SUPPLEMENTARY INFORMATION:

Background

On April 10, 2017, based on timely requests for review of 55 companies by the Ad Hoc Shrimp Trade Action Committee (the petitioner)¹ and of 88 companies by the American Shrimp Processors Association (ASPA)² and various Vietnamese companies,³ the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on certain frozen warmwater shrimp from Vietnam covering the period February 1, 2016, through January 31, 2017.⁴

On July 7, 2017, Soc Trang Seafood Joint Stock Company withdrew its request for administrative review.⁵ On July 7, 2017, the petitioner and ASPA withdrew their respective requests for an administrative review of Soc Trang Seafood Joint Stock Company and its various name iterations, as were listed in the *Initiation Notice*.⁶ Subsequently, on July 10, 2017, the petitioner and ASPA also withdrew their respective requests for administrative review of Quoc Viet Seaproducts Processing Trading and Import-Export Co., Ltd., Viet I-Mei Frozen Foods Co., Ltd., and Seavina Joint Stock Company and their various name iterations, as were listed in the *Initiation Notice*.⁷ On July 10, 2017, Quoc Viet Seaproducts Processing Trading and Import-Export Co., Ltd. and Viet I-Mei Frozen Foods Co., Ltd. withdrew their respective requests for an administrative review; there are no remaining review requests on the record with respect to these companies.⁸ Additionally, because Seavina Joint Stock Company did not request a review

of itself, there are no remaining review requests for Seavina Joint Stock Company.

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. Because the petitioner, ASPA, and the individual companies all withdrew their requests for administrative review within 90 days of the date of publication of the *Initiation Notice*, and no other interested party requested a review of these companies, the Department is rescinding this review with respect to these companies, in accordance with 19 CFR 351.213(d)(1).⁹ The administrative review remains active with respect to all other companies for whom a review was initiated.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period February 1, 2016, through January 31, 2017, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice in the **Federal Register**, if appropriate.

Glycine From the People's Republic of China: Preliminary Results of Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On November 17, 2016, the Department of Commerce (the Department) initiated a changed circumstances review (CCR) of the antidumping duty order on glycine from the People's Republic of China (PRC). The Department preliminarily determines that Salvi Chemical Industries Ltd. (Salvi) is eligible to participate in a certification process, because Salvi has demonstrated that glycine produced by Salvi is no longer processed from Chinese-origin glycine. Interested parties are invited to comment on these preliminary results.

DATES: Effective August 11, 2017.

FOR FURTHER INFORMATION CONTACT:

Madeline Heeren, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-9179.

SUPPLEMENTARY INFORMATION:

Background

On December 10, 2012, the Department published its final anti-circumvention inquiry determination, where the record indicated that Salvi was processing Chinese glycine and

labeling it to be of Indian origin.¹ The Department determined that glycine processed in India of Chinese origin does not change country of origin, and, therefore, Salvi had circumvented the *Order*.² As part of our determination, we stated that Salvi could not take part in a certification process, whereby Salvi's importers could certify that they had not imported Chinese-origin glycine and would not be subject to the antidumping duty rate for Chinese glycine.³ Additionally, we stated that Salvi could also request a CCR if it could show that its exports of glycine to the United States were not processed from Chinese-origin glycine.⁴ On July 18, 2016, the Department received a request from Salvi to initiate a CCR in order for the Department to determine that the glycine produced by Salvi is no longer processed from Chinese-origin glycine.⁵ Additionally, Salvi requested that the Department determine that importers of glycine from Salvi are eligible to participate in a certification process.⁶ On November 16, 2017, the Department initiated this CCR, pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended, (the Act) and 19 CFR 351.216(d), upon finding that there is sufficient information to warrant a review of the *Order*.⁷

Scope of the Order

The product covered by this antidumping duty order is glycine, which is a free-flowing crystalline material, like salt or sugar. Glycine is produced at varying levels of purity and is used as a sweetener/taste enhancer, a buffering agent, reabsorbable amino acid, chemical intermediate, and a metal complexing agent. This proceeding includes glycine of all purity levels.

Glycine is currently classified under subheading 2922.49.4020 of the Harmonized Tariff Schedule of the United States (HTSUS).⁸ Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise under the order is dispositive.⁹

Methodology

We are conducting this CCR in accordance with section 751(b)(1) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.¹⁰ A list of topics in the Preliminary Decision Memorandum is included as an appendix to this notice.

The Preliminary Decision Memorandum is a public document and is made available to the public *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and is available to all parties in the Department's Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of the Changed Circumstances Review

We preliminarily determine that, since the *Circumvention Notice* and Final Scope Ruling were issued, Salvi has demonstrated that glycine produced by Salvi is no longer processed from Chinese-origin glycine.

If the Department upholds these preliminary results in the final results, we will notify U.S. Customs and Border Protection and allow Salvi's importers of subject merchandise to certify that the glycine being produced and

⁸ In separate scope rulings, the Department determined that: (a) D(-) Phenylglycine Ethyl Dane Salt is outside the scope of the order and (b) PRC-glycine exported from India remains the same class or kind of merchandise as the PRC-origin glycine imported into India. See *Notice of Scope Rulings and Anticircumvention Inquiries*, 62 FR 62288 (November 21, 1997) and *Circumvention Notice*, respectively.
