DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2017-0020]

Assistance to Firefighters Grant Program; Fire Prevention and Safety Grants

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice of guidance.

SUMMARY: This Notice provides guidelines that describe the application process for grants and the criteria the Federal Emergency management Agency (FEMA) will use for awarding Fire Prevention and Safety (FP&S) grants in the fiscal year (FY) 2016 Assistance to Firefighters Grant (AFG) Program year. It explains the differences, if any, between these guidelines and those recommended by representatives of the Nation's fire service leadership during the annual Criteria Development meeting, which was held November 9–10, 2015. The application period for the FY 2016 FP&S Grant Program year will be held April 17–May 19, 2017, and will be announced on the AFG Web site (www.fema.gov/firegrants), www.grants.gov, and U.S. Fire Administration Web site (www.usfa.fema.gov).

DATES: Grant applications for the FP&S Grant Program will be accepted electronically at <https://portal.fema.gov>, from April 17 at 8:00 a.m. EST—May 19 at 5:00 p.m. EST, 2017.

ADDRESSES: Assistance to Firefighters Grants Branch, DHS/FEMA, 400 C Street SW., 3N, Washington, DC 20472-3635.

FOR FURTHER INFORMATION CONTACT: Catherine Patterson, Chief, Assistance to Firefighters Grants Branch, 1-866-274-0960.

SUPPLEMENTARY INFORMATION: The purpose of the AFG Program is to enhance the safety of the public and firefighters with respect to fire and fire-related hazards. The FEMA Grant Programs Directorate administers the FP&S Grant Program as part of the AFG Program.

FP&S Grants are offered to support projects in two activities:

1. Activities designed to reach high-risk target groups and mitigate the incidence of death and injuries caused by fire and fire-related hazards (“FP&S Activity”).

2. Projects aimed at improving firefighter safety, health and wellness through research and development that reduces firefighter fatalities and injuries (“R&D Activity”).

The grant program's authorizing statute requires that each year DHS publish in the **Federal Register** the guidelines that describe the application process and the criteria for grant awards. Approximately 1,000 applications for FP&S Grant Program funding are anticipated to be submitted electronically, using the application submission form and process available at the AFG e-Grant application portal: <https://portal.fema.gov>. Specific information about the submission of grant applications can be found in the FY 2016 Fire Prevention and Safety Program Notice of Funding Opportunity (NOFO), which will be available for download at www.fema.gov/firegrants and at www.regulations.gov under Docket ID FEMA-2017-0020.

Appropriations

Congress appropriated \$345,000,000 for AFG in FY 2016 pursuant to the *Department of Homeland Security Appropriations Act, 2016*, Public Law 114-113. From this amount, \$34,500,000 will be made available for FP&S Grant awards, pursuant to 15 U.S.C. 2229(h)(5), which states that not less than 10 percent of available grant funds each year are awarded under the FP&S Grant Program. Funds appropriated for all FY 2016 AFG awards, pursuant to Public Law 114-113 will be available for obligation and award until September 30, 2017.

From the approximately 1,000 applications that will be requesting assistance, FEMA anticipates that it will award approximately 100 FP&S Grants from available grant funding.

Background of the AFG Program

DHS awards grants on a competitive basis to the applicants that best address the FP&S Grant Program's priorities and provide the most compelling justification. Applications that best address the Program's priorities will be reviewed by a panel composed of fire service personnel.

Award Criteria

All applications for grants will be prepared and submitted through the

AFG e-Grant application portal (<https://portal.fema.gov>).

The FP&S Grant Program panels will review the applications and score them using the following criteria areas:

- Vulnerability
- Implementation
- Evaluation Plan
- Cost Benefit
- Financial Need
- Funding Priorities
- Experience and Expertise

The applications submitted under the R&D Activity will be reviewed first by a panel of fire service members to identify those applications most relevant to the fire service. The following evaluation criteria will be used for this review:

- Purpose
- Potential Impact
- Implementation by the fire service
- Partners
- Barriers

The applications that are determined most likely to be implemented to enable improvement in firefighter safety, health, or wellness will be deemed to be in the “competitive range” and will be forwarded to the second level of application review, which is the scientific panel review process. This panel will be comprised of scientists and technology experts who have expertise pertaining to the subject matter of the proposal.

The Scientific Technical Evaluation Panel for the R&D Activity will review the application and evaluate it using the following criteria:

- Project purpose(s), goals and objectives, and specific aims
- Literature Review
- Project Methods
- Project Measurements
- Project Analysis
- Dissemination and Implementation
- Cost vs. Benefit (additional consideration)
- Financial Need (additional consideration)

Eligible Applicants

The following entities are eligible to apply directly to FEMA under this solicitation:

1. *Fire Prevention and Safety (FP&S) Activity:* Eligible applicants for this activity include fire departments, national, regional, state, local, tribal, and nonprofit organizations that are recognized for their experience and expertise in fire prevention and safety programs and activities. Both private and public non-profit organizations are eligible to apply for funding in this activity. For-profit organizations, federal agencies, and individuals are not
