AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of these sunset reviews, the Department of Commerce (the Department) finds that revocation of the antidumping duty orders on stainless steel plate in coils (SSPC) from Belgium, South Africa, and Taiwan would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Final Results of Sunset Reviews" section of this notice.

DATES: Effective November 9, 2016.

FOR FURTHER INFORMATION CONTACT: Victoria Cho or Yasmin Bordas, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2312 or (202) 482-3813, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2016, the Department published the notice of initiation of the third sunset reviews of the antidumping duty orders on SSPC from Belgium, South Africa, and Taiwan, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).¹ On July 15, 2016, the Department received a notice of intent to participate in these reviews from Allegheny Ludlum, LLC d/b/a ATI Flat Rolled Products; North American Stainless; and Outokumpu Stainless USA LLC (collectively, domestic interested parties), within the deadline specified in 19 CFR 351.218(d)(1)(i). These domestic interested parties claimed interested party status under section 771(9)(C) of the Act, as manufacturers of a domestic like product in the United States.

On July 31, 2016, we received complete substantive responses for each review from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). We received no substantive responses from respondent interested parties with respect to any of the orders covered by these sunset reviews, nor was a hearing requested. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(i)(C)(2), the Department is conducting expedited (120-day) sunset reviews of these orders.

Scope of the Orders

The merchandise covered by the orders consists of stainless steel plate in coils, 254 mm or over in width and 4.75 mm or more in thickness, and annealed or otherwise heat treated and pickled or otherwise descaled. These imports are currently classified under subheadings 7219 and 7220 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided for convenience and customs purposes. The written product description remains dispositive.²

¹ See *Initiation of Five-Year ("Sunset") Reviews*, 81 FR 43185 (July 1, 2016).

² A full description of the scope of the orders is contained in the memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, from Christian Marsh, Deputy

Analysis of Comments Received

All issues raised in these reviews, including the likelihood of continuation or recurrence of dumping in the event of revocation and the magnitude of the margins likely to prevail if the orders were revoked, are addressed in the accompanying Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Sunset Reviews

Pursuant to sections 751(c)(1) and 752(c)(1), (2) and (3) of the Act, we determine that revocation of the antidumping duty orders on SSPC from Belgium, South Africa, and Taiwan would be likely to lead to continuation or recurrence of dumping up to the following weighted-average margin percentages:

Country	Weighted-average margin (percent)
Belgium	8.54
South Africa	41.63
Taiwan	10.20

SUPPLEMENTARY INFORMATION:

I. Abstract

The United States and the European Union (EU) share the goal of enhancing privacy protection for their citizens, but take different approaches to protecting personal data. Given those differences, the Department of Commerce (DOC) developed the EU-U.S. Privacy Shield Framework (Privacy Shield) in consultation with the European Commission, as well as with industry and other stakeholders, to provide organizations in the United States with a reliable mechanism for personal data transfers to the United States from the European Union while ensuring the protection of the data as required by EU law.

On July 12, 2016, the European Commission deemed the Privacy Shield Framework adequate to enable data transfers under EU law, and the DOC began accepting self-certification submissions from organizations on August 1, 2016. More information on the Privacy Shield is available at: <https://www.privacyshield.gov/welcome>.

The DOC has issued the Privacy Shield Principles under its statutory authority to foster, promote, and develop international commerce (15 U.S.C. 1512). ITA administers and supervises the Privacy Shield, including by maintaining and making publicly available an authoritative list of U.S. organizations that have self-certified to the DOC. U.S. organizations submit information to ITA to self-certify their compliance with Privacy Shield.

U.S. organizations considering self-certifying to the Privacy Shield should review the Privacy Shield Framework. In summary, in order to enter the Privacy Shield, an organization must (a) be subject to the investigatory and enforcement powers of the Federal Trade Commission (FTC), the Department of Transportation, or another statutory body that will effectively ensure compliance with the Principles; (b) publicly declare its commitment to comply with the Principles; (c) publicly disclose its privacy policies in line with the Principles; and (d) fully implement them.

Self-certification to the DOC is voluntary; however, an organization's failure to comply with the Principles after its self-certification is enforceable under Section 5 of the Federal Trade Commission Act prohibiting unfair and deceptive acts in or affecting commerce

(15 U.S.C. 45(a)) or other laws or regulations prohibiting such acts.

In order to rely on the Privacy Shield for transfers of personal data from the EU, an organization must self-certify its adherence to the Principles to the DOC, be placed by the ITA on the Privacy Shield List, and remain on the Privacy Shield List. To self-certify for the Privacy Shield, an organization must provide to the DOC a self-certification submission that contains the information specified in the Privacy Shield Principles. The Privacy Shield self-certification form, the proposed information collection, would be the means by which an organization would provide the relevant information to ITA.

II. Method of Collection

The Privacy Shield self-certification is submitted electronically by organizations through the DOC's Privacy Shield Web site (<https://www.privacyshield.gov/>).
