please reference 'OMB Information Collection 1028-0092: The National Map: Topographic Data Grants Program' in all correspondence.

FOR FURTHER INFORMATION CONTACT: Anthony Martin, National Geospatial Program, U.S. Geological Survey, 12201 Sunrise Valley Drive, Mail Stop 511, Reston, VA 20192 (mail); 703-648-4542 (phone); or amartin@usgs.gov (email). You may also find information about this ICR at www.reginfo.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Geospatial Program (NGP) of the U.S. Geological Survey (USGS) contributes funding for the collection of geospatial data which increases the development of *The National Map* and other national geospatial databases. NGP will accept applications from Private Industry, state, local or tribal Governments to supplement current data collection programs in order to fulfill the growing

and present need for current and accurate geospatial data. Awarded projects must complete brief monthly progress reports and a final technical report at the end of the project period. All application instructions and forms are available on *Grants.gov* (<http://www.grants.gov>). All reports will be accepted electronically via email.

II. Data

OMB Control Number: 1028–0092.

Form Number: N/A.

Title: The National Map: Topographic Data Grants Program.

Type of Request: Revision of a currently approved information collection.

Respondent Obligation: Required to obtain or retain benefits.

Frequency of Collection: Annually and monthly.

Description of Respondents: State, Local, Tribal Government; and Private Industry.

Estimated Total Number of Annual Responses: We estimate 280 responses will be covered under this collection that includes the initial responses, the monthly, and final reports from the awarded. 75 of these reports will come from Private Industry and 205 reports from State, Local and Tribal Governments.

Estimated Time per Response: The U.S. Geological Survey (USGS) foresees 61 hours of time will be needed to complete the necessary submissions which will include the narrative and supporting documentation. We believe that reading the requirements as well as development, proposal writing, reviewing and submission of the proposal application via *Grants.gov* will require 61 hours per applicant. Monthly and final project reports must be submitted by the award recipient. The prior month's progress must be submitted within the report 7 days following the start of the new month. The monthly report will take at least 1 hour to prepare. The final report must be submitted within 90 calendar days of the end of the project period. USGS estimates that approximately 20 hours will be needed to complete the final report.

Estimated Annual Burden Hours: When calculating the total number of hours that will be used including State, local, tribal and private respondents 3060 hours will be needed.

Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden: There are no "non-hour cost" burdens associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an

agency may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number. Until the OMB approves a collection of information, you are not obliged to respond.

Comments: On 4/29/2016, we published a 81 **Federal Register** Notice 25690/Friday, April 29, 2016. Notices announcing that we would submit this ICR to OMB for approval and soliciting comments. The comment period closed on 6/28/2016. We received no comments.

III. Request for Comments

We again invite comments concerning this ICR as to: (a) Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) The accuracy of the agency's estimate of the burden of the proposed collection of information; (c) How to enhance the quality, usefulness, and clarity of the information to be collected; and (d) How to minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this notice are a matter of public record. Before including your personal mailing address, phone number, email address, or other personally identifiable information in your comment, you should be aware that your entire comment, including your personally identifiable information, may be made publicly available at any time. While you can ask us and the OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Julia Fields,

Deputy Director, National Geospatial Program.

Notice of Public Meeting for the Southeast Oregon Resource Advisory Council

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act and the Federal Advisory Committee Act of 1972, and the U.S. Department of the Interior, Bureau of Land Management (BLM), the Southeast Oregon Resource Advisory Council (RAC) will meet as indicated below:

DATES: The Southeast Oregon RAC will hold a public meeting Monday and Tuesday, October 17 and 18, 2016. The meeting begins on Monday at 12 p.m. and ends at 5:00 p.m. The following day, Tuesday, October 18, the meeting will begin at 8 a.m. and end at noon. The agenda will be released online at <http://www.blm.gov/or/rac/seorrac.php> prior to the meeting. Tentative agenda items for the meeting include updates on the Tri-State Fuels Project and more. Any other matters that may reasonably come before the Southeast Oregon RAC may also be addressed. A public comment period will be available during the meeting at a time to be determined. Unless otherwise approved by the Southeast Oregon RAC Chair, the public comment period will last no longer than 30 minutes, and each speaker may address the Southeast Oregon RAC for a maximum of 5 minutes. Meeting times and the duration scheduled for public comment periods may be extended or altered when the authorized representative considers it necessary to accommodate necessary business and all who seek to be heard regarding matters before the Southeast Oregon RAC.

ADDRESSES: The meeting will be held at the Burns BLM offices, 28910 Highway 20 West Hines, OR 97738. The telephone conference line number for the meeting is 1–866–524–6456, Participant Code: 608605.

FOR FURTHER INFORMATION CONTACT: Larry Moore, Public Affairs Specialist, BLM Vale District Office, 100 Oregon Street, Vale, Oregon 97918, (541) 473–6218 or l2moore@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1(800) 877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The Southeast Oregon RAC consists of 15 members chartered and appointed by the Secretary of the Interior. Their diverse perspectives are represented in commodity, conservation, and general interests. They provide advice to BLM and Forest Service resource managers
