**AGENCY:** National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice.

**DATES:** Written comments must be submitted on or before January 3, 2017.

**SUPPLEMENTARY INFORMATION:****I. Abstract**

This request is for revision and extension of a currently approved information collection. A Human Interaction Data Sheet will be added to this data collection, and the currently approved forms in this collection (the Stranding Report form and Rehabilitation Disposition data sheet) have been slightly modified.

The marine mammal stranding report provides information on strandings so that the National Marine Fisheries Service (NMFS) can compile and analyze, by region, the species, numbers, conditions, and causes of illnesses and deaths in stranded marine mammals. NMFS requires this information to fulfill its management responsibilities under the Marine Mammal Protection Act (16 U.S.C. 1421a). NMFS is also responsible for the welfare of marine mammals while in rehabilitation status. The data from the marine mammal rehabilitation disposition report are required for monitoring and tracking of marine

mammals held at various NMFS-authorized facilities. This information is submitted primarily by members of the marine mammal stranding networks which are authorized by NMFS. A new human interaction data sheet will provide NMFS with consistent and detailed information on signs of human interaction in stranded marine mammals. This information will assist the Agency in tracking resource conflicts and will provide a solid scientific foundation for conservation and management of marine mammals. With a better understanding of interactions, appropriate measures can be taken to resolve conflicts and, stranding data are the best source of information regarding the occurrence of different types of human interaction.

**II. Method of Collection**

Paper applications, electronic reports, and telephone calls are required from participants, and methods of submittal include Internet through the NMFS National Marine Mammal Stranding Database; facsimile transmission of paper forms; or mailed copies of forms.

On Wednesday, November 16, the TRAC plenary session will open with welcoming remarks by four individuals. Mr. Steve Polchek, Designated Federal Officer, will cover security procedures and administrative details; LtGen Joseph L.
