

preparing for the public hearing on the investigation scheduled for June 22, 2017. Moving the deadline for all written submissions to June 23, 2017 will enable the Commerce Department to more expeditiously finalize the report, taking account of the time-sensitive nature of the national security implications related to this section 232 investigation of aluminum, and of the President's direction to move quickly on this important matter. The Commerce Department has included one additional day after the hearing concludes to allow people who attend or view remotely the hearing to submit any additional comments they may have in response to testimony during the hearing.

Dated: May 31, 2017.

Wilbur Ross,

Secretary of Commerce.

Certain New Pneumatic Off-the-Road Tires From India: Notice of Correction to Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Lilit Astvatsatrian or Trisha Tran, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6412 or (202) 482-4852, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 6, 2017, the Department of Commerce (Department) published the *Antidumping Duty Order* on certain new pneumatic off-the-road tires from India.¹ In the *Antidumping Duty Order*, the Department inadvertently omitted a statement to explain that Balkrishna Industries Limited (BKT) is partially

excluded from the *Antidumping Duty Order*.

Correction

Because the Department calculated a weighted-average antidumping duty margin of zero percent for BKT in the *Final Determination*,² which was unchanged in the *Amended Final Determination*,³ BKT is partially excluded from the *Antidumping Duty Order*. Therefore, we are correcting the *Antidumping Duty Order* to specify that merchandise produced and exported by BKT is excluded from the Order. This exclusion does not apply to merchandise produced by BKT and exported by any other company or merchandise produced by any other company and exported by BKT. Resellers of merchandise produced by BKT, are also not entitled to this exclusion. The sections explaining the suspension of liquidation and listing the weighted-average antidumping duty margins and cash deposit rates should have appeared as follows:

Antidumping Duty Order

In accordance with sections 735(b)(1)(A)(i) and 735(d) of the Tariff Act of 1930, as amended (the Act), the International Trade Commission (ITC) notified the Department of its final determination that the industry in the United States producing off road tires is materially injured by reason of the less-than-fair value imports of off road tires from India.⁴ Therefore, in accordance with section 735(c)(2) of the Act, we are publishing this antidumping duty order.

As a result of the ITC's final determination, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all relevant entries of off-road tires from India, which specifically excludes merchandise exported and produced by BKT. Antidumping duties will be assessed on unliquidated entries of off road tires from India entered, or

withdrawn from warehouse, for consumption on or after February 2, 2017, the date of publication of the *Amended Final Determination*.⁵

Continuation of Suspension of Liquidation, in Part

In accordance with section 735(c)(1)(B) of the Act, the Department will instruct CBP to continue to suspend liquidation on all relevant entries of off road tires from India. These instructions suspending liquidation will remain in effect until further notice.

We will also instruct CBP to require cash deposits equal to the estimated weighted-average dumping margins indicated below. Accordingly, effective on the date of publication of the ITC's final affirmative injury determinations, CBP will require, at the same time as importers would normally deposit estimated duties on this subject merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins listed below.⁶ The all-others rate applies to all producers or exporters not specifically listed. For the purposes of determining cash deposit rates, the estimated weighted-average dumping margins for imports of subject merchandise from India have been adjusted for export subsidies found in the amended final determination of the companion countervailing duty investigation of this merchandise (*i.e.*, 4.72 percent).⁷

Because the estimated weighted-average dumping margin for BKT's producer and exporter combination is zero, the Department is directing U.S. Customs and Border Protection not to suspend liquidation of entries of subject merchandise where BKT acted as both the producer and exporter. Entries of subject merchandise exported to the United States by any other producer and exporter combination are not entitled to this exclusion from suspension of liquidation and are subject to the cash deposit rate for the all-others entity.

Estimated Weighted-Average Dumping Margins

The estimated weighted-average antidumping duty margin percentages are as follows:
