

quality products from accredited suppliers. In order to gather qualitative information for analysis, the evaluation team will use semi-structured interview guides that focus on the direct impact of the Demonstration on stakeholder groups. Stakeholders will be drawn from advocacy organizations, power mobility device supply companies, state and local government, and healthcare practitioners. This information collection request explains the research methodology and data collection strategies designed to minimize the burden placed on research participants, while effectively gathering the data needed for the evaluation of the Demonstration. *Form Number:* CMS–10471 (OMB Control Number: 0938–1235); *Frequency:* Yearly; *Affected Public:* Private sector (business or other for-profit and not-for-profit institutions) and State and Local Governments; *Number of Respondents:* 254; *Total Annual Responses:* 254; *Total Annual Hours:* 288. (For policy questions regarding this collection contact Debbie Skinner at 410–786–7480.)

4. Type of Information Collection Request: Revision of a currently approved information collection; *Title of Information Collection:* Registration, Attestation, Dispute & Resolution, Assumptions Document and Data Retention Requirements for Open Payments; *Use:* Section 6002 of the Affordable Care Act added section 1128G to the Social Security Act (Act), which requires applicable manufacturers and applicable group purchasing organizations (GPOs) of covered drugs, devices, biologicals, or medical supplies to report annually to CMS certain payments or other transfers of value to physicians and teaching hospitals, as well as, certain information regarding the ownership or investment interests held by physicians or their immediate family members in applicable manufacturers or applicable GPOs.

Specifically, applicable manufacturers of covered drugs, devices, biologicals, and medical supplies are required to submit on an annual basis the information required in section 1128G(a)(1) of the Act about certain payments or other transfers of value made to physicians and teaching hospitals (collectively called covered recipients) during the course of the preceding calendar year. Similarly, section 1128G(a)(2) of the Act requires applicable manufacturers and applicable GPOs to disclose any ownership or investment interests in such entities held by physicians or their immediate family members, as well as information on any payments or other

transfers of value provided to such physician owners or investors. Applicable manufacturers must report the required payment and other transfer of value information annually to CMS in an electronic format. The statute also provides that applicable manufacturers and applicable GPOs must report annually to CMS the required information about physician ownership and investment interests, including information on any payments or other transfers of value provided to physician owners or investors, in an electronic format by the same date. Applicable manufacturers and applicable GPOs are subject to civil monetary penalties (CMPs) for failing to comply with the reporting requirements of the statute. We are required by statute to publish the reported data on a public Web site. The data must be downloadable, easily searchable, and aggregated. In addition, we must submit annual reports to the Congress and each state summarizing the data reported. Finally, section 1128G of the Act generally preempts state laws that require disclosure of the same type of information by manufacturers. *Form Number:* CMS–10495 (OMB Control Number: 0938–1237); *Frequency:* Once; *Affected Public:* Private sector—Business or other for-profits; *Number of Respondents:* 227,157; *Total Annual Responses:* 457,454; *Total Annual Hours:* 3,099,297. This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-10371 Cooperative Agreements To Support Establishment of State-Operated Health Insurance Exchanges

CMS-10507 State-Based Marketplace Annual Reporting Tool (SMART)

Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. Type of Information Collection

Request: Revision of an existing information collection requirement; **Title of Information Collection:** Cooperative Agreements to Support Establishment of State-Operated Health Insurance Exchanges; **Use:** All States (including the 50 States, consortia of States, and the District of Columbia herein referred to as States) had the opportunity under Section 1311(b) of the Affordable Care Act to apply for three types of grants: (1) Planning grants; (2) Early Innovator grants for early development of information technology; and (3) Establishment grants to develop, implement and start-up Marketplaces. As of January 1st, 2017, the Secretary has disbursed over \$5.4 billion under this grant program and, as of that date, there were 19 active establishment grants awarded to 12 states. As the State-Based Marketplaces (SBM) and Small Business Health Options Program (SHOP) have matured and moved from the developmental phases to full-operation, the reporting requirements for the states have been modified and streamlined to insure only information

necessary to provide effective oversight of their operations by CMS is collected.

Given the innovative nature of Exchanges and the statutorily-prescribed relationship between the Secretary and States in their development and operation, it is critical that the Secretary work closely with States to provide necessary guidance and technical assistance to ensure that States can meet the prescribed timelines, federal requirements, and goals of the statute and the grants awarded to them. **Form Number:** CMS-10371 (OMB Control Number: 0938-1119); **Frequency:** Once; **Affected Public:** State Government agencies, non-profit entities; **Number of Respondents:** 17; **Number of Responses:** 37; **Total Annual Hours:** 12,328. (For policy questions regarding this collection, contact Nickom Sukachevin at (301) 492-4400.)

2. Type of Information Collection Request: Extension of a currently approved information collection; **Title of Information Collection:** State-based Marketplace Annual Reporting Tool (SMART); **Use:** The annual report is the primary vehicle to insure comprehensive compliance with all reporting requirements contained in the Affordable Care Act (ACA). It is specifically called for in Section 1313(a)(1) of the Act which requires an SBM to keep an accurate accounting of all activities, receipts, and expenditures, and to submit a report annually to the Secretary concerning such accounting. CMS will use the information collected from States to assist in determining if a State is maintaining a compliant operational Exchange. **Form Number:** CMS-10507 (OMB Control Number: 0938-1244); **Frequency:** Annually; **Affected Public:** State, Local, or Tribal governments; **Number of Respondents:** 17; **Number of Responses:** 17; **Total Annual Hours:** 1,173. (For policy questions regarding this collection, contact Christy Woods at 301-492-4453.)

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Tribal Maternal, Infant, and Early Childhood Home Visiting Program Performance Reporting Form 2

OMB No.: New Collection

Description: Social Security Act, Title V, Section 511 (42 U.S.C. 711), as amended by the Medicare Access and Children's Health Insurance Program (CHIP) Reauthorization Act of 2015 (Public Law (Pub. L.) 114-10) created the Maternal, Infant, and Early Childhood Home Visiting Program (MIECHV) and authorized the Secretary of HHS (in Section 511(h)(2)(A)) to award grants to Indian tribes (or a consortium of Indian tribes), tribal organizations, or urban Indian organizations to conduct an early childhood home visiting program, through 3 percent of the total MIECHV program appropriation (authorized in Section 511(j)) for grants to tribal entities. The implementation of the program is a collaborative endeavor between Health Resources Services Administration (HRSA) and the Administration for Children and Families (ACF). HRSA administers the State MIECHV program while ACF administers the Tribal MIECHV program. The goal of the Tribal MIECHV program is to support the development of happy, healthy, and successful American Indian and Alaska Native (AIAN) children and families through a coordinated home visiting system. Tribal MIECHV grants, to the greatest extent practicable, are to be consistent with the requirements of the MIECHV grants to states and jurisdictions (authorized in Section 511(c)), and include conducting a needs assessment and establishing quantifiable, measurable benchmarks. Specifically, the MIECHV legislation requires State and Tribal MIECHV grantees to collect data to measure improvements for eligible families in six specified areas (referred to as “benchmark areas”) that encompass the major goals for the program and are listed below:

1. Improved maternal and newborn health
2. Prevention of child injuries, child abuse, neglect, or maltreatment, and reduction in emergency department visits
3. Improvement in school readiness and achievement
