### Fresh Garlic From the People's Republic of China: Final Results of Fourth Expedited Sunset Review of the Antidumping Duty Order

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of this sunset review, the Department finds that revocation of the antidumping duty order on fresh garlic would be likely to lead to continuation or recurrence of dumping. The magnitude of the dumping margin likely to prevail is indicated in the "Final Results of Sunset Review" section of this notice.

**DATES:** Applicable August 7, 2017.

**FOR FURTHER INFORMATION CONTACT:**

Jacqueline Arrowsmith, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone 202-482-5255.

**SUPPLEMENTARY INFORMATION:**

#### Background

On April 3, 2017, the Department published the notice of initiation of the fourth sunset review of the antidumping duty order on fresh garlic from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>1</sup> The Department received a notice of intent to participate from the Fresh Garlic Producers Association and its individual members: Christopher Ranch LLC; The Garlic Company; Valley Garlic, Inc.; and Vessey and Company, Inc. (collectively, the domestic interested parties), within the deadline specified in 19 CFR 351.218(d)(1)(i). The domestic interested parties claimed interested party status under section 771(9)(C) of the Act as domestic producers and packagers of fresh garlic and a trade association whose members produce and process a domestic like product in the United States. The Department received an adequate substantive response to the notice of initiation from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). We received no responses from the respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR

<sup>1</sup> See *Initiation of Five-Year ("Sunset") Reviews*, 82 FR 16159 (April 3, 2017).

351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review of the order.

### Scope of the Order

The products subject to the antidumping duty order are all grades of garlic, whole or separated into constituent cloves, whether or not peeled, fresh, chilled, frozen, provisionally preserved, or packed in water or other neutral substance, but not prepared or preserved by the addition of other ingredients or heat processing. The differences between grades are based on color, size, sheathing, and level of decay.

The scope of the order does not include the following: (a) Garlic that has been mechanically harvested and that is primarily, but not exclusively, destined for non-fresh use; or (b) garlic that has been specially prepared and cultivated prior to planting and then harvested and otherwise prepared for use as seed.

The subject merchandise is used principally as a food product and for seasoning. The subject garlic is currently classifiable under subheadings 0703.20.0000, 0703.20.0005, 0703.20.0015, 0703.20.0010, 0703.20.0020, 0703.20.0090, 0710.80.7060, 0710.80.9750, 0711.90.6000, 0711.90.6500, 2005.90.9500, 2005.90.9700 and 2005.99.9700 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive. In order to be excluded from the antidumping duty order, garlic entered under the HTSUS subheadings listed above that is (1) mechanically harvested and primarily, but not exclusively, destined for non-fresh use or (2) specially prepared and cultivated prior to planting and then harvested and otherwise prepared for use as seed must be accompanied by declarations to U.S. Customs and Border Protection to that effect.

### Analysis of Comments Received

All issues raised in this review are addressed in the Issues and Decision Memorandum,<sup>2</sup> the likelihood of

continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order is revoked. Parties can find a complete discussion of all issues raised in this review and corresponding recommendations in the Issues and Decision Memorandum, which is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov/login.aspx> in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

### Final Results of Review

We determine that revocation of the antidumping duty order on fresh garlic from the PRC would be likely to lead to continuation or recurrence of dumping. We determine that the weighted-average dumping margin likely to prevail is a margin up to 376.67 percent.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: August 1, 2017.
