

proper and efficient administration in order to certify a State payment. Among other duties, the Secretary must also ensure that State laws conform to Federal law and the State complies with them, in order for a subject employer within the State to be allowed to receive offset credit under the Federal Unemployment Tax Act. The BTQ Program is one of the ways in which the ETA collects program operating information to meet this obligation. Furthermore, these reports provide data necessary to monitor state performance in UI administration, as mandated by the Secretary of Labor. Social Security Act section 503(a)(6) authorizes this information collection. See 42 U.S.C. 503(a)(6).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205–0359.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on March 31, 2017. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on September 6, 2017 (81 FR 61254).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205–0359. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including

whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authorization for the information collection requirements needed for the OLMS to administer Federal Transit Act Urban Program worker protections. See 49 U.S.C. 5333(b). The Federal Transit Act Urban Program provides that the DOL must ensure that a recipient of Federal funds used to acquire, improve, or operate a transit system establishes arrangements to protect the rights of affected transit employees. Federal law requires such an arrangement to be fair and equitable, and the DOL must certify the arrangement before the U.S. Department of Transportation, Federal Transit Administration (FTA) can award certain funds to grantees. An employee protective arrangement must include provisions that may be necessary for the preservation of rights, privileges, and benefits under existing collective bargaining agreements or otherwise; the continuation of collective bargaining rights; the protection of individual employees against a worsening of their

positions related to employment; assurances of employment to employees of acquired transportation systems; assurances of priority of reemployment of employees whose employment is ended or who are laid off; and paid training or retraining programs. *See* 49 U.S.C. 5333(b)(2).

Pursuant to regulations 29 CFR part 215, upon receipt of copies of applications for Federal assistance subject to 49 U.S.C. 5333(b) from the FTA, together with a request for DOL certification of employee protective arrangements, the DOL processes those applications, which must be in final form. The FTA provides the DOL with information necessary to enable the DOL to process employee protections for certification of the project. Federal Transit Act section 13(c) authorizes this information collection. *See* 49 U.S.C. 5333(b).

This information collection is subject to the PRA. The DOL obtains OMB approval for this information collection under Control Number 1245-0006.

BILLING CODE 4510-CP-P

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Technical Advisory Committee; Request for Nominations

AGENCY: Bureau of Labor Statistics (BLS), Labor.

ACTION: Request for nominations to the BLS Technical Advisory Committee.

SUMMARY: The BLS is soliciting new members for the Technical Advisory Committee (TAC). Five current membership terms expire on May 20, 2017. The TAC provides advice and makes recommendations to the Bureau of Labor Statistics on technical aspects of data collection and the formulation of economic measures. On some technical issues there are differing views, and receiving feedback at public meetings provides BLS with the opportunity to

consider all viewpoints. The Committee will consist of 16 members and will be chosen from a cross-section of economists, statisticians, and behavioral scientists who represent a balance of expertise.

DATES: Nominations for the TAC membership should be postmarked by April 17, 2017.

ADDRESSES: Nominations for the TAC membership should be sent to: Acting Commissioner Bill Wiatrowski, U.S. Bureau of Labor Statistics, 2 Massachusetts Avenue NE., Room 4040, Washington, DC 20212.

FOR FURTHER INFORMATION CONTACT: Lucy Eldridge, Associate Commissioner, U.S. Bureau of Labor Statistics, 2 Massachusetts Avenue NE., Office of Productivity and Technology, Room 2180, Washington, DC 20212. Telephone: 202-691-5600. This is not a toll free number.

SUPPLEMENTARY INFORMATION: BLS intends to renew memberships in the TAC for another three years. The Bureau often faces highly technical issues while developing and maintaining the accuracy and relevancy of its data on employment and unemployment, prices, productivity, and compensation and working conditions. These issues range from how to develop new measures to how to make sure that existing measures account for the ever-changing economy. The BLS presents issues and then draws on the specialized expertise of Committee members representing specialized fields within the academic disciplines of economics, statistics and survey design. Committee members are also invited to bring to the attention of BLS, issues that have been identified in the academic literature or in their own research.

The TAC was established to provide advice to the Commissioner of Labor Statistics on technical topics selected by the BLS. Responsibilities include, but are not limited to providing comments on papers and presentations developed by BLS research and program staff, conducting research on issues identified by BLS on which an objective technical opinion or recommendation from outside of BLS would be valuable, recommending BLS conduct internal research projects to address technical problems with BLS statistics that have been identified in the academic literature, participating in discussions of areas where the types or coverage of economic statistics could be expanded or improved and areas where statistics are no longer relevant, and establishing working relationships with professional associations with an interest in BLS statistics, such as the American
