### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA-2017-0355; Airspace Docket No. 17-AGL-12]

#### Amendment of Class D and E Airspace; Mosinee, WI

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule, correction.

**SUMMARY:** This action corrects a final rule published in the **Federal Register** of August 3, 2017 that modifies Class D and E airspace at Central Wisconsin Airport, Mosinee, WI, to accommodate new standard instrument approach procedures for instrument flight rules (IFR) operations at the airport. The FAA identified that, in the Class E airspace area extending upward from 700 feet above the surface, the Wausau VORTAC was not removed as a result of the decommissioning of the Mosinee outer marker (OM) and Danci locator outer marker (LOM) and cancellation of the associated approaches.

**DATES:** Effective 0901 UTC, August 24, 2017. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

#### SUPPLEMENTARY INFORMATION:

#### History

The FAA published a final rule in the **Federal Register** (82 FR 36078, August 3, 2017) Docket No. FAA-2017-0355, modifying Class D airspace and Class E

airspace at Central Wisconsin Airport, Mosinee, WI.

Subsequent to publication, The FAA found that the Wausau VORTAC was inadvertently left in the airspace description in Class E airspace extending upward from 700 feet above the surface. The segment that contained the Mosinee outer marker and Danci locator outer marker, associated with the VORTAC, has been removed due to the decommissioning of these navigation aids and, therefore, removes the need for the Wausau VORTAC. This action makes the correction.

Class D and E airspace designations are published in paragraph 5000, 6002 and 6005, respectively, of FAA Order 7400.11A, dated August 3, 2016, and effective September 15, 2016, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

#### Availability and Summary of Documents for Incorporation by Reference

#### SUPPLEMENTARY INFORMATION:

##### History

FAA Order 7400.11A, Airspace Designations and Reporting Points, effective September 15, 2016, listed Class A, B, C, D and E airspace areas; air traffic service routes; and reporting points. Due to the length of these descriptions, the FAA requested approval from the Office of the Federal Register to incorporate the material by reference in the Federal Aviation Regulations section 71.1, effective September 15, 2016, through September 15, 2017. During the incorporation by reference period, the FAA processed all proposed changes of the airspace listings in FAA Order 7400.11A in full text as proposed rule documents in the **Federal Register**. Likewise, all amendments of these listings were published in full text as final rules in the **Federal Register**. This rule reflects the periodic integration of these final rule amendments into a revised edition of Order 7400.11B, Airspace Designations and Reporting Points. The Director of the Federal Register has approved the incorporation by reference of FAA Order 7400.11B in section 71.1, as of September 15, 2017, through September 15, 2018. This rule also explains the procedures the FAA will use to amend the airspace designations incorporated by reference in part 71. Sections 71.5, 71.15, 71.31, 71.33, 71.41, 71.51, 71.61, 71.71, and 71.901 are also updated to reflect the incorporation by reference of FAA Order 7400.11B.

##### Availability and Summary of Documents for Incorporation by Reference

This document incorporates by reference FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017, in section 71.1. FAA Order 7400.11B is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order 7400.11B lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

##### The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 to reflect the approval by the Director of the Federal Register of the incorporation by reference of FAA Order 7400.11B, effective September 15, 2017, through September 15, 2018. During the incorporation by reference period, the FAA will continue to process all

proposed changes of the airspace listings in FAA Order 7400.11B in full text as proposed rule documents in the **Federal Register**. Likewise, all amendments of these listings will be published in full text as final rules in the **Federal Register**. The FAA will periodically integrate all final rule amendments into a revised edition of the Order, and submit the revised edition to the Director of the Federal Register for approval for incorporation by reference in section 71.1.

##### Regulatory Notices and Analyses

The FAA has determined that this action: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. This action neither places any new restrictions or requirements on the public, nor changes the dimensions or operation requirements of the airspace listings incorporated by reference in part 71.
